Loan Facilities

Convertible Loan Facility – Ratel Growth

In April 2025, the Company entered into an agreement with Ratel Growth Pty Ltd (**Ratel Growth**), a company of which former Director Mr Thomas Borman is the controlling shareholder, who provided an unsecured \$A2.0 million loan facility (**Ratel Loan Facility**). Under the terms of the Ratel Loan Facility, the loan amount, interest and any amount capitalised under the Ratel Loan Facility will be automatically set off against the amount to be paid by Ratel Growth for the issue and allotment of ordinary shares in Orion (Shares) to Ratel Growth under any capital raising undertaken by Orion on or before the repayment date of 31 August 2025 (subject to any Orion shareholder approval, if required). The loan is unsecured and interest rate of 12% is payable.

Loan Facility – Tarney Holdings

On 23 June 2025, the Company entered into a loan agreement with Tarney Holdings Pty Ltd (**Tarney Holdings**), an entity associated with Orion's Chairman, Mr Waddell. The loan agreement was for \$A0.5 million, unsecured, interest rate of 10% and repayable on or before 30 September 2025.

At Quarter end, the Ratel Loan Facility was full drawn and the balance was \$A2.05 million (including interest). The Tarney Holdings loan facility balance at Quarter end was \$A0.4 million with \$A0.1 million available to drawn down.

Post Quarter end, on the 8 July 2025 the Company announced both Ratel Growth and Tarney Holdings had agreed to converted their loans to Shares in Orion (refer ASX/JSE releases 8 July 2025, 14 July 2025 and 28 July 2025).

IDC Loan

On 14 November 2022, Orion announced that it had entered into definitive agreements with the Industrial Development Corporation of South Africa Limited (**IDC**) in terms of which the IDC acquired 43.75% of the issued ordinary shares in New Okiep Mining Company Proprietary Limited (**NOM**) and triggered pre-development funding arrangements for the Flat Mines SAFTA area (**Flat Mines Project**).

The IDC funding of pre-development costs in the aggregate amount of ZAR71.88M (~\$A6.12M) has been advanced to NOM as a shareholder loan on the same terms as the Orion pre-development shareholder loan of ZAR92.42M (~\$A7.87M) already advanced to NOM. The shareholder loans are unsecured, and interest free until such time as the Flat Mines Project commences commercial production and will be repaid when NOM is in a financial position to make repayment.

At Quarter end, the facility was fully drawn down and the IDC loan balance was ZAR78.32M (~\$A6.8M).

IDC Convertible Loan

In February 2023, Orion entered into a definitive agreement with the IDC for a ZAR250M (~\$A20M) senior secured convertible loan facility (**Convertible Loan**) to fund early mining works and key pre-development activities at the Prieska Copper Zinc Mine.

The IDC Convertible Loan is secured by first ranking security in favour of the IDC (shared with Triple Flag) given by Prieska Copper Zinc Mine (Pty) Ltd (**PCZM**) (a majority-owned subsidiary of Orion) and other obligors over certain of their assets and claims related directly and indirectly to the Prieska Copper Zinc Mine.

The IDC Convertible Loan incurs interest at the South African prime rate +3.5% and is secured. The Convertible Loan does not have a fixed repayment date however, the IDC does have an option to convert to equity.

In the event that the Early Production Plan DFS results in a positive outcome and a decision is taken to commence with the development of the Early Mining Plan, the IDC Secured Convertible Loan (including capital and accrued interest) can be converted at their election into equity and an unsecured shareholder loan in PCZM Holdco Proprietary Limited (a wholly-owned subsidiary of Orion) (**PCZM Holdco**). The IDC shareholding and shareholder loan shall be in proportion to Agama Exploration & Mining Proprietary Limited's (a wholly owned subsidiary of Orion) existing equity and shareholder loan claims against PCZM Holdco at the date of conversion and utilising a pre-money enterprise value for PCZM of ZAR1.2 billion.

At Quarter end, the IDC Convertible Loan balance was ZAR250M (~\$A21.7M) (excluding interest).

Triple Flag Early Funding Arrangement (Gross Revenue Return)

In December 2022, Orion entered into a definitive agreement with Triple Flag, for a \$A10M Early Funding Arrangement, with this funding to be made available to Orion to complete the Feasibility Study for the mining of the crown and remnant pillars down to the 385m level at PCZM and the simultaneous commissioning and operating of pumping and water treatment facilities, to allow dewatering of the PCZM mine.

Under the terms of the Funding Arrangement, PCZM and other obligors have granted a first ranking security in favour of Triple Flag over certain assets and claims.

The Triple Flag Early Funding Arrangement is advanced against future calculated payments equal to 0.8% of gross revenue from future mineral sales. The funding is non-interest bearing and is not repayable, other than any calculated payments to be made from future minerals sales as noted.

At Quarter end, the Triple Flag \$A10M Early Funding Arrangement was fully drawn.

Refer to Orion's June 2025 Quarterly Activities Report for further detail.
