QUARTERLY UPDATE ON ACTIVITIES FOR THE 3 MONTH PERIOD ENDED 30 JUNE 2025

HIGHLIGHTS

- **Maiden operating cash profit anticipated in full year results achieved within 12 months of restructure to a merchant capital business**
- **Successful establishment of our 3 stand-alone Business Divisions: Corporate Advisory, Funds Management, and Treasury**
- **Corporate Advisory executed on 3 transactions with internally developed operational systems and infrastructure**
- **Strong balance sheet with continued step change in the duration, liquidity and strategic profile of the investment portfolio**
- **Strong pipeline of opportunities in place to continue on our execution pathway**

Powerhouse Ventures Limited (**ASX: PVL**) (**PVL or the Powerhouse Group**), a high conviction, speciality investment house, is pleased to present its quarterly activities report and appendix 4C for the 3 months ended 30 June 2025. As with all ASX quarterly commentaries and particularly one coinciding with the end of a financial year, we note that the financial analysis remains subject to confirmation through the full year auditing and reporting process.

PVL GROUP FINANCIAL HIGHLIGHTS:

We anticipate reporting our first operating cash profit for the 2025 financial year of over **\$350k** (up from prior guidance of over \$200k), driven by the successful establishment of our 3 stand-alone Business Divisions: Corporate Advisory, Funds Management, and Treasury. Our prior year 2024 operating cash result was a loss of (\$426k), so we are very pleased to be developing a profitability profile and cash independence for the benefit of our current shareholders.

The Powerhouse Group's treasury position at 30 June 2025 was **\$2.82m**, comprising cash of **\$2.39m**, with no debt, in addition to **\$2.46m** (unaudited) of ASX-listed assets. This is compared to 30 June 2024 cash and treasury of \$2.44m and \$0.78m of ASX-listed assets.

Underpinning our business activities, and their capacity for profit generation, is our balance sheet management, which is undertaken by the Treasury Division. The Powerhouse Group's Balance Sheet as at 30 June posted **Net Tangible Assets of \$16.5m** (unaudited) representing a **49% increase** from \$11.1m as at 30 June 2024. We analyse our balance

sheet composition and activities during the Quarter in the Treasury Division Progress Update below.

We provide guidance that our 30 June **NTA per share** (unaudited) increased to approximately **10.3 cents per share**.

TREASURY DIVISION PROGRESS UPDATE:

The Treasury Division's twin focuses are to (1) help the strategic expansion of the Powerhouse Group's client-facing Business Divisions, being Corporate Advisory and Funds Management; and (2) execute a methodical and robust step change in the duration, liquidity and strategic profile of the Powerhouse Group's balance sheet, all the while earning above market returns by capturing appropriately our high conviction opportunity set.

Referencing the gross value of our 30 June 2025 investment assets of \$16.8m, over 30% is of it is held in cash and ASX listed securities, with less than 70% being held in longer-term, non-listed investments. In dollar terms \$5.3m is in treasury, cash and listed securities, with \$11.5m held in non-listed.

	Jun-24	Sep-24	Dec-24	Mar-25	Jun-25
Cash & Treasury	\$2,440,264	\$1,959,344	\$2,078,051	\$2,866,573	\$2,821,847
Listed	\$664,631	\$940,118	\$898,834	\$2,064,710	\$2,464,304 (370% increase YoY)
Non-listed	\$7,884,859	\$8,491,496	\$11,265,410	\$11,489,170	\$11,509,091 (46% increase YoY)
Total Cash & Investments	\$10,989,754	\$11,390,958	\$14,242,295	\$16,420,454	\$16,795,242 (53% increase YoY)

CORPORATE ADVISORY DIVISION PERFORMANCE:

Our newly established Corporate Advisory division, Powerhouse Advisory Australia, delivered a successful inaugural quarter. The division's performance validates our high conviction merchant capital model where we invest alongside the capital raising and put "*our money where our mouth is*" with participation from either (and often both) our Treasury or Funds Management divisions.

With this model, we selectively partner with companies that align with our high conviction criteria:

- asset classes that have a strong macro thematic;
- aligned and experienced management teams;
- asymmetric (risk on the upside) return profile; and
- clearly defined re-rating catalysts.

Key transactions for the quarter where the Powerhouse Group both acted as a cornerstone investor and introduced key institutional and sophisticated investors to the respective registers for the first time:

- **Nordic Resources (ASX: NNL):** we acted as Placement Agent and Bookrunner to the heavily oversubscribed \$3.5 million placement, priced at a premium its last closing price.
- **Sarama Resources (ASX: SRR):** we acted as Sole Lead Manager, in an oversubscribed placement that was upsized to company's maximum placement capacity.
- **Janus Electric (ASX: JNS):** we participated in the reverse takeover as a cornerstone investor and introduced other key investors to the register.

Fees received for the Nordic Resources and Sarama Resources transactions noted above will be reflected in the September 2025 Quarter financials as placement settlement occurred after quarter end.

These transactions follow from our involvement in the successful re-listing of Metal Powder Works (ASX: MPW) as highlighted in our March Quarter update for which we earned some fees as scrip. During this Quarter, MPW continued to rally following its relisting with the stock up a further 445% during the quarter, bringing the total increase in share price increase to 890% since facilitating the reverse takeover.

To support our strong pipeline of opportunities and to scale the division efficiently without a proportional increase in overheads, we have developed robust and scalable marketing and client infrastructure and we are satisfied with how these are operating.

FUNDS MANAGEMENT DIVISION PERFORMANCE:

Aliwa Alpha Fund: The Aliwa Alpha Fund is the marquee first fund product managed by PVL's Fund Business Division. The fund had a slightly weaker quarter to end FY25 posting 0.80% during 4Q25, bringing full year performance to 3.76%. The performance in the fund reflected a tale of two halves, with a weaker first half impacted by some legacy portfolio positions, more than offset by a 7.7% return in the second half. For context, the ownership of Aliwa Funds Management was finalised at the end of 2024.

The fund has begun to see green shoots in the micro and nano-cap end of the market following a difficult 3 years in the sector. We expect the current resurgence in commodities given the rapid ai and data demand. We have also seen a recycling of capital from larger cap equities into smaller cap equities and further reduction in interest rates benefit the microcap equities market.

The Aliwa Alpha Fund will be conducting roadshows over the coming quarter with the intention of raising fresh capital into the Alpha Fund for the first time while under the PVL banner.

Burleigh Ventures - Interim Additional Investments: During the Quarter, we have negotiated terms on 2 more globally compelling portfolio investments in Quantum and Next Generation AI. These two investments will closely follow our Southern Launch spaceport investment (refer ASX announcement 24 March 2025) and should round out our planned

warehousing activity on the PVL balance sheet for the launch of the Critical Infrastructure Opportunities Fund. We have also reached indicative terms with a major cornerstone offshore technology company to become, in effect, a cornerstone limited partner for this Fund. We anticipate providing a more definitive update on our initiatives here in the next Quarter.

BOARD COMPOSITION

In light of the significant effort required to execute on the Critical Infrastructure Fund and Microcap Fund, the Board determined during the quarter that both Mr David McNamee and Mr Doron Eldar become executive directors of the company. There has been no material change to their service agreements and their remuneration will be reviewed as they assume more responsibilities consistent with their executive status which will ultimately include fixed and variable components.

CONCLUSION

We are pleased with the performance of each of operating business divisions of the Powerhouse Group and our maiden profit guidance. We are well-positioned to grow our profitability potential across our Business Divisions and continue look forward to measuring this expansion and reporting on it in our market updates going forward.

James Kruger
Executive Chairman
