# QUARTERLY ACTIVITIES REPORT

FOR THE THREE MONTHS ENDING 30 JUNE 2025

Perth, Western Australia –  $31^{st}$  July 2025 – Oil and gas producer, Stonehorse Energy Limited (**ASX:SHE**) (**Stonehorse** or the **Company**) is pleased to present this Quarterly Report for the quarter ended  $30^{th}$  June 2025.

## **Operational Highlights:**

The consolidated financial results across the Stonehorse group entities: Stonehorse Energy Limited (SHE), Stonehorse Canada Corporation (SCC), and Lone Star Energy Limited (LSE) for the Quarter ending 30<sup>th</sup> June 2025 reflect a steady operational performance, primarily driven by the above forecast production numbers of Canadian operations.

#### **Key Financial Highlights**

#### **Income from Operations:**

The majority of group revenues continue to be generated offshore in line with the corporate strategy of focusing on growing production revenues in Canada and supported by seasoned production revenues from the US portfolio.

The Canadian assets generated cash of AUD555,000 for the Quarter, down on forecast due to lower than forecasted oil and gas prices.

The US oil and gas well portfolio production numbers were in line with expectations however the quarterly results continued to be negatively impacted by reduced production from the Burgess well due to required work-over maintenance and the discovery of a DCP line leak that affected the Jewell well production. Stonehorse's US portfolio generated cash of approximately AUD321,000 of production revenue for the quarter.

Total cash and cash equivalents at the end of the June quarter was approximately AUD6.4m.

# **Operating Expenses**

Stonehorse Canada reported operating expenses associated with personnel, travel, and overheads in line with business development activity.US operations costs were more moderate, and consistent with a mature portfolio of producing assets. Stonehorse Australia maintained low overheads, consistent with its approach to contracting in technical expertise associated with reporting governance when required.

# Net Surplus / Deficit

The Stonehorse Group shows healthy net surpluses before amortisation, tax and FX translation adjustment across all operating entities, except for any intercompany adjustments or non-cash write-downs that may be recorded later in the year. A more detailed reconciliation will be available upon finalisation of year-end adjustments and audit.

# **Corporate Activities**

Stonehorse Canada continues to drive a number of business development initiatives across the Western Canadian Sedimentary Basin. Our focus has been traditional investment in non-operated new drill and work-over wellbore opportunities, and assessing corporate M&A opportunities within the Canadian E&P landscape.

The team is currently working on multiple opportunities in parallel and anticipates finalising partnership arrangements 1H FY2026.

Although a challenged price environment the Company see this as an opportune time to invest and grow our business in Canada.

On the 17<sup>th</sup> June 2025 the Company reported the resignation of Mr Jay Stephenson as a Nonexecutive Director and Company Secretary. The Board announced the appointment of Mr Nicholas Ong to replace Mr Stephenson as a Non-executive Director and Company Secretary of the Company. Nicholas brings a wealth of experience in listing compliance and corporate governance. The Company thanked Mr Stephenson for his commitment and valuable contribution to the Company.

# **Operational Activities**

### **Canadian Assets**

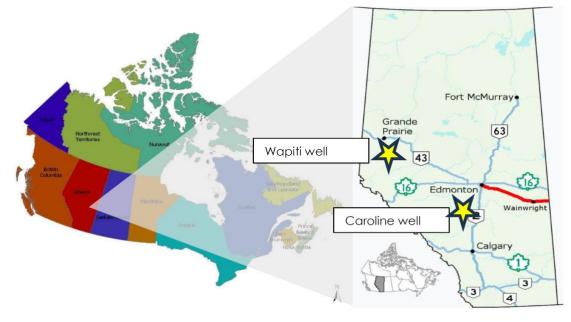

Figure 1: Location of the Caroline and Wapiti wells located in central Alberta, CA.

Stonehorse's Canadian working interests in oil and gas wells generated approximately 24,304 BOE or 267 BOE per day for the second quarter of 2025. The Caroline Hz 103 well continues to outperform expectations at 15% above forecast and has produced 258 BOEPD for the second quarter of 2025 (97% of Stonehorse Canada's production).

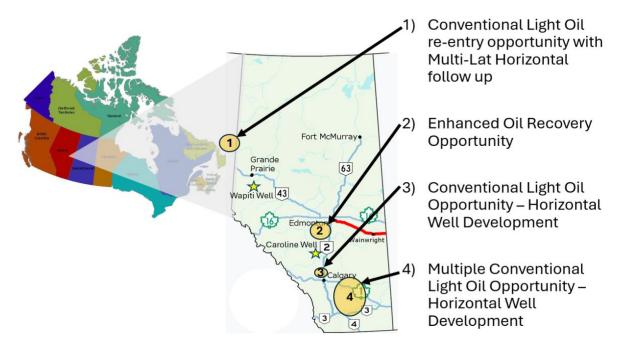

Figure 2: Areas of interest that the Business Development Team is actively engaged in light oil opportunities.

## **UNITED STATES ASSETS**

Stonehorse's US portfolio of working interests in oil and gas wells generated approximately 50,000 BOE for the June Quarter.

Production from the Burgess 28-1 well was negatively impacted as a consequence of the recent well shut-in due to a workover requirement caused by paraffin build-up in the well.

Production from the Jewell well was also curtailed over the quarter as a result of the discovery of a a DCP line leak that affected the Jewell well production. Both these issues have now been rectified, and it is expected that both wells will return to previous production levels.

# **Australian Asset**

Stonehorse holds a 25% Working Interest in the Myall Creek-2 asset located in the Surat Basin, SE Queensland. In response to recent management and strategic changes within the asset operator and farm-in partner ADZ Energy, the Company has requested (through its JV partner AL investor Co) and is awaiting confirmation of the status of the existing Farm-in Agreement and timing of the proposed remediation and workover operations planned for Myall Creek-2.

8.8	If item 8.7 is less than 2 quarters, please provide answers to the following questions:		
	8.8.1 Does the entity expect that it will continue to have the current level of net operating cash flows for the time being and, if not, why not?		
	Answe	er: N/A	
	8.8.2 Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?		
	Answer: N/A		

8.8.3 Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?

Answer: N/A

Note: where item 8.7 is less than 2 quarters, all of questions 8.8.1, 8.8.2 and 8.8.3 above must be answered.

## **Compliance statement**

- 1 This statement has been prepared in accordance with accounting standards and policies which comply with Listing Rule 19.11A.
- 2 This statement gives a true and fair view of the matters disclosed.

31 July 2025

Date:

Authorised by: ......By the Board...... (Name of body or officer authorising release – see note 4)

#### Notes

- This quarterly cash flow report and the accompanying activity report provide a basis for informing the market about the entity's activities for the past quarter, how they have been financed and the effect this has had on its cash position. An entity that wishes to disclose additional information over and above the minimum required under the Listing Rules is encouraged to do so.
- 2. If this quarterly cash flow report has been prepared in accordance with Australian Accounting Standards, the definitions in, and provisions of, AASB 6: Exploration for and Evaluation of Mineral Resources and AASB 107: Statement of Cash Flows apply to this report. If this quarterly cash flow report has been prepared in accordance with other accounting standards agreed by ASX pursuant to Listing Rule 19.11A, the corresponding equivalent standards apply to this report.
- 3. Dividends received may be classified either as cash flows from operating activities or cash flows from investing activities, depending on the accounting policy of the entity.
- 4. If this report has been authorised for release to the market by your board of directors, you can insert here: "By the board". If it has been authorised for release to the market by a committee of your board of directors, you can insert here: "By the [name of board committee – eg Audit and Risk Committee]". If it has been authorised for release to the market by a disclosure committee, you can insert here: "By the Disclosure Committee".
- 5. If this report has been authorised for release to the market by your board of directors and you wish to hold yourself out as complying with recommendation 4.2 of the ASX Corporate Governance Council's Corporate Governance Principles and Recommendations, the board should have received a declaration from its CEO and CFO that, in their opinion, the financial records of the entity have been properly maintained, that this report complies with the appropriate accounting standards and gives a true and fair view of the cash flows of the entity, and that their opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.
