ASX Announcement

SYDNEY, AUSTRALIA (31 July 2025)

Melbana Energy Limited (ASX: MAY) (**Melbana** or the **Company**) provides the following summary in relation to its activities during the quarter ended 30 June 2025.

Quarterly Activities Report - Period Ended 30 June 2025

HIGHLIGHTS

Cuba

Block 9 PSC (Melbana 30% participating interest and Operator)

- Continuous oil production commenced from Amistad-2 since mid-April; Crude inventory more than 22,000 barrels at period end.
- All civil works, permits and materials in place for drilling of Amistad-2 Block 9's first dedicated production well.
- Civil works for Amistad-3 largely complete and final drilling permits and materials were received at period end.

Corporate

\$5.1 million cash available at the end of the guarter.

CUBA: Block 9 PSC (Melbana 30%, Operator)

Alameda-2 Production Commenced

The workover of Alameda-2 concluded in early April. The well was shut-in whilst the rig was demobilised and opened to continuous production by mid-April.

A significant volume of completion brine and stimulation fluid (spent HCl acid) was lost to the reservoir during operations. At the end of the quarter substantially all fluids lost to the formation had been recovered to surface through production operations.

During the period, a total of 14,259 barrels of crude was produced and delivered to storage, bringing the closing crude inventory to 22,863 barrels.

Drilling Amistad-2

Final permits for the drilling of Amistad-2 were received and all civil works (construction of the well pad, access roads etc.) completed during the quarter. All non-rig equipment and materials have been received.

The well design for the Amistad –2 program incorporates all lessons learned to date to maximise the well's flow potential. Key amongst these lessons is intersecting as many fracture zones as possible, a significantly simplified open-hole completion design and use of a reservoir drilling fluid that doesn't damage the reservoir (which Melbana has developed and lab-tested specifically for this purpose).

Amistad-2 is to be drilled from Pad 9 (see Figure 1) in a southerly direction along the existing 2D seismic line and is designed to intersect the entire Unit 1B (Veloz Group, Amistad-sheet) reservoir in a favourable location for numerous interpreted fracture sets. The location is approximately 800 metres from and 200 metres updip of the successful Alameda-2 well.

Figure 1 – Production pad locations for the initial field development plan

Drilling Amistad-3

Preparations for the drilling of Amistad-3 are advanced. Civil construction of the well pad, rig-camp location and access roads are nearing completion and were awaiting final levelling and compaction at the end of the reporting period (see Figure 2). The Amistad-3 permit to drill was received and all necessary material drilling equipment arrived in Cuba during the quarter.

Figure 2 – Construction of pad for Amistad-3 nearing completion during the reporting period.

The Amistad-3 production well targets several interpreted fracture sets within the Unit 1B (Veloz Group, Amistad-sheet) oil reservoir. A total depth of 1625 metres MD is programmed, and aiming to be updip to the lowest known oil in this unit (see Figure 3). Amistad-3 is planned to immediately follow Amistad-2.

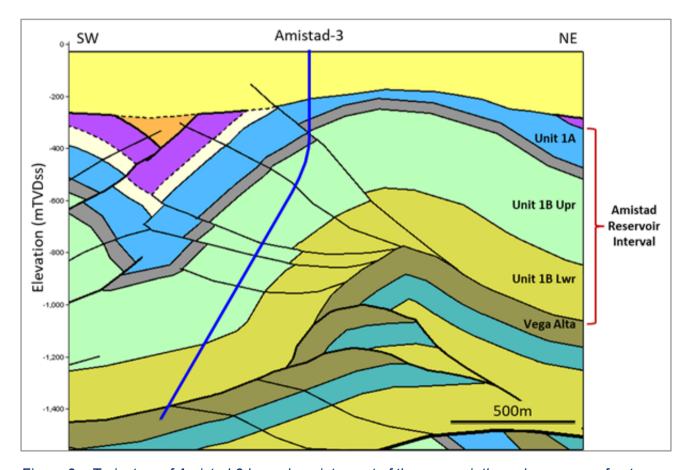

Figure 3 – Trajectory of Amistad-3 has a long intercept of the reservoir through numerous fractures.

AUSTRALIA: AC/P70 (Melbana 100%)

Marketing of the Company's interest to AC/P70 in the Ashmore Cartier Territory offshore north-western Australia continued during the quarter to prospective partners. Interest has been encouraging, given the existing infrastructure and planned activity surrounding the licence area and the contingent and prospective oil and gas resources the Company estimates¹ to exist therein.

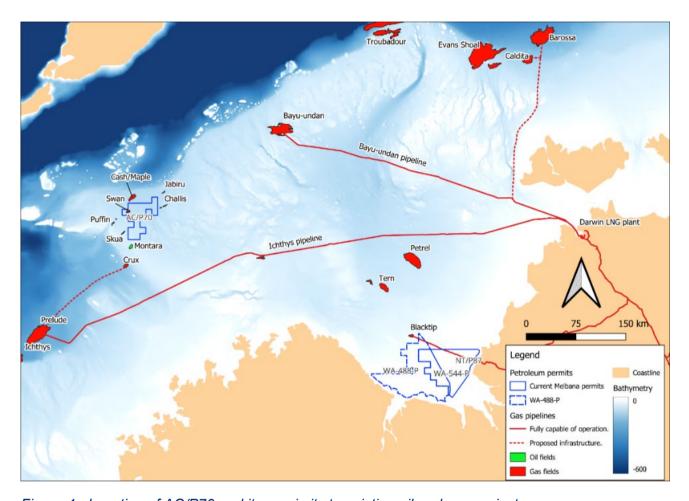

Figure 4 - Location of AC/P70 and its proximity to existing oil and gas projects.

HEALTH AND SAFETY

No lost time incidents occurred during the reporting period.

CORPORATE

Payments to related parties and their associates, totalling \$137,000 as outlined in Section 6 of the accompanying Appendix 5B, related to payment of directors' fees.

4

¹ See ASX announcement dated 26 February 2025.

The Company had total cash on hand of \$5.1 million as of 30 June 2025.

This announcement has been authorised for release to the ASX by the Board of MAY.

For and on Behalf of the Board of Directors: For further information please contact:

8.5	Unused fir	nance facilities available at quarter end (item 7.5)	16,281
8.6	Total avail	able funding (item 8.4 + item 8.5)	21,337
8.7	Estimated	d quarters of funding available (Item 8.6 divided by Item 8.3)	1.77
	Note: if the e	ntity has reported positive relevant outgoings (i.e. a net cash inflow) in item 8.3, answer item 8.7 as "N/A". Otherwise, a figure for the estimal n item 8.7	ted quarters of funding available must
8.8	If Item 8.7	is less than 2 quarters, please provide answers to the following questions:	
	8.8.1	Does the entity expect that it will continue to have the current level of net operating cash flows for the time being an	d, if not, why not?
	The substantial cash outflow this quarter resulted from payments to vendors for the previous drilling program. The next drilling program is scheduled Answer: to begin in the second half of the first quarter, with funds already called from the joint venture partner to finance that operation. The Company ended the quarter with \$5 million in cash reserves, sufficient to cover approximately four quarters of staff and administrative expenses.		
	Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?		
	Answer: The Company is advancing several active funding options to support upcoming drilling and field development activities. These are at various stages of progress, with one expected to conclude in Q1 2026.		
	8.8.3	8.8.3 Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?	
	Answer:	Yes based on the comments above	
	Note: where	item 8.7 is less than 2 quarters, all of questions 8.8.1, 8.8.2 and 8.8.3 above must be answered	

Compliance statement

- 1. This statement has been prepared in accordance with accounting standards and policies which comply with Listing Rule 19.11A.
- 2. This statement does give a true and fair view of the matters disclosed.

Date:	31 July 2025
Authorised by:	The Board of Melbana Energy Limited

Notes

- 1. The quarterly cash flow report and the accompanying activity report provide a basis for informing the market about the entity's activities for the past quarter, how they have been financed and the effect this has had on its cash position. An entity that wishes to disclose additional information over and above the minimum required under the Listing Rules is encouraged to do so.
- If this quarterly cash flow report has been prepared in accordance with Australian Accounting Standards, the definitions in, and provisions of, AASB 6: Exploration for and
 Evaluation of Mineral Resources and AASB 107: Statement of Cash Flows apply to this report. If this quarterly cash flow report has been prepared in accordance with other
 accounting standards agreed by ASX pursuant to Listing Rule 19.11A, the corresponding equivalent standard applies to this report.
- 3. Dividends received may be classified either as cash flows from operating activities or cash flows from investing activities, depending on the accounting policy of the entity.
- 4. If this report has been authorised for release to the market by your board of directors, you can insert here: "By the board". If it has been authorised for release to the market by a committee of your board of directors, you can insert here: "By the [name of board committee e.g. Audit and Risk Committee]". If it has been authorised for release to the market by a disclosure committee, you can insert here: "By the Disclosure Committee".
- 5. If this report has been authorised for release to the market by your board of directors, you can wish to hold yourself out as complying with recommendation 4.2 of the ASX Corporate Governance Council's Corporate Governance Principles and Recommendations, the board should have received a declaration from its CEO and CFO that, in their opinion, the financial records of the entity have been properly maintained, that this report complies with the appropriate accounting standards and gives a true and fair view of the cash flows of the entity, and that their opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.
