**July 31<sup>st</sup>, 2025:** Harvest Technology Group Limited (ASX:HTG) (**Company, Harvest, Group**) is pleased to provide its quarterly Activity Report and Appendix 4C for the June 2025 quarter.

### OPERATIONS

Key operational highlights for the Q4 FY2025 quarter include:

- Appointment of Hugh Bickerstaff as Sales and Marketing Director and Strategic Advisor to the Group. Hugh is a highly experience mentor in Australia's technology industry with first-hand experience in founding, scaling and working with some of Australia's most successful and fastest growing technology companies.
- Commenced project Neon, an Edge AI-enabled solution designed to enhance real-time decision making and operational efficiency in remote environments.

Announcement to ASX  
ASX Code: HTG

- Secured two new subsea services customers with initial hardware sales and software subscriptions scheduled to commence in Q1 FY26.
- Expanded deployment across an existing customer fleet generating additional hardware sales and an uplift in recurring software subscriptions expected from Q1 FY26.
- Continued engagement with a European defence customer via our Australian channel partner, providing product along with development and deployment services.
- Began a rollout of Nodestream technology into a new Uncrewed Surface Vessel fleet to be deployed in the Middle East.
- Successfully integrated Autopilot and Nodestream systems into a single, IP-rated hardware enclosure. This robust, weatherproof design is now fully suitable for deployment on autonomous vehicles and maritime vessels, simplifying field installation and reducing equipment footprint.
- Delivered significant improvements to the Nodestream platform, with a focus on enhancing data throughput and user interaction. The number of optional active data channels has been doubled from 10 to 20, enabling more complex and data-intensive operations. Additionally, the user interface has been completely overhauled to provide a more intuitive and efficient user experience.
- Introduced a comprehensive user permissions framework within Nodestream Live, allowing operators to exercise granular control over team members and client access. This enhancement supports more secure, scalable, and collaborative project workflows across distributed teams.

## CASH RESOURCES

The Company reported a cash balance of \$723k on June 30, 2025. The overall net cash inflow for the quarter was \$127k.

Significant cash movements during the quarter included:

8.6.2 Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?

Answer:

Subsequently in July 2025, the Group raised further fundings, refer to the Activity Report as above.

The Company continues to closely monitor its cash position and the range of funding options available. On the basis of its 3-Year Pathway to Profit strategy, latest sales forecast and R&D incentive claim, the Company remains confident it has adequate cash reserves.

8.6.3 Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?

Answer:

Yes - the Company is confident based on its 3-Year Pathway to Profit strategy, latest cash flow forecasts, latest sales orders and growing sales pipeline that it will continue to meet its business objectives and continue its operations.

*Note: where item 8.5 is less than 2 quarters, all of questions 8.6.1, 8.6.2 and 8.6.3 above must be answered.*
