**ASX RELEASE****VECTION SECURES A \$7.2m DEFENCE ORDER EXTENSION**

Vection Technologies Ltd (ASX:VR1, OTC:VCTNY, FRA: S1X), ("Vection" or the "Company"), the INTEGRATEDXR<sup>®</sup> company, is pleased to announce it has secured a defence order valued at \$7.2m under its existing defence program for a European client, delivering its AI product under this award.

Following the customer order announced to the ASX on 30 Jun 2025 ('Vection delivers \$4.4m defence order'), this extension was approved under the client's annual delivery plan, which contains another budgeted \$19m<sup>1</sup> to be awarded between FY27-FY29 for this vertical alone.

**HIGHLIGHTS:**

- \$7.2m follow-up order secured for the delivery of Vection's AI products (with no termination rights for the client).
- Reinforces Vection's position as the incumbent partner within the multi-year defence client's digital transformation initiative.
- Order builds on the successful delivery of prior contracts exceeding \$10m in value.
- Order supports repeatable structure for additional extension orders in future fiscal years (FY27–FY29) under the client's approved budget of \$19m for this vertical alone.
- Vection expects to deliver this contract from its existing resources, without incurring any additional costs.

**OVERVIEW**

This order marks the next phase in the multi-year collaboration between Vection and its defence client, reaffirming Vection's position as a key provider of solutions across various defence domains.

Issued under the client's current annual delivery plan, this extension order aligns with the client's strategy for consistent rollouts from FY26 to FY29 under an approved budget with \$19m remaining in this vertical alone.

The Company expects to recognise as revenue \$5.4m in FY26 and \$1.9m in Q1 FY27 from this award.

Additional orders of similar scope and value are expected to FY29, contingent on successful execution and meeting ongoing performance metrics.

There are no termination rights for the client regarding this total award.

Gianmarco Biagi, Managing Director of Vection Technologies, commented: *"This follow-up award reflects both operational excellence and continued customer trust in our technologies. We look forward to continuing to work as a key defence partner and in continuing our expansion success in this key vertical for Vection."*
