

Market Announcement

21 July 2025

Elsight Limited (ASX: ELS) – Trading Halt

Trading in the securities of Elsight Limited ('ELS') will be halted at the request of ELS, pending the release of an announcement by ELS.

Unless ASX decides otherwise, the securities will remain in trading halt until the earlier of:

- the commencement of normal trading on Wednesday, 23 July 2025; or
- the release of the announcement to the market.

ELS's request for a trading halt is attached below for the information of the market.

Request for Trading Halt

Elsight Limited (ASX: ELS) (“Elsight” or the “Company”), requests that its securities be placed in a trading halt from the commencement of trading today, Monday, 21 July 2025, pursuant to ASX Listing Rule 17.1.

The trading halt is requested as Elsight expects to make an announcement to the ASX in connection with an equity capital raising.

The Company requests that the trading halt remain in place until the earlier of:

- an announcement being made to the ASX in relation to the outcome of the equity capital raising; or
- the commencement of trading on Wednesday, 23 July 2025.

The Company is not aware of any reason why the trading halt should not be granted by the ASX or any other information which needs to be disclosed to the market at the time of seeking the trading halt.

Please contact the Company Secretary if you require further information in relation to the above.

Yours sincerely,

Mark Licciardo
Company Secretary

Authorised for release by the Board of Directors of Elsight Limited.

-ENDS-

About Elsight (ASX:ELS)

Elsight's (www.elsight.com) flagship product, the Halo, uses AI-based multi-link bonding to provide the most robust connectivity for drones and other unmanned systems. By adding cellular communications aggregated with satellite and RF communications, the Halo is 99.99% reliable and cyber secured. With options for less than a 100-gram card or a boxed ground version, the Halo provides continuous connectivity even in the most challenging areas for stationary, portable, or actively mobile situational requirements. Elsight's products serve many vertical markets leveraging UAV and UAS technologies including the military, HLS, public safety, delivery, medical, oil and gas, utilities, inspections, surveillance and others. Elsight was founded in 2009.
