MANAGEMENT INFORMATION CIRCULAR
FOR THE
ANNUAL GENERAL MEETING
OF THE
SHAREHOLDERS
OF
CHAMPION IRON LIMITED

**To be held at 7:00 a.m. (Sydney time) on August 28, 2025
(which corresponds to 5:00 p.m. (Montréal time) on August 27, 2025)**

Dated as of July 22, 2025

YOUR VOTE AS A SHAREHOLDER IS IMPORTANT

PROXY SOLICITATION

This Management Information Circular (the “**Circular**”) is furnished in connection with the solicitation by management of Champion Iron Limited (“**Champion**” or the “**Company**”) of proxies to be used at the Annual General Meeting (the “**Meeting**”) of the shareholders of the Company (the “**Shareholders**”), to be held at **7:00 a.m.** [Sydney time] on August 28, 2025, which corresponds to **5:00 p.m.** [Montréal time] on August 27, 2025, and at any adjournments thereof, for the purposes set forth in the notice of the Meeting (the “**Notice**”) and explanatory statement (“**Explanatory Statement**” and collectively with the Notice, the “**Notice of Meeting**”) accompanying this Circular. The Meeting will be held at 1000 De La Gauchetière Street West, Suite MZ400, Montréal, Québec, H3B 0A2, Canada.

The Company is inviting all Shareholders and proxyholders to participate in the Meeting in person or by appointing a proxy to attend on your behalf. You will be able to listen to a livestream of the Meeting but you will not be able to vote or ask questions via the livestream. To listen to the livestream, go to <https://app.webinar.net/Vz0moEzrpb9>. A summary of the information Shareholders and proxyholders will need to attend the Meeting is provided below.

The Company has retained Kingsdale Advisors to provide a broad array of strategic advisory, governance, strategic communications, digital and investor campaign services on a global retainer basis in addition to certain fees accrued during the life of the engagement upon the discretion and direction of the Company. In addition, the Company has retained Sodali & Co. to assist in engaging with shareholders, globally, and also to provide additional services. The cost of these services is approximately A\$30,000, as well as certain other fees and disbursements. All costs of solicitation of proxies by management will be borne by the Company. In addition to the solicitation of proxies by mail, directors, officers and certain employees of the Company may solicit proxies personally by telephone or other means of telecommunication, but they will not receive additional compensation for doing so. The Company may also reimburse brokers and other persons holding ordinary shares of the Company (“**Ordinary Shares**”) in their name or in the name of nominees for their costs incurred in sending proxy material to their principals in order to obtain their proxies.

If you have any questions or need more information about voting your Ordinary Shares, please contact the Company’s strategic shareholder advisors and proxy solicitation agents, Kingsdale Advisors, by calling 1-866-581-0508 [toll free in North America], 1-437-561-5007 [call and text enabled outside North America], 1-800-155-612 [toll free in Australia] or by email at contactus@kingsdaleadvisors.com or Sodali & Co., by calling +61 2 8234 0128.

The information contained herein is given as of July 22, 2025, unless otherwise noted.

Publications and information on our website are not part of, and are not incorporated by reference in, this Circular.

This Circular describes the matters to be acted on at the Meeting and the procedures for attending or appointing proxies to vote at the Meeting.

VOTING INFORMATION

If your name appears on the certificate representing your Ordinary Shares or the register of members of the Company maintained by the applicable registry, you are a registered shareholder of the Company (a “**Registered Shareholder**”).

Your Ordinary Shares may be registered not in your name but in the name of an intermediary (which is usually a bank, trust company, securities dealer or stockbroker, or a clearing agency in which such an intermediary participates). If Ordinary Shares are listed in an account statement provided to you by a broker, then it is likely that those Ordinary Shares are not registered in your name, but under the broker’s name or under the name of a depository (such as The Canadian Depository for Securities Limited), the nominee for many Canadian brokerage firms. If your Ordinary Shares are registered in the name of an intermediary or a nominee, you are a non-registered, or beneficial, shareholder (a “**Non-Registered Owner**”, “**beneficial owner**” or “**beneficial shareholder**”).

There are two kinds of Non-Registered Owners: (i) those who object to their name being made known to the issuers of securities which they own, known as objecting beneficial owners (“**OB0s**”); and (ii) those who do not object to their name being made known to the issuers of securities which they own, known as non-objecting beneficial owners (“**NOB0s**”).

In accordance with Section 250JA of the *Corporations Act 2001* (Cth) (the “**Corporations Act**”) of Australia, the Company has determined that each vote on the business to be conducted at the Meeting will be conducted by way of a ballot. As such, each Shareholder is entitled to one vote on each resolution for each fully paid Ordinary Share held by such Shareholder.

If you have any questions or need more information about voting your Ordinary Shares, please contact the Company’s strategic shareholder advisors and proxy solicitation agents, Kingsdale Advisors, by calling 1-866-581-0508 [toll free in North America], 1-437-561-5007 [call and text enabled outside North America], 1-800-155-612 [toll free in Australia] or by email at contactus@kingsdaleadvisors.com or Sodali & Co., by calling +61 2 8234 0128.

MEETING MATERIALS

The Company has distributed, as applicable, copies of this Circular, the Notice of Meeting and the accompanying form of proxy (collectively, the **"Meeting Materials"**) directly to Registered Shareholders and NOBOs in Canada and to intermediaries for forward distribution to all OBOs and certain NOBOs outside Canada. Meeting Materials forwarded to beneficial shareholders will likely not include the Company's form of proxy but instead a voting instruction form ("**VIF**") [see below]. Intermediaries are required to deliver the Meeting Materials to beneficial shareholders of the Company and to seek instructions as to how to vote their Ordinary Shares. Brokers or agents can only vote the Ordinary Shares if instructed to do so by the beneficial shareholder.

OBOs and NOBOs outside Canada, who will receive materials from Broadridge (as defined below) or from their intermediaries, are asked to consider signing up for electronic delivery ("**E-delivery**") of the Meeting materials. E-delivery has become a convenient way to make distribution of materials more efficient and is an environmentally responsible alternative by eliminating the use of printed paper and the carbon footprint of the associated mail delivery process. Signing up is quick and easy, go to www.proxyvote.com and sign in with your 16-digit control number, vote for the resolutions at the Meeting and following your vote confirmation, you will be able to select the electronic delivery box and provide an email address. Having registered for electronic delivery, going forward you will receive your Meeting materials by email and will be able to vote on your device by simply following a link in the email sent by your financial intermediary, provided your intermediary supports this service.

The Company will assume the costs of mailing the Meeting Materials to the NOBOs and to the OBOs.

The Company intends to pay for intermediaries to deliver to OBOs the proxy-related materials and Form 54-101F7 – *Request for Voting Instructions Made by Intermediary* of National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* ("**NI 54-101**").

ACCESSING THE MEETING

Shareholders and duly appointed proxies can attend the Meeting in person.

Voting at the Meeting will only be available for Registered Shareholders and duly appointed proxies. Non-Registered Owners who have not been appointed as proxies may attend the Meeting in person but may not vote or submit questions.

Registered Shareholders and duly appointed proxyholders can vote at the appropriate times during the Meeting. Guests, including beneficial shareholders, can physically attend the Meeting but are not able to vote or submit questions.

Shareholders who wish to appoint a third-party proxy to represent them at the Meeting **must submit their form of proxy or voting instruction form (as applicable) prior to registering their proxy for attendance at the Meeting.**

All persons attending the Meeting in person are asked to arrive at least 20 minutes prior to the start of the Meeting so that their shareholding may be checked against the register of members of the Company maintained by the applicable registry, their proxy, power of attorney or appointment as corporate representative verified (as applicable) and their attendance noted.

REGISTERED SHAREHOLDERS

If you are a Registered Shareholder, you can vote your Ordinary Shares at the Meeting. Your vote can be cast in person and counted at the Meeting. If you wish to vote at the Meeting, do not complete or return the form of proxy included with this Circular. If you do not wish to attend or vote at the Meeting, you should complete and deliver a form of proxy in accordance with the instructions given below.

If you have any questions or need more information about voting your Ordinary Shares, please contact the Company's strategic shareholder advisors and proxy solicitation agents, Kingsdale Advisors, by calling 1-866-581-0508 (toll free in North America), 1-437-561-5007 (call and text enabled outside North America), 1-800-155-612 (toll free in Australia) or by email at contactus@kingsdaleadvisors.com or Sodali & Co., by calling +61 2 8234 0128.

Appointment of Proxy

A form of proxy is enclosed and, if it is not your intention to attend or vote at the Meeting, you are asked to sign, date and return the form of proxy as set out below. The persons named in the enclosed form of proxy are directors or officers of the Company. **A Shareholder has the right to appoint a person or entity (who need not be a Shareholder of the Company), other than the persons designated in the enclosed form of proxy, to attend and vote for and on behalf of the Shareholder at the Meeting. Such right may be exercised by striking out the names of the persons designated in the enclosed form of proxy and by inserting in the blank space provided for that purpose the name of the person**

to be appointed or by completing another proper form of proxy. Make sure that the person you appoint is aware that he or she is appointed and attends the Meeting in order for your vote to count.

A Shareholder entitled to attend and vote at the Meeting may appoint an individual or a body corporate as a proxy. If a body corporate is appointed as a proxy, that body corporate must ensure that it appoints a corporate representative in accordance with section 250D of the Corporations Act to exercise its powers as proxy at the Meeting.

A Shareholder may appoint up to two proxies and specify the number or proportion of votes each proxy may exercise. If the Shareholder does not specify the number or proportion of votes to be exercised, each proxy may exercise half of the Shareholder's votes.

Unless the appointment states otherwise, the proxy may exercise all of the powers that the appointing body could exercise at a general meeting or in voting on a resolution.

The form of proxy must be executed in writing or by electronic signature by the Shareholder or his or her attorney duly authorized in writing or, if the Shareholder is a corporation, by instrument in writing executed (under corporate seal if so required by the rules and laws governing the corporation) by a duly authorized signatory of such corporation. If the proxy is executed by a duly authorized attorney or authorized signatory of the Shareholder, the proxy should reflect such person's capacity following his or her signature and should be accompanied by the appropriate instrument evidencing such person's qualifications and authority to act (unless such instrument has been previously filed with the Company or Computershare Investor Services Inc.).

The appointment of a proxy or proxies does not preclude a Shareholder from attending and voting at the Meeting. In these circumstances, if the Shareholder votes, their proxy or proxies are not entitled to vote.

Shareholders should consider how they wish their proxy to vote – that is, whether they wish their proxy to vote "For" or "Against", or to "Abstain" from voting on, a particular resolution, or whether to leave the decision to the appointed proxy after discussion at the Meeting.

If a Shareholder does not instruct their proxy on how to vote, their proxy may vote (or abstain from voting) as they see fit at the Meeting (subject to any applicable voting exclusions).

If the appointment of a proxy specifies the way the proxy is to vote on a particular resolution:

- if the proxy is not the Chair of the Meeting, the proxy need not vote on a poll but if the proxy does so, the proxy must vote as directed (subject to any applicable voting restrictions); and
- if the proxy is the Chair of the Meeting, the proxy must vote on a poll and must vote as directed.

Shareholders entitled to vote on the resolutions at the Meeting who return their form of proxy but do not nominate a proxy will be taken to have nominated the Chair of the Meeting as their proxy to vote on their behalf. If the form of proxy is returned, but the nominated proxy does not attend the Meeting, the Chair of the Meeting will act in the place of the nominated proxy and vote (or abstain from voting) in accordance with the instructions on the form of proxy. If the appointment of the proxy specifies the way the proxy is to vote on a particular resolution, the Chair of the Meeting is not named as the proxy, a poll has been called on the resolution and the proxy attends the Meeting but does not vote on the resolution, then the Chair of the Meeting will act in the place of the nominated proxy and vote (or abstain from voting) in accordance with the instructions on the form of proxy.

If a Shareholder has appointed the Chair of the Meeting as their proxy and the Shareholder does not give any voting instructions for Resolution 1 (Remuneration Report) as set out below, then by signing and returning the form of proxy they will be expressly authorising the Chair to exercise the proxy as the Chair sees fit in respect of that item of business, even though Resolution 1 is connected directly or indirectly with the remuneration of the Company's key management personnel.

Depositing or Mailing Proxy

Canadian Registered Shareholders

Forms of proxy to be exercised at the Meeting on behalf of Shareholders whose name appear on the register maintained by Computershare Investor Services Inc. in Canada ("**Canadian Registered Shareholders**") must be mailed to or deposited with the Company's registrar and transfer agent in Canada, Computershare Investor Services Inc., Proxy Department, 320 Bay Street, 14th floor, Toronto, ON, M5H 4A6 Canada, such that they are received at least 48 hours (excluding Saturdays, Sundays and statutory holidays) prior to the commencement of the Meeting or any adjournment thereof, in default of which they may be treated as invalid.

Australian Registered Shareholders

If you are a Registered Shareholder whose name appears on the register maintained by Computershare Investor Services Pty Limited in Australia (an “**Australian Registered Shareholder**”), please complete and sign the proxy form you receive and return it as soon as possible either:

Online: <https://www.investorvote.com.au/>

By post and delivery:

Computershare Investor Services Pty Limited
GPO Box 242
Melbourne VIC 3001
Australia

Facsimile: 1 800 783 447 within Australia
or
+61 3 9473 2555 outside Australia

Shareholders who wish to appoint a third-party proxy to represent them at the Meeting **must submit their form of proxy/proxy form or voting instruction form (as applicable) prior to registering their proxy.**

A form of proxy/proxy form is valid only at the meeting in respect of which it is given or any adjournment of that meeting.

Voting by Internet

If you are a Canadian Registered Shareholder, go to <https://www.investorvote.com> and follow the instructions. You will need your 15-digit control number (located on the form of proxy) to identify yourself to the system. You must submit your vote by no later than **7:00 a.m.** (Sydney time) on August 26, 2025, which corresponds to **5:00 p.m.** (Montréal time) on August 25, 2025 or 48 hours (excluding Saturdays, Sundays and statutory holidays) before the time and day of any adjourned meeting. Any Proxy voting instructions received after that time will not be valid for the Meeting.

Australian Registered Shareholders can vote online at <https://www.investorvote.com.au/>. Australian Registered Shareholders will need their 6-digit control number, and Security Reference Number (SRN) or Holder Identification Number (HIN), located on their proxy form to identify themselves to the system.

If you vote by Internet, DO NOT mail back the proxy.

Voting by Telephone

A Canadian Registered Shareholder may vote by telephone (within North America) by calling toll free 1-866-732-VOTE (8683) and following the instructions provided. Shareholders will require the 15-digit control number (located on the form of proxy) to identify themselves to the system. Voting by telephone is not available to Australian Registered Shareholders.

Deadline for submission of proxies

All Shareholders must submit their votes by no later than **7:00 a.m.** (Sydney time) on August 26, 2025, which corresponds to **5:00 p.m.** (Montréal time) on August 25, 2025, respectively, or 48 hours (excluding Saturdays, Sundays and holidays) before the time and day of any adjourned meeting.

Jointly Held Ordinary Shares

If any Ordinary Share is jointly held, only one of the joint holders is entitled to vote at the Meeting. If more than one Shareholder votes in respect of a jointly held Ordinary Share, only the vote of the Shareholder whose name appears first on the Register will be counted.

Voting Exclusion

The Voting Exclusion Statement set out below will apply in relation to Resolution 1 (Remuneration Report). There are no voting exclusions with respect to Resolutions 2 – 9 (inclusive), which relate to the re-election of Directors.

Questions and Assistance with Voting

If you have any questions or need more information about voting your Ordinary Shares, please contact the Company's strategic shareholder advisors and proxy solicitation agents, Kingsdale Advisors, by calling 1-866-581-0508 (toll free in North America), 1-437-561-5007 (call and text enabled outside North America), 1-800-155-612 (toll free in Australia) or by email at contactus@kingsdaleadvisors.com or Sodali & Co., by calling +61 2 8234 0128.

NON-REGISTERED OWNERS OR BENEFICIAL SHAREHOLDERS

Beneficial shareholders should be aware that only Shareholders whose names appear on the share register of the Company are entitled to vote at the Meeting. The purpose of the procedures described below is to permit beneficial shareholders as of July 17, 2025 to direct the voting of the Ordinary Shares they beneficially own in accordance with NI 54-101. There are two categories of beneficial shareholders. Beneficial shareholders who have provided instructions to an intermediary that they do not object to the intermediary disclosing ownership information about them are considered to be NOBOs. Beneficial shareholders who have objected to an intermediary providing ownership information are OBOs.

These securityholder materials are being sent to both Registered Shareholders and Non-Registered Owners of the Ordinary Shares. If you are a Non-Registered Owner, and the Company or its agent has sent these materials directly to you, your name and address and information about your holdings of Ordinary Shares have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf.

Intermediaries (which are usually banks, trust companies, securities dealers or stockbrokers, or clearing agencies in which such an intermediary participates), which are the registered holders of Ordinary Shares, can only vote the Ordinary Shares if instructed to do so by the beneficial owners. Every intermediary has its own mailing procedure and provides its own instructions. You should consider and follow the instructions which your intermediary provides to you (or which are otherwise contained in the contract between you and your intermediary). Typically, a beneficial owner will be given a VIF, which must be completed and signed by the beneficial owner in accordance with the instructions provided by the intermediary. The purpose of such VIF is to give the intermediary permission on how to vote on behalf of or otherwise represent the beneficial owner at the Meeting. A beneficial owner cannot use the VIF to vote or otherwise represent Ordinary Shares at the Meeting.

By choosing to send these materials to you directly, the Company (and not the intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions.

If you have any questions or need more information about voting your Ordinary Shares, please contact the Company's strategic shareholder advisors and proxy solicitation agents, Kingsdale Advisors, by calling 1-866-581-0508 (toll free in North America), 1-437-561-5007 (call and text enabled outside North America), 1-800-155-612 (toll free in Australia) or by email at contactus@kingsdaleadvisors.com or Sodali & Co., by calling +61 2 8234 0128.

Voting Procedure for NOBOs in Canada

If you have received the Company's VIF (the "Company VIF"), you may return it to Computershare Investor Services Inc.:

1. by regular mail in the return envelope provided, or
2. by voting online at www.investorvote.com and entering your 15-digit control number as instructed on the log on page.
3. by telephone (within North America) by calling toll free 1-866-732-VOTE (8683) and following the instructions provided. Shareholders will require the 15-digit control number (located on the voting instruction form) to identify themselves to the system.

If you have any questions or need more information about voting your Ordinary Shares, please contact the Company's strategic shareholder advisors and proxy solicitation agents, Kingsdale Advisors, by calling 1-866-581-0508 (toll free in North America), 1-437-561-5007 (call and text enabled outside North America), 1-800-155-612 (toll free in Australia) or by email at contactus@kingsdaleadvisors.com or Sodali & Co., by calling +61 2 8234 0128.

Voting Procedures for OBOs and certain non-Canadian NOBOs receiving a VIF

OBOs and other beneficial holders receive a voting instruction form, or VIF, from an intermediary (an "Intermediary VIF") by way of instruction of their financial institution. Detailed instructions of how to submit your vote will be on the Intermediary VIF.

The majority of intermediaries now delegate responsibility for obtaining instructions from clients to Broadridge Investor Communication Solutions ("Broadridge"). Broadridge mails the Intermediary VIFs to the beneficial owners as of the beneficial ownership determination date and

asks the beneficial owners to return the Intermediary VIFs to Broadridge. Broadridge then tabulates the results of all Intermediary VIFs received from beneficial owners as of the beneficial ownership determination date respecting the Ordinary Shares to be represented at the Meeting. The Intermediary VIF must be returned to Broadridge in advance of the Meeting as per the instructions on the Intermediary VIF in order to have the Ordinary Shares voted or otherwise represented at the Meeting.

If you are a beneficial shareholder and have been provided with an Intermediary VIF, you may be given the option of submitting your voting instructions by telephone or facsimile – follow the instructions on the Intermediary VIF. You will likely also be able to submit your voting instructions by Internet by accessing <http://www.proxyvote.com>, the URL or web address as provided in the Intermediary VIF, entering the 16-digit control number that appears on the Intermediary VIF, indicating your vote on each resolution and selecting “final submission”. Any such vote is an instruction to your intermediary as to how you wish to vote. It is not a vote cast by you at the Meeting.

The Company may utilize the Broadridge QuickVote™ system, which involves certain non-Canadian NOBOs being contacted by Kingsdale Advisors or Sodali & Co., which are soliciting proxies on behalf of management, to obtain voting instructions over the telephone and relaying them to Broadridge (on behalf of such non-Canadian NOBO’s intermediary). While representatives of Kingsdale Advisors and Sodali & Co. are soliciting proxies on behalf of management, Shareholders are not required to vote in the manner recommended by the Board of Directors (as defined below). The QuickVote™ system is intended to assist certain Shareholders in placing their votes; however, there is no obligation for any Shareholders to vote using the QuickVote™ system, and Shareholders utilizing the Broadridge QuickVote™ system may vote (or change or revoke their votes) at any other time and in any other applicable manner described in this Circular. Any voting instructions provided by a Shareholder will be recorded and such Shareholder will receive a letter from Broadridge (on behalf of the Shareholder’s intermediary) as confirmation that the Shareholder’s voting instructions have been accepted.

Your vote **must be received by 7:00 a.m.** (Sydney time) on August 26, 2025, which corresponds to **5:00 p.m.** (Montréal time) on August 25, 2025, or 48 hours (excluding Saturdays, Sundays and statutory holidays) before the time and day of any adjourned meeting. If you vote by Internet, DO NOT mail back the proxy or the Intermediary VIF.

Appointment of Proxy

A beneficial shareholder has the right to appoint a person or entity (who need not be a shareholder) to attend and act on their behalf at the meeting other than the persons named in the enclosed instrument of proxy.

Beneficial shareholders should follow the instructions on the forms they receive and contact their intermediaries, Kingsdale Advisors or Sodali & Co. promptly if they need assistance.

Questions and Assistance with Voting

If you have any questions or need more information about voting your Ordinary Shares, please contact the Company’s strategic shareholder advisors and proxy solicitation agents, Kingsdale Advisors, by calling 1-866-581-0508 (toll free in North America), 1-437-561-5007 (call and text enabled outside North America), 1-800-155-612 (toll free in Australia) or by email at contactus@kingsdaleadvisors.com or Sodali & Co., by calling +61 2 8234 0128.

REVOCATION OF PROXIES AND VOTING INSTRUCTION FORMS

A Canadian Registered Shareholder whose name appears on the register maintained by Computershare Investor Services Inc. in Canada and who executes and returns a form of proxy may revoke it to the extent it has not been exercised by depositing a written instrument executed by that Canadian Registered Shareholder or its attorney or by transmitting by electronic means a revocation that is signed by electronic signature, or, if the Canadian Registered Shareholder is a corporation, by written instrument executed (under corporate seal if so required by the rules and laws governing the corporation) by a duly authorized signatory of that corporation:

- (a) with the Company’s registrar and transfer agent, Computershare Investor Services Inc., Proxy Department, 320 Bay Street, 14th floor, Toronto, ON, M5H 4A6 Canada, at any time up to the close of business on the last business day prior to the Meeting, or any adjournment thereof;
- (b) electronically with the Company, provided that the revocation is received by the Chair of the Meeting prior to Meeting’s commencement on the day of the Meeting, or any adjournment thereof, at any time prior to a vote being taken in reliance on such proxy; or
- (c) in any other manner permitted by law.

A beneficial shareholder may revoke a voting instruction or may revoke a waiver of the right to receive meeting materials or a waiver of the right to vote given to an intermediary at any time by written notice to the intermediary, except that an intermediary is not required to act on any such revocation that is not received by the intermediary well in advance of the Meeting. The proxy deadline may be waived or extended by the Chair of the Meeting, in his sole discretion without notice.

An Australian Registered Shareholder who executes and returns a form of proxy may revoke it by either notifying the proxy of that fact or attending and voting at the Meeting. The proxy deadline may not be changed by the Chair of the Meeting for Australian Registered Shareholders.

If you have any questions or need more information about voting your Ordinary Shares, please contact the Company's strategic shareholder advisors and proxy solicitation agents, Kingsdale Advisors, by calling 1-866-581-0508 (toll free in North America), 1-437-561-5007 (call and text enabled outside North America), 1-800-155-612 (toll free in Australia) or by email at contactus@kingsdaleadvisors.com or Sodali & Co., by calling +61 2 8234 0128.

VOTING AND DISCRETIONARY AUTHORITY

The proxyholders named in the accompanying form of proxy shall and will vote the Ordinary Shares represented thereby on any ballot in accordance with the Shareholder's direction set forth in the proxy, unless the proxyholder has two or more appointments that specify different ways to vote on the resolution and the vote occurs on a show of hands. **THE CHAIR OF THE MEETING INTENDS TO VOTE UNDIRECTED PROXIES, ABLE TO BE VOTED, IN FAVOUR OF ALL THE RESOLUTIONS. IN EXCEPTIONAL CIRCUMSTANCES, THE CHAIR OF THE MEETING MAY CHANGE HIS/HER VOTING INTENTION ON ANY RESOLUTION, IN WHICH CASE AN AUSTRALIAN SECURITIES EXCHANGE ("ASX") ANNOUNCEMENT WILL BE MADE.** The enclosed form of proxy confers discretionary authority upon the persons named therein with respect to amendments or variations to the matters identified in the Notice of Meeting and with respect to other matters as may properly come before the Meeting or any adjournments thereof. At the date of this Circular, management of the Company knows of no amendments, variations or other matters to come before the Meeting other than the matters referred to in the Notice of Meeting. If amendments, variations to matters identified in the Notice of Meeting or if other matters properly come before the Meeting, it is the intention of the persons named in the enclosed form of proxy to vote in accordance with their judgment on such matters.

RECORD DATE

The board of directors of the Company (the “Board” or “Board of Directors”) has determined, in accordance with Regulation 7.11.37 of the Corporations Regulations, that persons who are registered holders of Ordinary Shares as at **7:00 p.m.** (Sydney time) on August 26, 2025, which corresponds to **5:00 a.m.** (Montréal time) on August 26, 2025 (the “Record Date”) are entitled to attend and vote at the Meeting. Accordingly, transactions registered after that time will be disregarded for determining which Shareholders are entitled to attend and vote at the Meeting, and that in accordance with NI 54-101, Canadian beneficial shareholders as of 7:00 p.m. (Montréal time) on July 17, 2025 are entitled to receive notice of the Meeting and to provide instructions to vote at the Meeting.

A simple majority of votes cast are required to approve all ordinary resolutions to be submitted to a vote of Shareholders at the Meeting.

At least 75% of the votes cast are required to approve any special resolutions to be submitted to a vote of Shareholders at the Meeting.

If you cannot attend the Meeting, you are encouraged to date, sign and deliver the accompanying form of proxy and return it in accordance with the instructions set out above under the heading “*Voting Information*”.

OUTSTANDING VOTING SHARES, VOTING AT MEETING AND QUORUM

The Company is authorized to issue Ordinary Shares and preference shares (including redeemable preference shares). As of July 22, 2025, the Company has 533,251,001 Ordinary Shares outstanding, each of which carries one vote. At the date hereof, the Company has no preference and redeemable preference shares outstanding. Registered Shareholders as of the Record Date shall be entitled to vote their Ordinary Shares personally or by proxy at the Meeting. Unless otherwise required by law, every question coming before the Meeting shall be determined by a majority of votes duly cast on the matter by way of a poll.

Proxies returned by intermediaries as “non-votes” because the intermediary has not received instructions from the beneficial shareholder with respect to the voting of certain Ordinary Shares or, under applicable regulatory rules, the intermediary does not have the discretion to vote those Ordinary Shares on one or more of the matters that come before the Meeting, will be treated as not entitled to vote on any such matter and will not be counted as having been voted in respect of any such matter. Ordinary Shares represented by such intermediary “non-votes” will, however, be counted in determining whether there is a quorum.

Pursuant to the constitution of the Company (the “**Constitution**”), a quorum for the Meeting is two voting members. Each individual present may only be counted once toward the quorum. If a member has appointed more than one proxy or representative, only one of them may be counted toward the quorum.

PRINCIPAL SHAREHOLDERS

To the knowledge of the directors and executive officers of the Company, as at the date hereof, no person or company beneficially owns, or controls or directs, directly or indirectly, Ordinary Shares carrying 10% or more of the voting rights attached to the outstanding Ordinary Shares.

As at the date hereof, the directors and executive officers of the Company as a group, beneficially own, directly or indirectly, or exercise control or direction over, an aggregate of 47,129,720 Ordinary Shares representing approximately 8.84% of the issued and outstanding Ordinary Shares.

NON-IFRS FINANCIAL MEASURES AND RATIOS

This Circular contains non-IFRS financial measures and ratios such as earnings before income and mining taxes, net finance costs and depreciation (“**EBITDA**”), return on capital employed (“**ROCE**”), C1 cash cost per dmt sold, mining and processing cost per dmt produced and realized sales price (all as defined below). These measures are mainly derived from the financial statements of the Company but do not have any standardized meanings prescribed by the IFRS and, therefore, may not be comparable to similar measures presented by other companies. These non-IFRS financial measures and ratios, which are representative of the Company’s performance, are used to determine the executive compensation.

Additional details on EBITDA, C1 cash cost per dmt sold and mining and processing cost per dmt produced, including reconciliations to the most directly comparable IFRS measures, have been incorporated by reference and can be found in section 23 - Non-IFRS and Other Financial Measures of the Company’s Management’s Discussion and Analysis for the year ended March 31, 2025, available on SEDAR+ at www.sedarplus.ca, the ASX at www.asx.com.au and on the Company’s website under the Investors section at www.championiron.com.

Return on Capital Employed

ROCE is a non-IFRS ratio, which was defined, with respect to the financial years up to and including the financial year ended March 31, 2023, as EBITDA divided by capital employed, which represents capital used by the business to generate revenues and income. It includes capital funded by way of debt, lease liabilities and equity as per the consolidated statements of financial position. Non-productive capital associated with growth projects under development are excluded from capital employed. Starting in the financial year ended March 31, 2024, ROCE also excluded the excess of cash to better align the ratio with the Company’s growth objectives. ROCE is largely used in a capital-intensive industry such as mining. ROCE does not have any standardized meaning prescribed by IFRS and therefore, may not be comparable to similar measures presented by other companies.

	Year Ended March 31, 2024	Year Ended March 31, 2023	Year Ended March 31, 2022	Average 2022-2024
(in thousands of dollars)				
EBITDA	552,549	493,176	925,817	657,181
Long-term debt	539,428	475,281	323,360	446,023
Lease liabilities	76,978	86,841	53,979	72,599
Total equity	1,396,510	1,262,704	1,161,698	1,273,637
Cumulative Phase II capital expenditures ⁽¹⁾	—	(508,400)	(640,200)	(382,867)
Cumulative DRPF capital expenditures	(95,300)	(917)	—	(32,072)
Excess of cash ⁽²⁾	(300,061)	(226,806)	(221,892)	(249,586)
Capital Employed	1,617,555	1,088,70	676,945	1,127,734
ROCE	0.34	0.45	1.37	0.58

⁽¹⁾ Capital expenditures, for the purposes of this definition, include addition to property, plant and mining equipment, in addition to deposits and advance payments to third-party service providers used as part of the Phase II project as well as Phase II start-up costs incurred before the commissioning. For the purposes of the return on capital employed calculations, as Phase II achieved commercial operation on December 1, 2022, capital expenditures for the year ended March 31, 2023, have been prorated to reflect the number of months it was in commercial operation over the year.

⁽²⁾ Excess of cash is calculated as cash and cash equivalents as per the consolidated statements of financial position less \$100,000,000.

The table above shows the reconciliation of the actual result of 0.58 related to the payout of the performance share units (“PSUs”) granted in the financial year ended March 31, 2022, and which vested in the financial year ended March 31, 2025.

Realized Sales Price

Realized sales price is a non-IFRS ratio, which represents revenues before provisional pricing adjustments. This measure was selected by the Board as a key performance metric given that it is a strong reflection of operational efficiency and freight cost management while also reflecting the impact of the iron ore concentrate price throughout a period. Realized sales price does not have any standardized meaning prescribed by IFRS and therefore, may not be comparable to similar measures presented by other companies.

	Year Ended March 31, 2025
Iron ore concentrate sold (dmt)	13,491,200
(in thousands of dollars, except per dmt data)	
Revenues	1,606,579
Provisional pricing adjustments	7,018
	1,613,597
Realized Sales Price (per dmt sold) in C\$	119.6
Foreign exchange rate conversion	33.7
Realized Sales Price (per dmt sold) in US\$	85.9

STATEMENT OF EXECUTIVE COMPENSATION

Unless otherwise noted, the following information is for the Company’s last completed financial year which ended on March 31, 2025, and since the Company had one or more subsidiaries during that year, it is disclosed on a consolidated basis. The information (as set out in the Annual Report for the financial year ended March 31, 2025 (the “**Remuneration Report**”)) has been audited pursuant to section 308 (3C) of the Corporations Act. All monetary amounts are disclosed in Canadian dollars unless expressly stated otherwise.

Certain figures included in the Remuneration Report have been rounded for ease of presentation. Percentages and other figures included in the Remuneration Report have not in all cases been calculated on the basis of such rounded figures but on the basis of such figures prior to rounding. For this reason, percentages and other figures in the Remuneration Report may not add up due to rounding.

In compliance with section 300A of the Corporations Act and National Instrument 51-102 - *Continuous Disclosure Obligations*, the Remuneration Report covers Key Management Personnel (“KMP”) including Named Executive Officers (“NEO”), who were actively employed by the Company as at the end of the financial year ended March 31, 2025.

KMP is defined as “those persons having authority and responsibility for planning, directing and controlling the activities of the entity, directly or indirectly, including any director (whether executive or otherwise) of Champion”. NEOs of the Company means each of the following individuals:

- (a) the Chief Executive Officer (“CEO”) of the Company or each individual who acted in a similar capacity for any part of the most recently completed financial year;
- (b) the Chief Financial Officer (“CFO”) of the Company or each individual who acted in a similar capacity for any part of the most recently completed financial year;
- (c) each of the three most highly compensated executive officers, or the three most highly compensated individuals acting in a similar capacity, other than the CEO and CFO, at the end of the most recently completed financial year whose total compensation was, individually, more than \$150,000, as determined in accordance with applicable law at the end of that financial year; and
- (d) each individual who would be a NEO under paragraph (c) but for the fact that the individual was not an executive officer of the Company, and was not acting in a similar capacity, at the end of that financial year.

The following persons were the KMPs, and NEOs of the Company during the financial year ended March 31, 2025.

Name	Position	Appointment Date
David Cataford (NEO and KMP)	CEO	April 1, 2019
Donald Tremblay (NEO and KMP) ⁽¹⁾	CFO	September 12, 2022
Alexandre Belleau (NEO and KMP) ⁽²⁾	Chief Operating Officer (“COO”)	July 22, 2020
Steve Boucraatie (NEO and KMP) ⁽³⁾	Senior Vice-President, General Counsel and Corporate Secretary	September 9, 2021
Michael Marcotte (NEO and KMP) ⁽⁴⁾	Senior Vice-President, Corporate Development and Capital Markets	September 9, 2021
Michael O’Keeffe (KMP) ⁽⁵⁾	Executive Chairman	April 1, 2019
Gary Lawler (KMP) ⁽⁶⁾	Non-Executive Director and Lead Director	April 9, 2014
Michelle Cormier (KMP) ⁽⁷⁾	Non-Executive Director	April 11, 2016
Jyothish George (KMP)	Non-Executive Director	October 16, 2017
Louise Grondin (KMP)	Non-Executive Director	August 27, 2020
Jessica McDonald (KMP)	Non-Executive Director	August 30, 2023
Ronnie Beevor (KMP)	Non-Executive Director	March 3, 2024

Notes:

⁽¹⁾ Mr. Tremblay was appointed as CFO of the Company on July 4, 2022, effective September 12, 2022.

⁽²⁾ Mr. Belleau was promoted to COO of the Company on July 22, 2020. Prior to that, he had been General Manager of Projects and Innovation of the Company since 2017.

⁽³⁾ Mr. Boucraatie was promoted to Senior Vice-President, General Counsel and Corporate Secretary on September 9, 2021. Prior to that, he had been Vice-President, General Counsel and Corporate Secretary of the Company and a NEO since 2019.

⁽⁴⁾ Mr. Marcotte was promoted to Senior Vice-President, Corporate Development and Capital Markets of the Company on September 9, 2021. Prior to that, he had been Vice-President, Investor Relations of the Company since 2018.

⁽⁵⁾ Mr. O’Keeffe was appointed Executive Chairman on August 13, 2013, and CEO on October 3, 2014. Mr. O’Keeffe stepped down as CEO on April 1, 2019, and continues in his role as Executive Chairman.

⁽⁶⁾ Mr. Lawler was appointed Lead Director on August 30, 2023.

⁽⁷⁾ Ms. Cormier was appointed to the Board in 2016 as a nominee of WC Strategic Opportunity, L.P. (“Wynnchurch”) pursuant to certain board nomination rights granted by the Company in favour of Wynnchurch in connection with a private placement of Ordinary Shares completed on April 11, 2016. Following the disposition of Ordinary Shares by Wynnchurch that was publicly announced by Wynnchurch on August 2, 2021, Wynnchurch is no longer entitled to nominate a candidate for election or appointment to the Board such that Ms. Cormier is no longer considered to be a director nominee of Wynnchurch.

The terms “executives” and “management” are used to refer to the Company’s NEOs and the members of the Company’s senior executive team from time to time, all of whom are employees of a Canadian subsidiary of the Company. For purposes of this section entitled “*Statement of Executive Compensation*”, references to “Champion” or the “Company” include, as the context requires, the Canadian subsidiary of the Company which employs the NEOs.

COMPENSATION DISCUSSION AND ANALYSIS

A. Role of Remuneration, People and Governance Committee

The Remuneration, People and Governance Committee advises the Board on matters relating to corporate governance, remuneration, people and diversity, and Board nomination and performance. Among other responsibilities, the Remuneration, People and Governance Committee assists the Board in fulfilling its responsibilities in respect of establishing appropriate remuneration levels and policies including incentive policies for directors and executives. The committee is notably responsible for setting policies for executives' remuneration and reviewing the salary levels of executives, and making recommendations to the Board on any proposed increases in compensation. As at March 31, 2025, the Remuneration, People and Governance Committee was comprised of Gary Lawler (Chair), Michelle Cormier, Louise Grondin and Ronnie Beevor, each of whom is an independent director and has direct knowledge and experience that is relevant to their responsibilities in executive compensation and governance as set out below. The Remuneration, People and Governance Committee has access to independent experts to provide advice in the conduct of its duties.

The current committee members are:

Gary Lawler (Chair) - Mr. Lawler practiced corporate law for 45 years and, during that time was a partner at several leading Australian law firms. Mr. Lawler has also served as a director and contributed to compensation and governance matters for numerous listed companies over the years.

Michelle Cormier - Ms. Cormier is a CPA with over 30 years of experience in senior-level executive positions in management, including financial management, corporate finance, turnaround and strategic advisory situations and human resources. Ms. Cormier has a strong capital markets background in the United States and Canada, as well as significant experience in corporate governance, having served on several boards of directors in publicly listed and privately held companies as well as government-owned institutions and not-for-profit organizations. Due to Ms. Cormier's qualification as a CPA and her past role as a chief financial officer, she is considered an "Audit and Financial Reporting Expert".

Louise Grondin - Ms. Grondin is working as an independent consultant after retiring as the head of the Human Resources function at Agnico Eagle Mines Limited ("**Agnico Eagle**"), in January 2021, where she oversaw the management of a number of human resource processes including remuneration, career development and training, succession planning and recruitment. Over her almost twenty years with Agnico Eagle, she held various leadership positions as Senior Vice-President, People and Culture, Senior Vice-President Environment, Sustainable Development and People, Regional Director Environment and Environmental Superintendent.

Ronnie Beevor - Mr. Beevor brings over 40 years of experience in investment banking and the global mining sector, including board and Chair roles across numerous listed companies. His background includes corporate governance, remuneration oversight, and strategic transactions across a range of jurisdictions. He has played a key role in guiding companies through growth, acquisitions, and successful exits, drawing on deep expertise in both operational and board-level leadership.

The Remuneration, People and Governance Committee makes recommendations to the Board on the executive remuneration framework and the remuneration level of executives including all awards under the Long-Term Incentive Plan ("**LTIP**"), and the Short-Term Incentive Program ("**STIP**") and remuneration levels for directors. The aim is to ensure that remuneration policies align with the long-term objectives of the Company, are fair and competitive within the market in which Champion operates, and are reflective of generally accepted market practices of Champion's peers and the jurisdiction in which Champion employs its people.

B. Remuneration Philosophy & Approach

The objective of Champion's executive remuneration program and strategy is to attract, retain and motivate talented executives and provide incentives for executives to create sustainable Shareholder value over the long-term, by driving a performance culture that is closely aligned to the achievement of the Company's strategy and business objectives. To achieve this objective, executive remuneration is designed and based on the following principles:

- **To align with Champion's business** - this principle focuses on the need for executive remuneration to reflect the Company's strategic goals and performance as an iron ore exploration, development and, particularly, a production company, in the context of an industry that continues to undergo a structural shift in its production methods with an increased focus on reducing GHG emissions as well as to reflect the structural complexity of Champion's business, namely with respect to managing global customer relationships, negotiating direct sales, and developing niche iron ore markets amid diverse regional demands and fluctuating market conditions. Accordingly, executive performance targets are directly aligned with activities that create sustainable long-term Shareholder value. The aim of this principle is to motivate the executives of the Company to develop and operate iron ore assets efficiently and effectively to generate free cash flows from the Shareholder capital deployed, with an ultimate goal of maximizing Shareholder returns, while adopting and implementing sustainability practices and de-carbonization initiatives for the benefit of the communities in which the Company operates, its workforce and its various stakeholders.

- **Pay competitively** - the pay received by each executive reflects each executive’s performance, expertise, responsibilities and length of service to the Company. The Company aims to set overall target remuneration to ensure it remains competitive within the market in which Champion operates and which is reflective of generally accepted market practices of the Company’s peers and the jurisdiction in which Champion employs its people. Although the Company is an Australian incorporated entity under the Corporations Act, Champion’s business operations are primarily undertaken in Canada through its Canadian subsidiaries, with minimal footprint in Australia. As at March 31, 2025, almost all of the Company’s workforce is located in the Province of Québec, Canada, such that the Company’s executive remuneration program and strategy is intended to remain competitive within that market as well as the broader North American market*, which have become increasingly competitive over the years, with companies aggressively pursuing mining executives with a successful track record.
- **Pay for performance** - this principle aligns with the Company’s desire to create a performance culture that has a direct tangible relationship between pay and performance. Champion does not “pay for failure” nor does it incentivize undue risk taking to achieve performance objectives.
- **To maintain a successful team** - this principle reflects the opportunity cost to retain key personnel who have successfully grown the Company’s business over recent years. This includes recognizing individuals with responsibilities that facilitated the recommissioning of Bloom Lake’s Phase I in 2018 and completion of the Bloom Lake Phase II expansion project (“Phase II”) in 2022, in each case on time and on budget despite several challenges, including the COVID-19 pandemic, the acquisition of several projects and the robust relationships created with important stakeholders locally and globally, and key personnel who have led and are expected to lead Champion as it seeks to further increase production at Bloom Lake and continue to develop growth initiatives, such as the partnership with Nippon Steel Corporation (“Nippon”) and Sojitz Corporation (“Sojitz”) for the development of the Kamistiatasset Project (the “Kam Project”), which would increase the Company’s participation in the green steel[†] supply chain and help the Company decarbonize its operations over time.
- **To align with Shareholders’ interests** - — this principle focuses on the alignment of the interests of executives with those of the Shareholders through a compensation structure where the majority of an executive’s compensation is “at risk”. Short-term incentive (bonus) (“STI”) and long-term incentive (“LTI”) remuneration are tied directly or indirectly to Company performance and relative and/or absolute Shareholder returns. Specifically, the use of awards which increase in value when the Ordinary Share price performance exceeds that of its peers and reduces in value when it trails the performance of its peers (using a second peer group of mining companies for such purposes, which is believed to best reflect Shareholders’ investment alternatives to Champion).[‡] In addition to financial alignment, Champion believes in the importance of aligning executive interests with Shareholders’ Environmental, Social and Governance (“ESG”) expectations. Consistent with the Company’s commitment to sustainable development, the compensation plan for the financial year ended March 31, 2025 incorporated operational performance with 20% of total bonus awards under the STIP tied to sustainability targets relating to (i) the Company’s employees (including the diversity of its workforce), the environment, the Company’s governance and relationship with local communities, as well as (ii) 15% of total bonus awards under the STIP tied to health and safety targets including no fatalities and minimal time lost due to injuries.
- **Corporate governance** - this principle reflects on the need to continually review and, as appropriate for Champion, adopt executive remuneration practices that align with current market practices in which the Company operates its business, being the North American mining industry and the competitive landscape, and provide Shareholders with robust disclosure to enable them to fully evaluate compensation practices.

The Remuneration, People and Governance Committee has implemented a compensation regime that is structured to reflect the principles set out above, which aligns with the industry standards in which the Company operates and aims to reward outcomes beyond objectives. Executive remuneration consists of a combination of salary, short-term incentives in the form of annual performance bonus awards and longer-term equity-based incentives. A foundation principle of the Company’s remuneration philosophy is the promotion of a strong “performance culture” within management.

* While Champion’s employees and main operations are located in the Province of Québec, Canada, it generally competes within the broader North American market for executives (i.e. Canada and the United States). Therefore, the remuneration practices outlined in the Remuneration Report as well as the Company’s remuneration philosophy focus on the North American market. However, given Champion is incorporated under the Corporations Act, proxy advisory firms evaluate Champion using Australian proxy voting guidelines (unlike most North American companies who compete for executive talent with the Company, who are reviewed based on Canadian or United States proxy voting guidelines).

[†] Green steel refers to steel that is produced using processes that significantly reduce or eliminate greenhouse gases (“GHG”) compared to traditional steelmaking, which typically relies on blast furnaces that use coal as both a fuel and a reductant. Accordingly, the steel industry typically classifies green steel as either optimizing traditional steelmaking, including improved supply chains using quality metallics such as DRI and Hot Briquetted Iron. Additionally, green steel refers to using alternative methods of steelmaking, including electric arc furnaces (EAF), which utilizes recycled scrap metal or DRI to minimize GHG emissions, and could potentially be adapted to use hydrogen as a main source of energy.

[‡] See “*Compensation Peer Group Selection and Benchmarking*” for a description of the peer group used for benchmarking total executives’ compensation in connection with the development and implementation of executive compensation practices, and see “*Long-Term Incentives – Equity Incentives – RSU and PSU Grant*” for a description of the peer group used to assess TSR relative to peers for purposes of the TSR component of the PSUs grants under the LTIP.

At the Company's annual general meeting held in August 2024 (the "**2024 AGM**"), 32.1% of the votes cast by Shareholders were against the adoption of the Remuneration Report for the year ended March 31, 2024. While Champion acknowledges this as a significant improvement compared to the vote on the adoption of the Remuneration Report for the year ended March 31, 2023 (the "**2023 AGM**") (53.6% against), this nevertheless was the second consecutive year where more than 25% of eligible Shareholders (i.e., excluding KMPs and their closely related parties) cast votes against the Company's Remuneration Report – referred to as a "second strike". As a result, a conditional spill resolution was put to the 2024 AGM, where Shareholders had the opportunity to vote on whether an additional Shareholders meeting should be held at which all non-executive directors would be required to seek re-election (the "**Spill Resolution**"). The Spill Resolution was near-unanimously rejected, with 99.7% of Shareholders' votes cast against the Spill Resolution, reflecting Shareholders' very strong support of the Company's current Board.

Nevertheless, the Board was disappointed with the result of the vote on the Remuneration Report, especially in light of the strong and active engagement undertaken by the Board and the Company ahead of the 2024 AGM. Following the Company's "first strike" at the 2023 AGM and in anticipation of the 2024 AGM, the Company had diligently sought and considered Shareholders' feedback and wider perspectives through meetings with investors, proxy advisers and other Shareholder representatives. The objective of this process was to identify opportunities and mechanisms to improve the Company's executive remuneration practices and disclosure thereof that would address Shareholders' concerns. The Company took this opportunity to explain to Shareholders and their representatives the need to ensure remuneration practices remain competitive compared to the Company's peers in the jurisdiction of the business operations and within the context of an extremely competitive employment market for mining executives with successful project development and operation experience in North America. In connection therewith and in order to address the concerns raised by Shareholders, the Company's annual report for the financial year ended March 31, 2024 included fulsome and transparent disclosures of the Board's response to the "first strike" and provided clear explanations as to the remuneration decisions taken by the Board.

Throughout its Shareholder engagement campaign, ahead of the 2024 AGM and directly following the meeting, the Company contacted over 120 groups, including asset managers, brokers, individuals and custodians collectively representing over 85% of the outstanding Ordinary Shares, resulting in over 70 engagements and meetings with management, including several with members of the Board. The outreach team included the Chair of the Remuneration, People and Governance Committee, the Company's Executive Chairman, members of the Company's investor relations team and legal department. As a result of such Shareholder engagements, the view of the Board and the Company was that substantial structural legacy concerns and issues expressed by Shareholders in the context of the 2023 AGM had been addressed, and that the vast majority of the Shareholders who engaged with the Company generally supported the Company's remuneration philosophies and recognized the practical reality and necessity of the Company to benchmark and align its remuneration practices against North American peers in order to attract and retain key employees. As was the case over recent years, through the engagement campaign, Shareholders acknowledged the work and performance of management and the Board, which has resulted in substantial corporate growth over recent years, and expressed support for management and the Board.

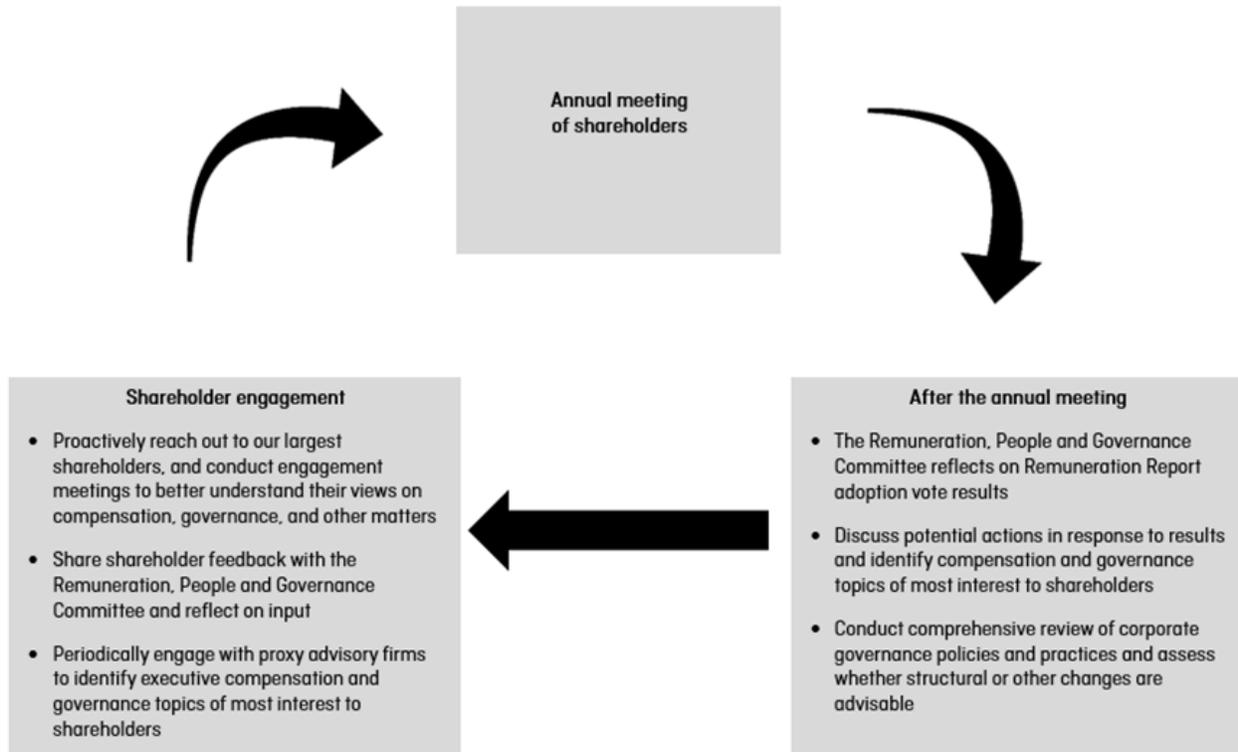

Champion, being a dual listed entity in Australia through the facilities of the Australian Securities Exchange ("**ASX**") and in Canada through the facilities of the Toronto Stock Exchange ("**TSX**"), is required to comply with the requirements of both facilities and the respective laws of each region. As part of the active engagement process, the Company also discussed with certain investors the impact of the Company being subject to Australian proxy voting guidelines as an Australian incorporated entity, which are in certain cases more restrictive and not aligned with the equivalent guidelines applicable to the compensation of Canadian public companies and their Canadian executives, being the jurisdiction in which the Company's primary business operations are undertaken. While the Company aims to align its approach to governance with best practices for Australia, being its country of incorporation and which defines applicable proxy advisory firms' guidelines, the Company is also required to implement, and prioritize, best practice elements in relation to the region in which it operates and employs its personnel, being the Province of Québec, Canada.

Additionally, the Company proactively responded to proxy research providers' reports and recommendations regarding the Remuneration Report for the respective financial period ahead of the 2024 AGM. Glass Lewis, a key proxy advisory firm, had published a recommendation to vote for the adoption of the Company's Remuneration Report following discussions with the Company which allowed Glass Lewis to fully understand the Company's reality of being an Australian company with operations in North America which must remain competitive within that market and who recognized that the Company's remuneration practices were generally in line with practices of companies within the same operating region. Among other factors, Glass Lewis recognized, in their analysis of the Remuneration Report submitted at the 2024 AGM, that a strict interpretation of the applicability of their proxy guidelines, which automatically consider the country of incorporation of an issuer as the sole criterion for determining applicable guidelines, was not warranted considering that almost all of the Company's workforce is located in the Province of Québec, Canada. As a result, Glass Lewis supported the adoption of the Remuneration Report.

As part of this process, the vast majority of Shareholders engaged supported the Company's remuneration philosophies and therefore voted in favour of the Company's Remuneration Report at the 2024 AGM. In analyzing the results of the vote, the Company identified that a substantial number of the votes cast against the Remuneration Report at the 2024 AGM were by passive asset managers receiving proxy advice primarily by proxy research groups (other than Glass Lewis, which supported the adoption of the Remuneration Report) – their recommendation in most cases, derived from a standardized set of guidelines applicable to all Australian issuers irrespective of the nature and type of company and its business strategy and location, and who in most cases do not or cannot engage with issuers. This is further highlighted by the fact that although the Company implemented significant changes to its remuneration practices in response to its "first strike" following the 2023 AGM and clear

disclosure of such changes was included in the 2024 annual report, the Company received substantially the same comments from proxy advisory firms. The Company views the remuneration principles outlined on pages 14-15, namely to “pay competitively”, to “pay for performance”, and “to align with Shareholders’ interests”, to be the overarching principles in developing its remuneration practices, and the Board intends on continuing to prioritize these principles as they apply to the market and jurisdiction in which the Company undertakes its primary business operations and employs its personnel. The Company’s remuneration practices have significantly contributed to the strong performance achieved in recent years, and the Company will continue to monitor the executive remuneration program to ensure its competitiveness in attracting and retaining personnel while ensuring that remuneration outcomes are aligned with Shareholder interests.

The Board believes that the remuneration practices of the Company are reflective of its success in attracting and retaining some of the best executives in the industry, based upon the level of sustained performance delivered over the tenure of their employment to date.

The table below provides a comprehensive overview of the feedback we received from Shareholders and proxy advisory firms over the past few years, along with the Company’s responses. It includes a detailed examination of various general compensation practices, specific concerns raised, and the specific actions taken by the Company to address these issues.

Feedback Topics / What We Heard	Board Response	Status
Long-Term Incentive Program		
<ul style="list-style-type: none"> LTI vesting under the relative Total Shareholder Return (“TSR”) hurdle beginning at the 25th percentile with 100% vesting at the 50th percentile; 40% of the LTI grant is in the form of time-based restricted share units (“RSUs”) vesting equally over three years with no additional performance hurdles 	<p>Vesting percentiles - While proxy advisors and Australian market practice are in favour of no vesting for relative TSR below the 50th percentile, this is still common market practice in North America. Champion will continue to monitor North American market practices, and use a vesting schedule that is competitive and reflective of generally accepted market practices in North America.</p> <p>Cliff-vesting - While RSUs vest equally over three-years, all Ordinary Shares underlying a RSU grant are only paid at the end of the three-year vesting period based on the Ordinary Share price at such time, which ensures that executives remain incentivized and that their interests align with those of the Shareholders throughout the full three-year period.</p> <p>Therefore, the RSUs remain fully “at-risk” for three years; this equates to a cliff-vesting after the end of the three-year vesting period. Shareholders engaged over the years understand and agree that this practice is customary for TSX-listed issuers, including issuers in the North American mining industry. For example, if an executive is granted 300 RSUs, 100 RSUs will vest each year over three years. However, the actual Ordinary Shares will only be paid out at the end of the three-year vesting period, based on the Ordinary Share price at that time. This means that the value of the RSUs is subject to Champion’s performance and Ordinary Share price fluctuations over the entire three-year period, ensuring that the executive’s interests remain aligned with those of the Shareholders. In other words, no settlement of RSUs occurs prior to the end of the three-year vesting period.</p>	<p>The Board will continue to assess executive compensation practices in light of North American market practice to ensure compensation remains competitive and reflective of generally accepted market practices of its peers.</p> <p>Glass Lewis recognized in their 2024 report that such features are in line with North American practices.</p>
<ul style="list-style-type: none"> Dividend equivalent payment for outstanding PSUs and RSUs 	<p>Dividend equivalents on PSUs and RSUs are appropriate and common market practice because they align the interests of executives with those of Shareholders. It is crucial to understand that these dividend equivalents are not actual cash dividends paid at the time of dividend payment; rather, they are provided in the form of additional PSUs and RSUs based on PSUs and RSUs held by each executive, and which are subject to the same performance criteria and vesting conditions as the underlying PSUs and RSUs. As a result, any PSU and RSU granted as dividend equivalent is only paid out at the end of the vesting period and subject to any other applicable vesting conditions (e.g., performance based vesting conditions for PSUs).</p> <p>By granting dividend equivalents, Champion creates an opportunity for executives to benefit from the same dividends that shareholders receive, thereby reinforcing the executives’ focus on long-term Shareholder value.</p>	<p>The Board will maintain its policy of granting dividend equivalents to ensure compensation stays competitive and aligns with generally accepted market practices of its peers.</p>

<ul style="list-style-type: none"> No LTI grant resolution 	<p>Historically, Australian proxy advisory firms have raised the fact that Champion does not submit its annual LTI grants for Shareholder approval. Champion LTI grants are currently being made under Champion’s Omnibus Incentive Plan, first approved by the Board and Shareholders in 2018, as amended in 2024 (the “Omnibus Plan”). The Omnibus Plan contains provisions which provide for the automatic replenishment of the number of securities reserved for issuance and is therefore considered a “rolling plan” under TSX rules relating to security based compensation arrangements. As per TSX rules, rolling plans such as the Omnibus Plan must be re-approved by shareholders every three years. In this context, the Omnibus Plan was last approved by the Shareholders at the 2024 AGM.</p> <p>The Board believes that the submission of the Omnibus Plan every three years to a Shareholder vote is common practice pursuant to the TSX rules and has no intention to change its practice.</p> <p>Additionally, grants under the Omnibus Plan have historically had a very limited effect on overall dilution. The Company has prepared the illustrative graph below which outlines the rolling proportion of outstanding compensation securities issued under the Omnibus Plan compared to the total issued and outstanding securities of Champion for each of Champion’s three most recent financial years ended March 31, 2025, 2024 and 2023:</p> <div data-bbox="548 814 1170 1161" data-label="Figure"> <table border="1"> <caption>Rolling Percentage of Issued and Outstanding Securities at the end of the Financial Year</caption> <thead> <tr> <th>Financial Year</th> <th>Percentage %</th> </tr> </thead> <tbody> <tr> <td>2023</td> <td>1.00</td> </tr> <tr> <td>2024</td> <td>0.80</td> </tr> <tr> <td>2025</td> <td>1.00</td> </tr> </tbody> </table> </div>	Financial Year	Percentage %	2023	1.00	2024	0.80	2025	1.00	<p>The Board will continue, in accordance with the rules of the TSX, to submit the renewal of the Omnibus Plan for approval by its Shareholders every three years.</p>

<ul style="list-style-type: none"> Reduction of the ROCE* target for the PSUs grants 	<p>The ROCE* targets for PSU grants are lower than in prior years as a result of the growing capital employed in the business over time and to consider the impact of fluctuations in iron ore prices. The methodology used to establish ROCE targets for a given grant is based on Champion’s financial plan approved by the Board near the end of the financial year, which includes certain assumptions with respect to the expected operational results for Champion and the forward-looking iron ore prices in the context of the market and analyst consensus. While operational elements embedded in the financial plan submitted to the Board assume operational initiative to improve the performance of the business year-over-year, the financial plan remains influenced by fluctuations of iron ore prices. The ROCE* is also impacted by the growing capital employed in the business, especially in light of Champion having achieved nameplate capacity for both Phase I and Phase II of the Bloom Lake Mine and the multiple growth projects currently undertaken by Champion. The targeted ROCE* for the financial year ended March 31, 2025 continues to reflect the same challenging threshold in meeting Champion’s operational and financial budgets in the context of the industry at the time of grant, while reflecting the more mature state of Champion’s business.</p>	<p>Not applicable; no action required.</p>
<p>Short-Term Incentive Program</p>		
<ul style="list-style-type: none"> Choice of financial and operating key performance indicators (“KPIs”) used to determine performance and payout under the STIP 	<p>Shareholders have generally agreed with the financial and operating KPIs used under the STIP (including measures, mix, weighting and targets) and indicated that they viewed these as appropriate and aligned with Champion’s strategic goals, including in the context of the changes in STIP metrics for the financial year ended March 31, 2024, pursuant to which realized sales price and total C1 cash cost were added as measures under the STIP in order to ensure payout thereunder was less directly correlated to the iron ore’s price and more closely tied to Champion’s actual execution of its operating strategy. The Board did not change the STIP measures this year.</p>	<p>Shareholders generally agree with the methodology used to determinate performance targets under the STIP; no action required.</p>
<ul style="list-style-type: none"> No deferral of STIP 	<p>Australian proxy advisors and Australian market practice are in favour of having part of STI awards deferred. As this is not a common practice in North America and implementing such a deferral mechanism could be a real deterrent to recruiting executives, Champion has not implemented such a mechanism and does not intend to do so in the future. Rather than focusing on a specific narrow area of a remuneration profile such as STI deferral, Champion focuses on the fundamentals that influence the structure of remuneration profiles and developing and maintaining aggregate compensation packages that pay for performance, are competitive within the North American mining industry and are aligned with Shareholders’ interests.</p>	<p>While Champion will continue to focus on the fundamentals that influence the structure of remuneration and ensuring alignment of interests with Shareholders, a STI deferral mechanism would not be appropriate in the context of a company with significant business operations in North America; therefore no action is required.</p>

* Non-IFRS financial measure, ratio or other financial measure with no standard meaning under the financial reporting framework used to prepare the financial statements. Refer to section “Non-IFRS Financial Measures and Ratios” above.

<ul style="list-style-type: none"> Certain sustainable development objectives under the STIP relate to day-to-day responsibilities of the CEO and KMPs and are not worthy of any additional remuneration above executive base salaries, specifically (i) Talent development and succession planning; (ii) Talent acquisition and employee retention; and (iii) Communities and culture training. 	<p>Sustainability is an essential component of Champion’s future and the Board believes the executives’ compensation should in part depend on their ability to achieve specific objectives that support Champion’s sustainability journey and maintain its strong relationship with local communities. Although arguably sustainable development objectives do not directly achieve superior financial performance, Champion considers that they at the minimum indirectly create value, and that executives should be specifically incentivized to attain them.</p> <p>This year, the Board reviewed the sustainable development objectives of the STIP and made substantial changes to further reflect industry best practices and Champion’s commitment to sustainability. The Board namely increased the total number of specific objectives to be achieved in order to attain target STIP payout and replaced more generic and subjective objectives (talent development, succession planning, talent acquisition and employee retention objectives) with more specific and objective criteria, such as greenhouse gas emission reduction initiatives, diversity and sustainable governance practices ranking with recognized industry benchmarking, as further described in the section “<i>Short-Term Incentives (Annual Bonus)</i>” below.</p>	<p>The Board will continue to integrate ESG related objectives into executives’ remuneration including any relevant STIP, and ensure that those objectives remain ambitious and well aligned with Shareholders’ focus on sustainability.</p>
<p>Base Salary</p>		
<ul style="list-style-type: none"> Consecutive increases of base salary of the CEO 	<p>Over the years, the Board has increased the CEO’s base salary incrementally in order to bring his base salary and total direct compensation within the median of Champion’s peer group. These increases were reflective of the growing size and complexity of the business and the strong performance of Champion in the last years.</p> <p>For the financial year ended March 31, 2025, the Board approved an increase in the CEO’s base salary of 3.6% (to \$1,160,320) in order to, again, maintain his total direct compensation within the median of Champion’s peer group.</p>	<p>Increasing base salary is essential for retaining executives, and Champion will continue to ensure that base salaries remain competitive in the market, especially in light of Champion’s relative performance.</p>
<p>Alignment with Shareholders Interests</p>		
<ul style="list-style-type: none"> Executive securities ownership guidelines 	<p>In January 2024, Champion implemented a securities ownership policy applicable to senior executives and non-executive directors (the “Securities Ownership Policy”) as further described in the sections “<i>Senior Executives Securities Ownership Policy</i>” and “<i>Non-Executive Directors – Securities Ownership Policy</i>” below. The Securities Ownership Policy aims to ensure that Champion’s senior executives’ interests, in particular, the value of their personal holdings of Champion securities, are aligned to the interests of Champion’s Shareholders.</p>	<p>The Securities Ownership Policy was implemented in January 2024, and applies to Champion’s executives. The Board is also subject to a securities ownership policy; no action required.</p>
<ul style="list-style-type: none"> Emphasis of performance-based pay 	<p>Again this year, the Board was pleased to hear from Shareholders that they generally viewed the aggregate compensation packages, including pay mix and weighting of performance-based awards, as appropriate and aligned with North American market practice. Shareholders also acknowledged that prioritizing alignment with Australian remuneration practices to the detriment of Champion’s competitiveness in the North American market for executives would negatively impact Champion’s executive remuneration competitiveness. Given the location of Champion’s employees and operations in Canada and the extremely competitive North American mining employment market, it is essential for Champion to align with North American market practices with respect to executive compensation.</p>	<p>No action required.</p>

<ul style="list-style-type: none"> The treatment of equity incentive securities upon a change of control provided for in the employment agreements with Champion's NEOs, including accelerated vesting at target without pro-ration; severance entitlements. 	<p>The Board has no intention to change the NEOs' current employment agreements and will continue to monitor the market practice.</p> <p>In prior years, Australian proxy advisory firms noted that severance entitlements were not reflective of market practice when compared with severance entitlements under Australian corporation laws. The employment agreements entered into with Champion's executives are governed by the laws of the Province of Québec, where notice period and other requirements relating to termination without cause are more generous than what is provided under Australian corporation law. The Board believes that providing such severance entitlements is necessary in order to provide NEOs with entitlements that are reflective of generally accepted market practices of the region in which Champion operates and that would not reasonably be expected to be below the minimum applicable notice period required under employment laws applicable in the Province of Québec in light of the applicable case law. This has been clearly disclosed in Champion's past Remuneration Reports and Champion will continue with this practice.</p>	<p>Champion will continue to comply with the applicable employment laws that govern each respective employment agreement. Champion does not intend to re-negotiate legacy agreements and will continue to ensure that the terms relating to a change of control for all NEOs remain generally aligned.</p>
<p>Peer Group</p>		
<ul style="list-style-type: none"> The use of ASX-listed peer comparator companies by a third-party advisory firm in their quantitative and qualitative analyses, as Australian compensation practices differ significantly from those generally accepted in the North American mining industry. Notably, the use by Institutional Shareholder Services ("ISS") of a peer group comprised only of ASX-listed issuers, including some non-producing companies or companies operating in different industries, resulted in CEO compensation for 2024 being materially above ISS-selected peers, while actual compensation was generally aligned with the median of Champion's peer group in North America. 	<p>The Board was pleased to hear from Shareholders that Champion's methodology to use a mix of predominantly North American peers to benchmark executive compensation was appropriate, given that Champion's executives and almost all of its employees are based in the Province of Québec, Canada. There was no negative feedback on Champion's existing peer group selection.</p> <p>Nevertheless, Champion understands the importance of this information for Shareholders and will ensure it continues to provide Shareholders with clear disclosure with respect to executive remuneration decisions, including when salary increases are more significant.</p>	<p>Champion to continue providing clear disclosure with respect to the rationale for peer selection as the competitive landscape evolves and for executive remuneration decisions that result from that evolution.</p>
<ul style="list-style-type: none"> The use of gold mining entities with operations outside of Canada in Champion's peer group. 	<p>Champion evaluates the composition of its peer group on a yearly basis with the help of Meridian Compensation Partners LLC ("Meridian"), as independent remuneration advisers to the Board, and is of the opinion that it must be agnostic to the mining industries of the entities that make up Champion's peer group. This rationale considers the lack of comparable bulk and base metal producers with similar size and complexities to that of Champion, with its successful track record, and strong ESG initiatives. As a result Champion needs to expand its pool of potential entities for its peer group.</p>	<p>Champion to continue to evaluate the composition of its peer group to ensure that it provides an effective benchmark for compensation.</p>

Use of Board Discretion		
<ul style="list-style-type: none"> Use of Board discretion in connection with cash compensation granted in the 2023 financial year 	<p>The Board understands that the use of discretion to increase a STIP payout or to grant one-time payments should be limited to extraordinary circumstances, communicated as such directly to Shareholders, and generally consist of equity-based compensation subject to performance criteria.</p>	<p>As previously stated, this has been implemented and the Board intends to limit any use of such discretion to exceptional circumstances. The Board has not used discretion to grant/increase cash-based compensation in the last two years and has no plans for similar payments.</p>

In determining the level of annual performance bonus awards, the Remuneration, People and Governance Committee takes into account overall corporate performance against predetermined performance objectives and metrics. In setting equity-based incentive awards, the Remuneration, People and Governance Committee establishes time-based and performance-based vesting criteria in line with retention and reward objectives. The Remuneration, People and Governance Committee has the authority to seek advice from outside consultants. A more detailed explanation of the various components of executive remuneration can be found at paragraph “*Elements of Executive Remuneration*” below.

Based on these assessments and within the context of pay for performance principles, the Remuneration, People and Governance Committee makes its recommendations to the Board for approval. These recommendations may reflect factors and considerations other than those indicated by market data or provided by advisors, including a consideration of prevailing economic conditions - both on a corporate level and on national and international levels, industry norms for such awards and other elements of executive compensation.

The Remuneration, People and Governance Committee and the Board as a whole have discretion to reward above the noted plan parameters when an individual or team has made an exceptional contribution to the performance of the Company or to apply downward discretion where deemed appropriate, provided that, as explained above, the Board intends to limit any discretionary cash awards to exceptional circumstances. When determining whether it is appropriate and necessary to use its discretion to adjust compensation, the Board gives consideration, among other things, to the circumstances warranting discretion; to whom discretion should apply; the accountability of the individual and/or group for the issue at hand; and the appropriate impact to remuneration and/or other consequences. An overarching principle considered by the Remuneration, People and Governance Committee is that compensation is about incentivizing the right behaviour and Champion does not want to limit the incentive to outperform.

The Remuneration, People and Governance Committee has considered the implications of the risks associated with the Company’s remuneration program by structuring executive remuneration in which a significant portion of overall remuneration is subject to the achievement of certain milestones, including: (i) criteria relating to annual performance, in the case of bonus payments, (ii) vesting periods for RSUs, which vest over three years, and (iii) the achievement of performance criteria over a period of three years for PSUs.

The Remuneration, People and Governance Committee evaluates all executive compensation policies and programs with a view to confirming that the policies and programs do not drive behaviours that would result in inappropriate or excessive risk taking, and that the Company’s compensation policies and practices do not result in identified risks that are likely to have a material effect on the Company. This evaluation process focuses on, among other things, strategic and operational risks; compliance risk; reputational risk; and financial and economic risks. Risks are assessed and considered on both an individual element basis and in totality.

Policies of the Company include certain prohibitions which prevent KMPs from engaging in short-term dealings or short selling or margin lending or other secured financing arrangements in respect of the Company’s securities without the prior approval of the Senior Vice-President, General Counsel and Corporate Secretary and the Executive Chairman. KMPs are prohibited from engaging in derivatives in respect of Ordinary Shares (such as put and call options), or any other hedging or equity monetization transaction in which the individual’s economic interest and risk exposure in Ordinary Shares is changed (such as collars or forward sales contracts).

The Board will continue to review executive remuneration to ensure that executive remuneration continues to align with the Company’s strategy, motivate management, reflect market practices in the North American mining industry and support the delivery of sustainable long-term returns to Shareholders. As part of the review process, the Board will continue to engage with major Shareholders, and receive advice from independent experts.

C. External Advice

Since December 2021, Meridian has been engaged to assist the Board and to provide independent, third-party analysis and advice on the remuneration levels and practices for the executives as well as the remuneration for the Board. Meridian provided advice and recommendations

on the remuneration program for KMPs during each of the financial years ended March 31, 2025 and 2024. The Remuneration, People and Governance Committee exercises oversight over the retention and general scope of work of remuneration consultants to ensure that remuneration recommendations are made free from undue influence by the KMPs to whom they relate.

The table below provides an overview of the total fees paid to Meridian for services rendered during the financial years ended March 31, 2025 and 2024.

(in Canadian dollars)	2025	2024
Executive Compensation Related Fees	\$85,234	\$137,444
All other fees	—	—
Total	\$85,234	\$137,444

D. Compensation Peer Group Selection and Benchmarking

When developing and implementing compensation packages for KMPs, it is standard practice to benchmark total compensation for KMPs against a peer group of companies at similar stages of development, operations, regional geography and of similar size in terms of market capitalization and revenue. For avoidance of doubt, compensation packages for KMPs are not benchmarked against Australian market standards given the employment agreements are based in and relate to the business operations of the Company in Canada.

The Board, in consultation with Meridian, identified a peer group of mining companies with similar operations, with a view to implement market-competitive compensation arrangements for the executives. For the financial year ended March 31, 2025, the Remuneration, People and Governance Committee approved the following compensation peer group that includes 17 similarly-sized publicly-traded mining peers that are generally within 0.5x to 2.5x of Champion's market capitalization and/or total revenues:

Executive Compensation Peer Group ⁽¹⁾	
Alamos Gold Inc.	Alpha Metallurgical Resources, Inc.
Capstone Copper Corp.	Centerra Gold Inc.
Coeur Mining, Inc.	Compass Minerals International, Inc.
Eldorado Gold Corporation	Endeavour Mining plc
Equinox Gold Corp	Hecla Mining Company
HudBay Minerals Inc.	IAMGOLD Corporation
Lundin Mining Corporation	Metallus Inc.
New Gold Inc.	SSR Mining Inc.
Torex Gold Resources Inc.	

Note:

⁽¹⁾ Yamana Gold Inc., which was included in the executive compensation peer group in previous years, has been removed as a result of being acquired and compensation disclosure no longer being available. Alpha Metallurgical Resources, Inc. has been added to the peer group to ensure robust compensation data over time.

In order to benchmark relative TSR for purposes of PSU grants, the Company's independent directors and the Remuneration, People and Governance Committee also identified a second peer group of mining companies further described under the heading "*Long-Term Incentives – Equity Incentives – RSU and PSU Grant*". This peer group is believed to best reflect Shareholders' investment alternatives to Champion, considering the underlying commodity, market capitalization and countries where shares are listed. Accordingly, this peer group differs from the peer group set to implement market-competitive compensation, which in contrast reflects the industry competitive dynamics to retain and attract management in their region of domicile.

E. Key Achievements of the Named Executive Officers in the Financial Year Ended March 31, 2025

Since the successful acquisition and commissioning of the Bloom Lake Mine in the 2018 calendar year, Champion has successfully increased production over time, including by achieving nameplate capacity for the Phase II expansion project in 2024, while making substantial progress on, other growth projects aimed at further strengthening Champion's position in the green steel supply chain such as the direct reduction ("**DR**") pellet feed ("**DRPF**") project and the recently signed partnership agreement for the development of the Kami Project. All of the achievements and initiatives have contributed to increasing Champion's operational footprint as well as Champion's production, revenues and cash flows. Additionally, the Company focused on integration of sustainability principles in its day-to-day operations and decision-making, in line with its commitment to deploy industry best practices in ESG responsibilities.

Key achievements of management during the financial year ended March 31, 2025 include:

- Solid operational and financial performance despite production and shipment challenges from unforeseen events, including nearby forest fires, with an annual production of 13.8 million wmt of high-grade 66.4% Fe concentrate, as well as annual revenues and EBITDA* of \$1,606.6 million and \$471.3 million, respectively; and
- Despite the aforementioned circumstances, the Company was able to deliver record annual sales and material mined and hauled;
- The DRPF project, designed to upgrade half of Bloom Lake's capacity to DR quality pellet feed iron ore grading up to 69% Fe, progressed as planned, with the commissioning phase expected to start in December 2025. Various activities and work related to the project have been progressing as planned;
- Entered into a binding agreement with Nippon and Sojitz to form a partnership for the joint ownership and development of the Kami Project;
- Employee total recordable injury frequency rate of 1.98 for the year, which continues to compare favourably with Québec's open pit industry statistics;
- Met and exceeded most annual sustainability KPIs set in the Company's previous sustainability report, which incorporated industry best practice disclosure frameworks including the Global Reporting Initiative, Sustainability Accounting Standard Board and Task Force on Climate-Related Financial Disclosures;
- Successfully mitigated the impact of significant forest fires in the region, including a preventive evacuation of Bloom Lake to ensure the safety of personnel and infrastructures; and
- Paid two dividends of \$0.10 per Ordinary Share during the financial year ended March 31, 2025, totalling approximately \$104 million of capital returns to Shareholders.

F. Remuneration of Executive Chairman

Mr. O'Keeffe was CEO and Chairman of the Board for the period of August 13, 2013 to March 31, 2019. On April 1, 2019, as part of the implementation of Champion's succession plan, Mr. O'Keeffe stepped down as CEO and was named Executive Chairman of the Board. Mr. O'Keeffe remains an executive and for the financial year ended March 31, 2025, was paid an annual base salary of \$800,000, which includes all entitlements payable by the Company to Mr. O'Keeffe. Mr. O'Keeffe was not eligible to receive any annual short and long-term incentives in the form of annual bonus or equity-based compensation, nor was he eligible for non-monetary compensation paid to a superannuation fund on his behalf.

G. Elements of Executive Remuneration

As is the prevailing practice in the mineral exploration and mining industry, remuneration of the NEOs is comprised of four components:

- (a) base salary (fixed);
- (b) short-term incentive (STI) in the form of annual bonus awards (at-risk);
- (c) long-term incentive (LTI) in the form of equity-based compensation (at-risk); and
- (d) retirement plan contributions, personal benefits and perquisites (fixed).

The Remuneration, People and Governance Committee determined the aforementioned elements to be key to executive compensation for the 2025 financial year.

ij) Base Salary

The Company provides executives with base salaries that represent a fixed element of compensation and their minimum compensation for services rendered or expected to be rendered. The base salary of executives depends on the scope of their experience, responsibilities, leadership skills, performance, length of service, general industry trends and practices, competitiveness and the Company's existing financial resources. Base salaries are determined annually based on the Remuneration, People and Governance Committee's recommendations to the Board. In making its recommendations, the Remuneration, People and Governance Committee, with the assistance of third-party advisors, annually reviews the base salaries of the Company's executives against the base salaries of executives in comparable positions at public companies in the Company's peer group of mining companies.

Base Salary for the Financial Year Ended March 31, 2025

The NEOs' base salaries are intended to be competitive with those paid in the North American mining industry and align with the Company's performance. In the context of recognizing achievements contributing to significant Shareholder value, it is crucial to retain the executives that contributed to value creating drivers over the years including:

- Successful recommissioning of the Bloom Lake Mine Phase I on time and on budget in the 2018 calendar year;
- A series of asset consolidations in the Labrador Trough, including repurchase of a minority stake in the Bloom Lake Mine and the Kami Project, and infrastructure in the region, including the Pointe-Noire Pellet Plant;
- Commitment to sustainable management of the business, highlighted by filing in recent years of sustainability reports which incorporate industry best practice disclosure frameworks as well as the fact that there have been no significant environmental issues since the recommissioning of Bloom Lake in 2018;
- Diligent management of the business, including several refinancings to maintain a healthy financial situation throughout the delivery of growth projects, and return to Shareholders via dividends;
- Delivery and ongoing technical studies on several organic growth projects;
- Successful commissioning of the Phase II expansion project in late April 2022, leading to commercial production in December 2022, and achievement of nameplate capacity in the first quarter of the financial year ended March 31, 2024, all of which were achieved on time and on budget;
- The Company's vision to align with the steel industry green steel transition and innovation leading to the ongoing conversion of half of Bloom Lake's nameplate capacity to an industry leading DRPF iron ore at up to 69% Fe, which is expected to result in significant emission reductions across the steelmaking supply chain;

- Creation of over 1,300 high quality jobs since commissioning of the Bloom Lake Mine, and being amongst the largest employers of First Nations in the Québec Côte-Nord region;
- The entering into a partnership with Nippon and Sojitz for the joint ownership and development of the Kami Project; and
- The reception, in June 2024, of an additional hydroelectric power allocation from Hydro-Québec, providing access to renewable power that will enable the Company to support growth initiatives that would increase its participation in the green steel supply chain and further decarbonize its operations over time.

Over the years, the Board has increased the CEO’s base salary incrementally in order to bring his base salary and total direct compensation within the median of the Company’s peer group. These increases were reflective of the growing size and complexity of the business and the strong performance of the Company in the last years.

For the financial year ended March 31, 2025, the Board approved an increase in the CEO’s base salary of 3.6% (to \$1,160,320) in order to, again, maintain his total direct compensation within the median of the Company’s peer group.

The salary for each NEO for the financial year ended March 31, 2025, is set out in a table under the heading “*2025 Remuneration Awards for the Named Executive Officers*”.

ii) Short-Term Incentives (Annual Bonus)

Target bonus levels (as a percentage of salary) are established to achieve total cash compensation (salary + bonus) at not less than the median of the market when performance is at target levels. In determining annual bonus awards, Champion aims to achieve certain strategic objectives and milestones, which are further described below. An annual target performance bonus award is set for each NEO. The actual performance bonus paid in any year will be based on the performance of the NEOs against pre-determined KPIs. KPIs reflect key deliverables for a particular year.

The STI is an annual incentive plan designed to reward executives for achieving or exceeding financial and non-financial objectives over a one-year period. The STI has been designed to foster an organizational culture of collaboration, co-operation and mutual respect which supports the objective of a long-term outperformance in both the financial and non-financial areas of the business, mainly with annual measures linked to the business strategy, set at levels that are challenging, yet achievable.

Bonus Awards for the Financial Year Ended March 31, 2025

For the financial year ended March 31, 2025, the Board set a target bonus for each NEO as follows, based on their role and responsibilities and competitive opportunities in the Company’s peer group of mining companies:

NEO	Target Bonus (% Salary) ⁽¹⁾
David Cataford	125%
Donald Tremblay	90%
Alexandre Belleau	90%
Steve Boucratie	90%
Michael Marcotte	80%

Note:

⁽¹⁾ As a percentage of base salary for the financial year ended March 31, 2025.

Non-executive directors are not eligible to receive any bonus awards, and directors who are not NEOs have not received any bonus awards.

Since the financial year ended March 31, 2024, the Board uses realized sales price and total C1 cash cost as part of the performance metrics for the STIP. The Board uses these measures given they are less directly correlated to the price of iron ore and more closely tied to the executive’s performance and Company’s actual execution of its operating strategy (when compared to EBITDA and free cash flows, which were used in prior years).

For the financial year ended March 31, 2025, the following financial and operating KPIs were established and evaluated:

- 50% of the total bonus was based on meeting a total production target of 14,511,496 dmt (25%), total C1 cash cost* of \$73.70/dmt sold (10%) and a mining and processing cost* of \$49.06/dmt sold (15%), respectively, in each case based on the budget for the financial year. The Board selected these measures as key performance metrics given that high production volume and costs efficiency represent meaningful operating measures for an iron ore producer;
- 15% of the total bonus was based on obtaining a realized sales price* per dmt of P65 - US\$3/dmt - (C3 x 1.25), based on the budget for the financial year. The Board selected realized sales price as a key performance metric given that it is a strong reflection of operational efficiency and cost management while also reflecting the impact of the iron ore concentrate price throughout a period; and
- 35% of the total bonus was based on overall performance imperatives comprising of health and safety and sustainable development objectives:
 - 15% was based on health and safety targets including no fatalities and minimal time lost due to injuries.
 - 20% was based on sustainability and environmental goals of the Company. The goals are set out below:

#	Category	Description
Environment		
1	Environmental Compliance	Achieve 0 major or significant environmental incident/environmental violation.
2	Water Management	Achieve 90% of recycled water.
3	Tailings Management	Achieve above "A" ratings and compliance assessments at 100% with the Mining Association of Canada's tailings management governance model and framework towards monitoring tailings retaining structures.
4	Greenhouse Gas (GHG)	2030 target 2025 objective: Identified a list of projects that are expected to contribute to the 2030 target and monitor projects' effectiveness. 2050 target 2025 objective: Disclose its first Scope 3 emissions aligned with the GHG Protocol.
Social		
5	Diversity and Inclusion	Year-over-year increase in the number of women employees working for the Company and deploy supporting initiatives to develop women.
6	Community Relations	Address 100% of grievances within 30 days.
7	First Nations Partners	Organize and hold an annual consultation with its First Nations partners to assess alignment and opportunities to improve collaboration.
Governance		
8	Management	Yearly review of all corporate governance policies to ensure best practices. Amend existing corporate policies based on the previous year's review and successfully adopt new policies to align stakeholders' expectations.
9	Towards Sustainable Mining (TSM)	Reach and maintain "A" ratings or "compliant" assessments in 90% of categories.

All objectives were subject to a gradation scale allowing them to be met either at 0% or anywhere from 50% to 200%. No amount of STI is payable in relation to a KPI unless the minimum performance level for that KPI is met. As a result of the application of the gradation scale (0% to 200%) to the target bonus (as a % of salary), the total annual bonus payable to the NEOs is capped at 250% of base salary for the CEO, 180% of base salary for the CFO, COO and the Senior Vice-President, General Counsel and Corporate Secretary and 160% of base salary for the Senior Vice-President, Corporate Development and Capital Markets.

During the financial year ended March 31, 2025, the Board, with the advice of Meridian, reviewed the Company's payout opportunity in respect of the STIP against short-term incentive plans adopted by its peers and found that the STIP generally provided lower upside opportunity in the case of maximum performance compared to peers (with payout capped at 150%), while the STIP's downside risk in the case of lower performance was generally aligned with peers. As a result, the Board approved an increase in the maximum payout of the STIP from 150% to 200% in order to align maximum payout opportunity in the case of maximum performance with its peers. The Board concurrently reviewed STIP objectives and metrics to ensure that the achievement of the maximum payout would be more challenging under this new design. While the maximum STIP

payout opportunity has been increased from 150% to 200%, the Board concurrently reviewed STIP objectives and metrics to ensure that the change reflects a higher bar for exceptional performance rather than an increase in target compensation, which ensure maximal alignment with Shareholders' interests.

The budget for the financial year ended March 31, 2025, was approved in March 2024, as part of the regular Board approval timetable. At such time, the iron ore price assumptions were set through a consensus of various industry experts market iron ore price forecasts for the forthcoming year, plus a critical assessment and scenario analysis on forward-looking operational performance assessed by management. Both the timeline and budget preparation approach were consistent with previous years. The targets for the STI program for the financial year ended March 31, 2025, were recommended by the Remuneration, People and Governance Committee to the Board, and approved by the Board, in May 2024.

The following bonus score card table outlines the weighting, performance objectives, actual results and payout factor for the bonus awards for the financial year ended March 31, 2025.

iii) Long-Term Incentive – Equity-Based Incentives

Equity-based incentives are a particularly important component of compensation in the mining industry given the long lifecycle of mining and are a critical component of the Company's remuneration philosophy. These plans are designed to align the interests of the NEOs and other participating employees with the interests of Shareholders by linking a component of compensation to the long-term performance of the

Ordinary Shares through “at risk” pay. Awards under these arrangements for the NEOs are structured to create total direct compensation (i.e., the combination of salary + bonus + equity-based incentives) at median market positioning, or above median when performance warrants.

The tables under the section “RSU and PSU Grants made in the Financial Year ended March 31, 2025” below set out the tabulation for the NEO LTI awards that were made during the financial year ended March 31, 2025. Such RSUs and PSUs will vest over a period of three years following the date of grant, and the value of such grants is reported below under the heading “Summary Compensation Table”.

Omnibus Plan

The Omnibus Plan provides flexibility to the Company to grant, in addition to stock options, Deferred Share Units (“DSUs”), PSUs, RSUs, and other forms of equity-based incentive awards. Following the initial approval of the Omnibus Plan by the Shareholders at the 2018 annual and special meeting, all grants of equity-based awards are made pursuant to, or as otherwise permitted by, the Omnibus Plan. In accordance with the rules of the TSX, evergreen plans (such as Champion’s) are subject to renewal by Shareholder approval every three years. Subsequent to its initial approval in 2018, the Omnibus Plan was re-approved by the Shareholders at the annual Shareholder meetings held in August 2021 and August 2024 and its renewal will be due for Shareholder approval again in 2027.

The purpose of the Omnibus Plan is to provide eligible persons (which include directors, full-time or permanent part-time employees of the Company or any of its affiliates or other persons determined by the Board) with an opportunity to share in the growth in value of the Company and to encourage participants to improve the longer-term performance of the Company and its returns to Shareholders. The Omnibus Plan assists the Company in attracting and retaining skilled and experienced employees and aligns their incentives with the longer-term goals of the Company.

Stock Options

At the discretion of the Board, options may be granted under the Omnibus Plan to NEOs taking into account a number of factors, including the amount and term of options previously granted, base salary and bonuses and competitive market factors. The Board has the ability to establish the expiry date for each stock option, provided that in no event will the expiry date be later than the date which is ten years following the grant date. Typically, stock options granted by the Board vest one third (1/3) on each of the grant date and on the 12 and 24-month anniversaries of grant and are issued with a three-year or four-year term before expiring.

No stock options were granted to NEOs during the financial year ended March 31, 2025.

Burn Rate

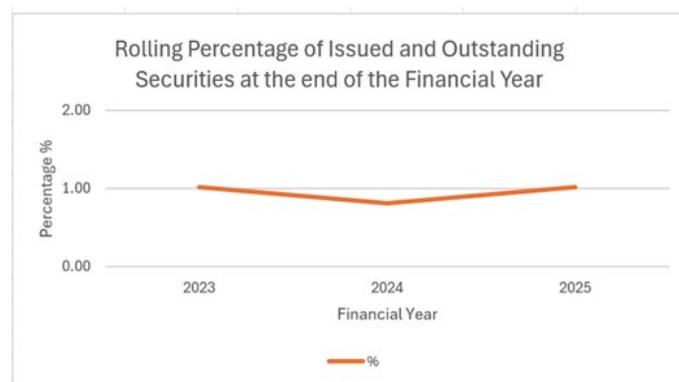

The following table provides the annual burn rate associated with the Omnibus Plan for each of the Company’s three most recent financial years ended March 31, 2025, 2024 and 2023:

Equity Compensation Plan	Financial Year Ended March 31,	Number of Securities Granted under the Plan ⁽¹⁾	Weighted Average Number of Securities Outstanding ⁽²⁾	Annual Burn Rate ⁽³⁾
Omnibus Plan	2025	2,051,338	518,173,000	0.40%
	2024	2,095,418	517,579,000	0.40%
	2023	1,101,501	517,046,000	0.21%

Notes:

- ⁽¹⁾ Corresponds to the number of dilutive securities granted under the Omnibus Plan in the applicable financial year.
- ⁽²⁾ The weighted average number of securities outstanding during the period corresponds to the number of securities outstanding at the beginning of the period, adjusted by the number of securities bought back or issued during the period multiplied by a time-weighting factor.
- ⁽³⁾ The annual burn rate percentage corresponds to the number of dilutive securities granted under the Omnibus Plan divided by the weighted average number of securities outstanding.

In addition to the annual burn rate outlined above, the graph below provides an illustrative overview of the rolling aggregate proportion of outstanding compensation securities issued under the Omnibus Plan compared to the total issued and outstanding securities of the Company for each of the Company’s three most recent financial years ended March 31, 2025, 2024 and 2023:

Types of Awards under the Omnibus Plan

The types of awards which may be granted under the Omnibus Plan include stock options, RSUs, PSUs, DSUs, or other share-based awards (collectively, the “Awards”). All of the Awards described below are subject to the conditions, limitations, restrictions, exercise price, vesting and forfeiture provisions determined by the Board in its sole discretion and, subject to such limitations provided in the Omnibus Plan, will be evidenced by an award agreement. In addition, subject to the limitations provided in the Omnibus Plan and in accordance with applicable law, the Board may accelerate or defer the vesting or payment of Awards, cancel or amend outstanding Awards, and waive any condition imposed with respect to Awards or Ordinary Shares issued pursuant to Awards. Any cancellation or amendment to an outstanding Award that may materially adversely alter or impair the rights of a participant under any Award previously granted requires the consent of the affected Participant.

Stock Options

A stock option is a right to purchase Ordinary Shares upon the payment of a specified exercise price as determined by the Board at the time the stock option is granted. The exercise price shall not be less than the “Market Price” of an Ordinary Share at the time the option is issued, determined as the volume weighted average trading price [“VWAP”] of the Ordinary Shares on the ASX if the eligible person is a resident in Australia and otherwise the VWAP of the Ordinary Shares on the TSX, calculated by dividing the total value by the total volume of securities traded during the period of five trading days immediately prior to the date of issue.

Stock options may be subject to vesting conditions as determined by the Board. The Board will establish the expiry date for each stock option, provided that in no event will the expiry date be later than the date which is ten years following the grant date. The exercise notice of such option must be accompanied by payment in full of the purchase price for the Ordinary Shares subject to the options. No Ordinary Shares will be issued upon the exercise of stock options in accordance with the terms of the grant until full payment for the Ordinary Shares has been received by the Company.

No stock options were granted during the financial year ended March 31, 2025.

Restricted Share Units (RSUs)

A RSU is a unit equivalent in value to an Ordinary Share credited by means of a bookkeeping entry in the books of the Company which entitles the holder to receive Ordinary Shares or cash based on the price of the Ordinary Shares at some future date.

A RSU will be subject to time-based vesting conditions, timing of settlement and other terms and conditions, not inconsistent with the provisions of the Omnibus Plan, as the Board shall determine; provided that no RSU granted shall vest and be payable after December 31 of the third calendar year following the year of service for which the RSU was granted. When cash dividends are paid by the Company on outstanding Ordinary Shares, the Company credits additional dividend equivalent RSUs to the participant’s account. Dividend equivalent RSUs are subject to the same terms and conditions as the RSUs and vest and are settled at the same time and in the same form as the RSUs to which such dividend equivalent RSUs relate. As is the case for RSUs granted under incentive plans of many TSX-listed issuers, including issuers in the North American mining industry, vesting of the RSUs is based on time-based vesting conditions rather than performance-based vesting conditions. The Company believes that grants of time-based RSUs that are only paid at the end of the three-year vesting period based on the Ordinary Share price at such time is an effective means of retaining executives by providing compensation packages that remain competitive and reflective of generally accepted market practices of its peers and which reward past performance against pre-established targets and contribute to the Company’s annual profitability and growth, and tying executive remuneration to the long-term performance of the Company. This time-based vesting approach with payment at the end of three years based on the Ordinary Share price at such time is effectively “cliff-vesting” of the of grants.

Performance Share Units (PSUs)

A PSU is a unit equivalent in value to an Ordinary Share credited by means of a bookkeeping entry in the books of the Company which entitles the holder to receive Ordinary Shares, or cash based on the price of the Ordinary Shares, at some future date, subject to the achievement of performance goals established by the Board over a period of time or with respect to certain project-related specific milestones.

The Board has the authority to determine any vesting and settlement terms applicable to the grant of PSUs, provided that no PSU granted shall vest and be payable after December 31 of the third calendar year following the year of service for which the PSU was granted. It is currently intended that PSUs granted under the Omnibus Plan will be subject to such performance-based vesting conditions, as the Board shall determine from time to time, designed to align the participant with the Company's corporate objectives. When cash dividends are paid by the Company on outstanding Ordinary Shares, the Company credits additional dividend equivalent PSUs to the participant's account. Dividend equivalent PSUs are subject to the same terms and conditions as the PSUs and vest and are settled at the same time and in the same form as the PSUs to which such dividend equivalent PSUs relate.

All vesting conditions shall be such that the PSUs will comply with the exception to the definition of "salary deferral arrangement" contained in paragraph (k) of subsection 248(1) of the *Income Tax Act* (Canada) or any successor provision thereto.

The Company began granting PSUs under the Omnibus Plan during the financial year ended March 31, 2020. The PSUs granted during the financial year ended March 31, 2022 vested, in accordance with the applicable performance-based vesting conditions, during the financial year ended on March 31, 2025, and the payout thereunder is disclosed in the section "*Corporate Performance Measures, Results and Related Payout during the Financial Year Ended March 31, 2025*" below.

Deferred Share Units (DSUs)

A DSU is a unit equivalent in value to an Ordinary Share credited by means of a bookkeeping entry in the books of the Company which entitles the holder to receive Ordinary Shares, or cash based on the price of the Ordinary Shares, on a future date, provided that in no event shall a DSU be settled prior to the applicable participant's date of termination of service to the Company. If DSUs are settled in Ordinary Shares, the rules of the Omnibus Plan require that the Ordinary Shares be purchased on the market.

DSUs will only be issued to directors of the Company or any of its affiliates who are not employees (the "Directors"). Subject to certain limitations, any Director may, on a bi-annual basis, elect to receive DSUs in lieu of such Director's annual fees or in lieu of a portion of such Director's annual fees by giving written notice of such election. When cash dividends are paid by the Company on outstanding Ordinary Shares, the Company credits additional dividend equivalent DSUs to the participant's account. Dividend equivalent DSUs are subject to the same terms and conditions as the DSUs and vest and are settled at the same time and in the same form as the DSUs to which such dividend equivalent DSUs relate.

Other Share-Based Awards

The Board may grant to an eligible person, subject to the terms of the Omnibus Plan, such awards, other than those described above, that are denominated or payable in, valued in whole or in part by reference to, or otherwise based on or related to, Ordinary Shares (including, without limitation, securities convertible into Ordinary Shares), as are deemed by the Board to be consistent with the purpose of the Omnibus Plan.

The Board deems equity awards as a valuable retention and incentive mechanism for management. Retention of executives and highly skilled staff continues to be a high priority for the Company for the following reasons:

- the Company aims to set overall target remuneration such that the Company's executive remuneration program and strategy remain competitive within the North American market, which have become increasingly competitive over the years, with companies aggressively pursuing mining executives with a successful track record;
- the high opportunity cost to retain key personnel who have led and are expected to lead Champion as it seeks to further increase production at Bloom Lake and continue to develop growth initiatives that would increase the Company's participation in the green steel supply chain and help the Company decarbonize its operations over time; and
- if there is an interruption to production for any number of reasons, the Company needs to be able to restart production in a safe environment as soon as reasonably possible. The necessary skills that have been developed internally to deal with these challenges cannot be procured easily outside the Company.

RSU and PSU Grants made in the Financial Year ended March 31, 2025

During the financial year ended March 31, 2025, the Board granted RSUs and PSUs to its NEOs under the Omnibus Plan. In determining the size of such grants and setting a target for the LTI for each NEO, the Board considered among other things their roles and responsibilities and

competitive opportunities in the Company's peer group of mining companies, as described below. The number of RSUs or PSUs granted was determined according to the VWAP of the Ordinary Shares on the TSX during the period of five trading days immediately prior to the date of grant. The value of such grants is also reported below under the heading "Summary Compensation Table" below.

NEO	LTIP Target [% salary] ⁽¹⁾	Value of Annual Equity Awards [\$]	RSUs [\$]	RSUs [# of units] ⁽²⁾	PSUs [\$]	PSUs [# of units] ⁽²⁾
David Cataford	265%	3,074,848	1,229,939	207,060	1,844,909	310,591
Donald Tremblay	145%	826,210	330,484	55,637	495,726	83,456
Alexandre Belleau	180%	1,230,768	492,307	82,880	738,461	124,320
Steve Boucraatie	155%	899,000	359,600	60,539	539,400	90,808
Michael Marcotte	145%	788,655	315,462	53,108	473,193	79,662

Notes:

⁽¹⁾ As a percentage of base salary for the financial year ended March 31, 2025.

⁽²⁾ The number of units granted was determined according to the VWAP per Ordinary Share on the TSX during the period of five trading days immediately prior to the date of grant, being \$5.94.

None of the directors who are not NEOs received any grants of RSUs or PSUs in the financial year ended March 31, 2025.

The value of the LTIP and related grants are reported in a table below under the heading "Summary Compensation Table" for the applicable financial year in which grants were made, irrespective of whether the performance criteria for vesting had been achieved during such period. The portion of any such LTI awards that vested during any year is shown in the table presented in the section "Incentive Plan Awards - Value Vested or Earned During the Year" below.

The grants of RSU and PSU awards made during the financial year ended March 31, 2025, consisted of the following components:

- RSU Grant (40% of LTI): vesting equally over a three-year period following the date of grant and subject to no performance hurdles (RSUs effectively "cliff-vest" because they are not paid out until the end of the three-year vesting period and the payment for all RSUs is based on the Ordinary Share price at such time); and
- PSU Grant (60% of LTI): measured against certain performance conditions over the three years commencing on April 1, 2024, and ending on March 31, 2027, and which vest at the end of that three-year period subject to the key performance measures having been met.

This year the Board, with the advice of Meridian, reviewed the Company's payout opportunity in respect of the LTIP against long-term incentive plans adopted by its peers and found that the plan, as is the case for the STIP, generally provided lower upside opportunity in the case of maximum performance. Most peers have a maximum payout of 200% of target, while the Company's maximum payout is 175% of target. Various elements were taken into account by the Board to approve an increase in the maximum payout of the LTIP from 175% to 200% in order to align the maximum payout opportunity in the case of maximum performance with its peers. Namely, on the one hand, there is less downside risk for the ROCE component [e.g., 75% of target payout for threshold performance] than the peer market, which, in and of itself, may warrant the lower upside, however, on the other hand, the TSR component has more downside risk than the peer market [e.g., 50% of target payout for P37.5 performance, compared to peers that typically earn a larger payout for weaker performance levels at P25]. In addition, the Company has a slightly higher performance composition to the long-term incentive program than peers. Taken together, these elements balance/mitigate the lower downside risk on the ROCE component. While the maximum LTIP payout opportunity has been increased from 175% to 200%, the Board concurrently reviewed LTIP objectives and metrics to ensure that the change reflects a higher bar for exceptional performance rather than an increase in target compensation, which ensure maximal alignment with Shareholders' interests. For instance, substantial peer relative outperformance is needed to attain maximum payout for the TSR component, which such maximum payout being attained at a P85 performance.

The Board established the following key performance measures for the PSUs which the Board believes provide the most suitable link to long-term Shareholder value creation. Specifically, the criteria encourage executives to focus on the key performance drivers which underpin the Company's strategy with a view to delivering long-term growth in Shareholder value. The potential "maximum" earning opportunity is not expected to be achieved each year, but is designed to only be achieved in respect of exceptional performance or circumstances.

- 40% of the grant based on the performance of the Ordinary Share price (or TSR) relative to a peer group, between April 1, 2024, and March 31, 2027. 200% of the TSR portion of the PSUs grant will vest if the Company's TSR reaches the 85% percentile of the peer group, 175% of the TSR portion of the PSUs grant will vest if the Company's TSR reaches the 75% percentile of the peer group, 100% of the TSR portion of the PSUs grant will vest if the Company's TSR is at the 50% percentile of the peer group and 50% of the TSR portion of the PSUs grant will vest if the Company's TSR is at the 37.5% percentile of the peer group. Proportional vesting will, respectively, occur

between the 25% and 50% percentiles, 50% and 75% percentiles and 75% and 85% percentiles. No vesting will occur if Champion's TSR is less than the 25% percentile of the peer group. This approach as to vesting relative to the peer group is customary in the North American mining industry and is taken into account by the Board when determining the overall compensation of NEOs. The Board believes this approach is appropriate to ensure executive compensation remains competitive and reflective of generally accepted market practices of the Company's peers.

Relative TSR provides an appropriate, external market performance measure having regard to a peer group of companies with which the Company competes for capital, customers and talent. The use of relative TSR ensures that executives are motivated to deliver returns that are superior to what a Shareholder could achieve in the broader market and ensures management maintains a strong focus on Shareholder outcomes. In order to benchmark relative TSR for purposes of the grants of PSUs made in the financial year ended March 31, 2025, the Company's independent directors and the Remuneration, People and Governance Committee identified a peer group of mining companies with generally similar stage of development operations, annual revenues and market capitalization. The group has been designed to include (i) internationally listed companies that are involved in the same commodity, and (ii) companies that are involved in metallurgical coal, or companies having thermal coal exposure, given its correlation to iron ore (since both are used in the steelmaking process).

CAP SA, Rana Gruber ASA and Algoma Steel Group Inc. have been added to the peer group as they all represent global investment alternatives to Champion with similar underlying commodities.

- 60% of the grant based on an actual ratio of ROCE compared to a target ratio set by the Board. The actual ratio is measured over the three-year period commencing on April 1, 2024, and ending on March 31, 2027, by dividing (i) average EBITDA* for each year in the three-year period by (ii) average capital employed (long-term debt plus Champion's consolidated total equity, including options and warrants, including lease liabilities and excluding cash and cash equivalents up to a certain threshold) for each year in the three-year period.

For the PSUs granted in the financial year ended March 31, 2025, if the actual ratio represents more than 125% of the corresponding target ratio based on the Company's budget for the three-year reference period (which was set at 0.27 for the financial year ended March 31, 2025), 200% of that portion of the PSUs grant will vest at the end of the three-year period. If the actual ratio equals the corresponding target ratio based on the Company's budget for the three-year reference period, 100% of that portion of the PSUs grant will vest at the end of the reference period. If the actual ratio is less than the target ratio based on the Company's budget for the three-year reference period, a reduced percentage of this portion of the PSUs grant will vest. Proportional vesting will occur if the actual ratio represents between 70% to 100% or 100% to 125% of the target ratio, and will be between 75% and 200%. No vesting will occur if the actual ratio is less than 70% of the target ratio based on the Company's budget for the three-year reference period. The Board believes that the use of ROCE as a performance measure allows executive pay to be linked to capital allocation discipline and therefore further aligns executives' interests with Shareholders' interests.

The following table outlines the payout percentages associated to the specific ranges of actual ratio of ROCE, for the PSU grants made during the financial year ended March 31, 2025:

Targets - ROCE	Vesting of 60% Portion of PSU Grants
0.34 and above	200%
0.27	100%
0.19	75%

* Non-IFRS financial measure, ratio or other financial measure with no standard meaning under the financial reporting framework used to prepare the financial statements. Refer to section "Non-IFRS Financial Measures and Ratios" above.

Targets - ROCE	Vesting of 60% Portion of PSU Grants
Less than 0.19	Nil

The ROCE target continues to be set using the same methodology year-over-year and continues to reflect the same challenging threshold relative to Company's operational and financial budgets as in prior years. The ROCE targets for PSU grants are lower than in prior years as a result of the growing capital employed in the business over time and to consider the impact of fluctuations in iron ore prices.

The methodology used to establish ROCE targets for a given grant is based on the Company's financial plan approved by the Board near the end of the financial year, which includes certain assumptions with respect to the expected operational results for the Company and the forward-looking iron ore prices in the context of the market and analyst consensus. While operational elements embedded in the financial plan submitted to the Board assume operational initiative to improve the performance of the business year-over-year, the financial plan remains influenced by fluctuations of iron ore prices. The ROCE* is also impacted by the growing capital employed in the business, especially in light of the Company having achieved nameplate capacity for both Phase I and Phase II of the Bloom Lake Mine and the multiple growth projects currently undertaken by the Company. The targeted ROCE* for the financial year ended March 31, 2025 continues to reflect the same challenging threshold in meeting the Company's operational and financial budgets in the context of the industry at the time of grant, while reflecting the more mature state of the Company's business.

The Board believes that the performance criteria for such PSU grants provide the most suitable link to long-term Shareholder value creation. Specifically, the performance criteria encourage executives to focus on the key performance drivers which underpin the Company's strategy to deliver long-term growth in Shareholder value. Generally, the potential "maximum" earning opportunity is not expected to be achieved each year, but is designed to only be achieved in respect of exceptional performance or circumstances. The value of the LTI grants is reported in a table below under the heading "Summary Compensation Table", irrespective of whether the performance criteria for vesting had been achieved during such period. The portion of any such LTI awards that vested during any year is shown in the table presented below entitled "Incentive Plan Awards - Value Vested or Earned During the Year".

Corporate Performance Measures, Results and Related Payout during the Financial Year Ended March 31, 2025

During the financial year ended March 31, 2025, the PSUs granted during the financial year ended March 31, 2022, which vested over a three-year period subject to the achievement of performance-based vesting conditions, vested and were paid out at the maximum performance level as a result of the TSR and ROCE performance criteria having exceeded the maximum payout targets for the performance period.

Financial Measure	Weighting	Actual Result	Payout
TSR	40%	58.3 rd percentile of peer group ⁽¹⁾	49.96%
ROCE*	60%	0.58	105.00%
Total	100%	—	154.96%

Note:

⁽¹⁾ Based on the TSR over the three-year period ended on March 31, 2025, compared to the Company's applicable PSU peer group average.

Update on Phase II PSU Grant

During the financial year ended March 31, 2025, vesting for the last milestone (achievement of nameplate capacity, which was attained on April 3, 2023) under the PSUs granted during the financial year ended March 31, 2022, for which vesting was aligned with the achievement of key milestones related to the successful completion of the Phase II expansion project (the "Phase II PSUs"), occurred. Vesting occurred on April 3, 2024, being 12 months following the achievement of the nameplate capacity milestone. Refer to section "Incentive Plan Awards - Value Vested or Earned During the Year" below for details on such vesting and refer to the Company's 2024 Remuneration Report for additional details on the achievement of the milestones of the Phase II PSUs. As disclosed in last year's Remuneration Report, the total weighted payout for the Phase II PSUs was 84.6%.

iv) Retirement Plan Contributions, Personal Benefits and Perquisites

Champion has adopted a registered pension plan and a non-registered savings plan for its NEOs. The executive plan design is based on employer contributions solely and calculated on base salary and STI. Personal group health and life insurance benefits provided to the NEOs are available

* Non-IFRS financial measure, ratio or other financial measure with no standard meaning under the financial reporting framework used to prepare the financial statements. Refer to section "Non-IFRS Financial Measures and Ratios" above.

to all permanent full-time employees of the Company. At the discretion of the Board and based on market-prevalent practices, other perquisites may be provided to NEOs in relation to the specific office held by each NEO.

Eligibility	Upon start of employment for executives
Participation	Compulsory
Employer Contributions	Effective April 1, 2022, 10.5% of base salary and STI
Employer Maximum Contributions	Employer contribution up to a maximum of \$32,490 for the calendar year 2025 within the registered pension plan, excess is vested in non-registered savings plan.
Vesting	Immediate
Transfers from Other Plans	Permitted in non-registered savings plan

The following table sets out, for each NEO, the accumulated value at the start of the financial year, the compensatory value and the accumulated value at the end of the financial year ended March 31, 2025.

Name	Accumulated Value at Start of Year (\$)	Employer's Contribution (\$)	Accumulated Value at Year-End (\$)
David Cataford	1,067,997	274,524	1,342,521
Donald Tremblay	178,213	118,064	296,277
Alexandre Belleau	524,855	140,416	665,271
Steve Boucratie	391,662	120,596	512,258
Michael Marcotte	322,272	107,509	429,781

Directors who are not NEOs are not eligible for, and have not received, any of the retirement plan contributions and personal benefits set out above during the financial year ended March 31, 2025.

2025 REMUNERATION AWARDS FOR THE NAMED EXECUTIVE OFFICERS

Annual base salary, bonus, PSU grants and RSU grants in the financial year ended March 31, 2025, to the NEOs were as follows.

Name and Principal Position	Annual Base Salary [\$]	Bonus [\$]	Total PSU Grant [\$]	Total RSU Grant [\$]
David Cataford CEO	1,160,320	1,390,294	1,844,909	1,229,939

Michael Marcotte Senior Vice-President, Corporate Development and Capital Markets	543,900	417,088	473,193	315,462

Further information pertaining to the NEO's remuneration for the past three financial years is found in the section "Summary Compensation Table" below.

SUMMARY COMPENSATION TABLE

The following table discloses a summary of remuneration earned by each of Champion's NEOs for each of the three most recently completed financial years ended March 31, 2025, 2024 and 2023. As described in the footnotes to the summary remuneration table, amounts presented under the columns entitled "Share-based Awards" and "Option-based Awards" reflect the full fair values of the awards as measured at their respective grant dates. Accordingly, the amounts presented thereunder are not reflective of the related accounting expense for the current financial year. Refer to "Details of Total Statutory Remuneration for KMP (NEOs and Directors)" below for the statutory remuneration table for this financial year as calculated with reference to the Corporations Act, Australian Accounting Standards and International Financial Reporting Standards.

The value of an incentive award is included below in the year during which the grant of the award was made. Further information pertaining to the NEOs' LTI remuneration for the 2025 financial year is presented in the section, "2025 Remuneration Awards for the Named Executive Officers" below.

Notes:

⁽¹⁾ Share-based awards consist of RSUs and/or PSUs which are subject to vesting criteria. The Share-based awards value is based on the fair market value of the Ordinary Share price at the time of the grant. Until and up to the financial year ended March 31, 2023, prior to completing a grant of PSUs or RSUs under the Omnibus Plan, the Board considered the annual performance for the most-recently completed financial year and took such performance into account in determining the size of such grants, which grants were made as a percentage of an NEO base salary for the most-recently completed financial year. Accordingly, grants would typically be made after the publication of the annual results for such financial year based on the VWAP per Ordinary Share on the TSX during the period of five trading days immediately prior to grant. Starting with the financial year ending March 31, 2024, in order to better align with generally accepted market practice followed by the Company's peers, the Board determined that RSU and PSU grants made during any financial year will relate to an NEO's compensation for that particular year and will be made as a percentage of the NEO's base salary for such year. For the awards granted in the financial year ended March 31, 2025, the fair market value of the Ordinary Shares at the time of grant was at \$5.94. For the awards granted in the financial year ended March 31, 2024, the fair market value of the Ordinary Shares at the time of grant was at \$5.06. For the awards granted in the financial year ended March 31, 2023, the fair market value of the Ordinary Shares at the time of grant was at \$6.89.

⁽²⁾ Represents amounts paid to Mr. Cataford under the Company's STIP for the financial year ended March 31, 2023, and the one-time bonus of \$750,000 paid to Mr. Cataford in recognition for his outstanding performance during the year and the work achieved on several key projects.

⁽³⁾ Mr. Tremblay was appointed as CFO of the Company on July 4, 2022, effective September 12, 2022. Mr. Tremblay did not earn any remuneration from the Company prior to September 12, 2022. Upon joining the Company, Mr. Tremblay was granted 125,000 RSUs with a value of \$576,250 at the time of grant.

OMNIBUS PLAN AWARDS

Outstanding Share-Based Awards and Option-Based Awards

The following table sets out the outstanding option-based and share-based awards for NEOs as at March 31, 2025, the end of the Company's most recently completed financial year.

Michael Marcotte Senior Vice-President, Corporate Development and Capital Markets	—	—	—	—	328,153	1,440,590	178,397

Note:

⁽¹⁾ Share-based awards consist of RSUs and PSUs and are settled in Ordinary Shares or cash in accordance with the Company's Omnibus Plan, and include RSUs and PSUs issued as dividend equivalents. RSUs vest over a specific period of time while PSUs vest over a predetermined period of time upon meeting predetermined performance criteria. For more information regarding RSU and PSU vesting, please see the Omnibus Plan Awards. The market or payout value is based on the TSX market closing price of the Ordinary Shares on March 31, 2025, being \$4.39.

Omnibus Plan Awards - Value Vested or Earned During the Financial Year Ended March 31, 2025

The following table discloses incentive plan awards, including annual incentive bonuses and contracted milestone bonuses, vested or awarded during the financial year ended March 31, 2025:

Name	Value Vested During the Year (\$) ⁽¹⁾		Value Earned During the Year (\$)
	Option-Based Awards	Share-Based Awards	Non-Equity Incentive Plan Compensation
David Cataford	—	2,345,984	1,390,294
Donald Tremblay	—	351,245	491,568
Alexandre Belleau	—	820,328	589,882
Steve Boucrairie	—	731,395	500,368
Michael Marcotte	—	443,553	417,088

Note:

⁽¹⁾ Option-based awards value vested during the year is the difference between the market price of the underlying securities at vesting date and the exercise price of the options under the option-based award. Share-based award value vested during the year is calculated using the Company's VWAP of the Ordinary Shares on the TSX during the period of five trading days immediately prior to the vesting date. Share-based awards consisted of RSUs and PSUs (including the portion of the Phase II PSUs related to the achievement of the last milestone (achievement of nameplate capacity)) and include RSUs and PSUs issued as dividend equivalents.

SENIOR EXECUTIVES SECURITIES OWNERSHIP POLICY

In January 2024, Champion implemented the Securities Ownership Policy, which replaced the prior share and share-based ownership policy of the Company that only applied to non-executive directors. The Securities Ownership Policy implemented share and share-based ownership requirements for the senior executives of Champion and its subsidiaries (“**Senior Executives**”) and non-executive directors of Champion, and is designed to align the interests of those subject to the policy with the long-term interests of Shareholders.

Pursuant to the Securities Ownership Policy, the executive Chairman and the CEO of Champion are each required to hold an aggregate number of Ordinary Shares, vested and unvested RSUs, and a portion (only 65%) of vested and unvested PSUs (for purposes of this section, collectively, “**Champion Equity**”) having an aggregate value of at least three times their annual base salary, and the CFO, the COO and the senior vice presidents of Champion are each required to hold an aggregate number of Champion Equity having an aggregate value of at least two times their annual base salary. The required level of ownership of Champion Equity held by Senior Executives is referred to as the “**Relevant Threshold**”. Ownership requirements must be achieved by January 30, 2029, or within five years of the date of appointment as a Senior Executive, whichever occurs later. If a Senior Executive’s base salary increases, such Senior Executive shall meet the required level of ownership of the Securities Ownership Policy taking into account such increased salary within five years of the increase occurring.

Once the value of the Champion Equity held by a Senior Executive exceeds the Relevant Threshold, calculated as the greater of either the aggregate acquisition value for the Champion Equity held by the Senior Executive or the fair market value of the Champion Equity held by the Senior Executive at the relevant time (in each case with only 65% of PSUs held being taken into account), such individual is deemed to meet the applicable ownership guideline. A Senior Executive who has achieved the necessary ownership level will be deemed to meet the applicable ownership guideline on an ongoing basis as long as such Senior Executive does not dispose of Ordinary Shares which would cause such individual to no longer meet the Relevant Threshold immediately following such disposition based on the Champion Equity then held or deemed to be held by such individual. In developing the Securities Ownership Policy, the Board, with the advice of Meridian, determined that, given the heavier weighting of PSUs in the Champion’s LTI program compared to market standards, a portion of the PSUs held by Senior Executives would be taken into account for purposes of the Securities Ownership Policy, provided that PSUs would only be accounted for assuming vesting at the threshold level (i.e., 65% of the PSUs).

Where the value of the Champion Equity held by a Senior Executive is below the applicable requirement, the Senior Executive is required to use 50% of the after-tax proceeds from any cash settlement of his or her RSUs or PSUs to purchase Ordinary Shares on-market.

As of the date of the Remuneration Report, all NEOs have met the minimum securities ownership requirements. Without considering the PSUs that are taken into account for purposes of the Securities Ownership Policy (being 65% of the PSUs held at the relevant time, as explained above), all NEOs would still meet the minimum securities ownership requirements. The table below sets out, for each NEO, his security ownership requirements, whether he satisfied such requirements and his ownership of Champion Equity for purposes of the Securities Ownership Policy, in each case as of the end of the financial year ended March 31, 2025:

Name	Total Number of Securities Owned	Total Value of Champion Equity ⁽¹⁾	Value Required to meet Guidelines	Latest Date to Comply	Satisfies Requirements	Ownership as Multiple of Annual Base Salary	Total Value of Ordinary Shares and RSUs ⁽¹⁾

Notes:

⁽¹⁾ Calculated as the greater of (i) the aggregate acquisition value of the Champion Equities held by the Senior Executive, being the acquisition cost of all Ordinary Shares held by the Senior Executive and the sum of the “market price” at the time of grant of each PSUs and RSUs held by the Senior Executive, and (ii) the aggregate market value of the Champion Equities held by the Senior Executive, calculated based on the closing market price of the Ordinary Shares on the TSX of \$4.39 on March 31, 2025.

⁽²⁾ Represents the PSUs that are taken into account for purposes of the Securities Ownership Policy (being 65% of the PSUs held at the relevant time).

⁽³⁾ Although Mr. O’Keeffe is not a NEO, he is required to comply with the Securities Ownership Policy in his capacity as a Senior Executive.

AGREEMENTS WITH NAMED EXECUTIVE OFFICERS (NEOs)

The Company has written employment agreements with its NEOs. These contracts, which are governed by the laws of the Province of Québec, provide for the payment and provision of other benefits triggered by a termination without cause. Employment laws applicable in the Province of Québec require the Company to provide employees, in the case of termination other than for cause, reasonable notice or pay in lieu thereof, and such reasonable notice period which, in the case of the NEOs, would reasonably be expected to exceed 12 months in each case. The cash amount in lieu of reasonable notice provided for in the employment agreements entered into between the Company and each of the NEOs are generally aligned with the severance benefits that an executive working in similar circumstances would have been entitled to pursuant to applicable Province of Québec case law had such executive been terminated without cause without the benefit of a written employment agreement. The Board believes that providing such severance entitlements is necessary in order to provide NEOs with entitlements that are reflective of generally accepted market practices of the region in which the Company operates and that would not reasonably be expected to be below the minimum applicable notice period required under employment laws applicable in the Province of Québec in light of the applicable case law. In addition, the employment agreement of each NEO provides for the acceleration of vesting (as if vesting occurred at 100%) of incentive awards in the event a change of control occurs during the term of their employment, as described in the section “*Executive Employment Agreements – Change of Control*” below.

David Cataford – CEO

Mr. Cataford was appointed CEO of the Company on April 1, 2019. Mr. Cataford had been Champion’s COO since March 20, 2017. Mr. Cataford and Champion entered into an employment agreement under which Mr. Cataford is entitled to participate in all elements of the executive remuneration program as well as any group insurance or health benefit plans the Company establishes.

Mr. Cataford’s employment agreement includes termination remuneration and benefit scenarios. Under the terms of Mr. Cataford’s employment agreement, no remuneration other than remuneration earned prior to the date of termination is payable by the Company in the event the employment agreement is terminated for just cause, voluntarily terminated or terminated due to death.

The Company may terminate the employment agreement at any time without cause by providing 60 days’ notice, pay in lieu of notice or a combination of notice or pay in lieu thereof which covers the 60 days’ notice period. In such scenario, the Company would pay to Mr. Cataford a lump sum severance payment equal to (i) an indemnity in lieu of reasonable notice equal to 24 months of Mr. Cataford’s then current annual base salary, (ii) an indemnity for loss of STIP bonus calculated by taking an average of the annual STIP bonuses paid to Mr. Cataford in the three years immediately preceding the date of termination, dividing by 12 and multiplying by 24, (iii) an indemnity for loss of pension plan contributions of Mr. Cataford’s then current annual base salary divided by 12 and multiplied by 24, and (iv) an indemnity for the loss of the annual car allowance and financial advice allowance on a 24-month period. In addition, the Company will be required to maintain Mr. Cataford’s participation in the same group insurance and/or health benefit plans as those he was entitled or participating immediately prior to termination (except for disability insurance) for a period of 24 months, and all unvested stock options, RSUs or PSUs held by Mr. Cataford that would have otherwise vested during the 24 months following termination had Mr. Cataford remained employed will immediately vest (as if vesting occurred at 100%), become exercisable and payable. Stock options, RSUs and PSUs held by Mr. Cataford that did not otherwise become vested, exercisable and payable in accordance with such provisions will vest and become exercisable and payable up to an amount equivalent to Mr. Cataford’s 12-month base salary as calculated in accordance with the Corporations Act. If Mr. Cataford resigns due to an event that constitutes constructive dismissal under common law and constructive dismissal did in fact exist at the time of Mr. Cataford’s resignation, the Company will be required to pay severance equal to that which would have been payable had Mr. Cataford been terminated without cause.

Donald Tremblay – CFO

Mr. Tremblay was appointed as CFO of the Company on July 4, 2022, effective September 12, 2022. In 2022, Mr. Tremblay and Champion entered into an employment agreement under which Mr. Tremblay is entitled to participate in all elements of the executive remuneration program as well as any group insurance or health benefit plans the Company establishes.

Mr. Tremblay's employment agreement includes termination remuneration and benefit scenarios. Under the terms of the employment agreement, no remuneration other than remuneration earned prior to the date of termination is payable by the Company in the event the employment agreement is terminated for just cause, voluntarily terminated or terminated due to death.

The Company may terminate the employment agreement at any time without cause by providing 60 days' notice, pay in lieu of notice or a combination of notice or pay in lieu thereof which covers the 60 days' notice period. In such scenario, the Company would pay to Mr. Tremblay a lump sum severance payment equal to (i) an indemnity in lieu of reasonable notice equal to 18 months of Mr. Tremblay's then current annual base salary, (ii) an indemnity for loss of STIP bonus calculated by taking an average of the annual STIP bonuses paid to Mr. Tremblay in the three years immediately preceding the date of termination, dividing by 12 and multiplying by 18 [if at the date of termination, Mr. Tremblay had not completed three years of employment with the Company, the indemnity for loss of STIP bonus shall be based on the STIP bonus paid to Mr. Tremblay in the year prior to the date of termination, divided by 12 and multiplied by 18], (iii) an indemnity for loss of pension plan contributions of Mr. Tremblay's then current annual base salary divided by 12 and multiplied by 18, and (iv) an indemnity for the loss of the annual car allowance and financial advice allowance on an 18-month period. In addition, the Company will be required to maintain Mr. Tremblay's participation in the same group insurance and/or health benefit plans as those he was entitled or participating immediately prior to termination (except for disability insurance) for a period of 18 months, and all unvested stock options, RSUs or PSUs held by Mr. Tremblay that would have otherwise vested during the 18 months following termination had Mr. Tremblay remained employed will immediately vest (as if vesting occurred at 100%), become exercisable and payable. Stock options, RSUs and PSUs held by Mr. Tremblay that did not otherwise become vested, exercisable and payable in accordance with such provisions will vest and become exercisable and payable up to an amount equivalent to Mr. Tremblay's 12-month base salary as calculated in accordance with the Corporations Act. If Mr. Tremblay resigns due to an event that constitutes constructive dismissal under common law and constructive dismissal did in fact exist at the time of Mr. Tremblay's resignation, the Company will be required to pay severance equal to that which would have been payable had Mr. Tremblay been terminated without cause.

Alexandre Belleau – COO

Mr. Belleau was appointed COO of the Company on July 22, 2020. Mr. Belleau and Champion entered into an employment agreement under which Mr. Belleau is entitled to participate in all elements of the executive remuneration program as well as any group insurance or health benefit plans the Company establishes.

Mr. Belleau's employment agreement includes termination remuneration and benefit scenarios. Under the terms of the employment agreement, no remuneration other than remuneration earned prior to the date of termination is payable by the Company in the event the employment agreement is terminated for just cause, voluntarily terminated or terminated due to death.

The Company may terminate the employment agreement at any time without cause by providing 60 days' notice, pay in lieu of notice or a combination of notice or pay in lieu thereof which covers the 60 days' notice period. In such scenario, the Company would pay to Mr. Belleau a lump sum severance payment equal to (i) an indemnity in lieu of reasonable notice equal to 18 months of Mr. Belleau's then current annual base salary, (ii) an indemnity for loss of STIP bonus calculated by taking an average of the annual STIP bonuses paid to Mr. Belleau in the three years immediately preceding the date of termination, dividing by 12 and multiplying by 18, (iii) an indemnity for loss of pension plan contributions of Mr. Belleau's then current annual base salary divided by 12 and multiplied by 18, and (iv) an indemnity for the loss of the annual car allowance and financial advice allowance on an 18-month period. In addition, the Company will be required to maintain Mr. Belleau's participation in the same group insurance and/or health benefit plans as those he was entitled or participating immediately prior to termination (except for disability insurance) for a period of 18 months, and all unvested stock options, RSUs or PSUs held by Mr. Belleau that would have otherwise vested during the 18 months following termination had Mr. Belleau remained employed will immediately vest (as if vesting occurred at 100%), become exercisable and payable. Stock options, RSUs and PSUs held by Mr. Belleau that did not otherwise become vested, exercisable and payable in accordance with such provisions will vest and become exercisable and payable up to an amount equivalent to Mr. Belleau's 12-month base salary as calculated in accordance with the Corporations Act. If Mr. Belleau resigns due to an event that constitutes constructive dismissal under common law and constructive dismissal did in fact exist at the time of Mr. Belleau's resignation, the Company will be required to pay severance equal to that which would have been payable had Mr. Belleau been terminated without cause.

Steve Boucratie – Senior Vice-President, General Counsel and Corporate Secretary

Mr. Boucratie was appointed Vice-President, General Counsel and Corporate Secretary of the Company on May 20, 2019. On September 9, 2021, Mr. Boucratie was promoted to Senior Vice-President, General Counsel and Corporate Secretary. Mr. Boucratie and Champion entered into an employment agreement under which Mr. Boucratie is entitled to participate in all elements of the executive remuneration program as well as any group insurance or health benefit plans the Company establishes.

Mr. Boucratie's employment agreement includes termination remuneration and benefit scenarios. Under the terms of the employment agreement, no remuneration other than remuneration earned prior to the date of termination is payable by the Company in the event the employment agreement is terminated for just cause, voluntarily terminated or terminated due to death. The Company may terminate the employment agreement at any time without cause by providing 60 days' notice, pay in lieu of notice or a combination of notice or pay in lieu thereof which covers the 60 days' notice period. In such scenario, the Company would pay to Mr. Boucratie a lump sum severance payment equal to (i) an indemnity in lieu of reasonable notice equal to 18 months of Mr. Boucratie's then current annual base salary, (ii) an indemnity for loss of

STIP bonus calculated by taking an average of the annual STIP bonuses paid to Mr. Boucratie in the three years immediately preceding the date of termination, dividing by 12 and multiplying by 18, (iii) an indemnity for loss of pension plan contributions of Mr. Boucratie's then current annual base salary divided by 12 and multiplied by 18, and (iv) an indemnity for the loss of the annual car allowance and financial advice allowance on an 18-month period. In addition, the Company will be required to maintain Mr. Boucratie's participation in the same group insurance and/or health benefit plans as those he was entitled or participating immediately prior to termination (except for disability insurance) for a period of 18 months, and all unvested stock options, RSUs or PSUs held by Mr. Boucratie that would have otherwise vested during the 18 months following termination had Mr. Boucratie remained employed will immediately vest (as if vesting occurred at 100%), become exercisable and payable. Stock options, RSUs and PSUs held by Mr. Boucratie that did not otherwise become vested, exercisable and payable in accordance with such provisions will vest and become exercisable and payable up to an amount equivalent to Mr. Boucratie's 12-month base salary as calculated in accordance with the Corporations Act. If Mr. Boucratie resigns due to an event that constitutes constructive dismissal under common law and constructive dismissal did in fact exist at the time of Mr. Boucratie's resignation, the Company will be required to pay severance equal to that which would have been payable had Mr. Boucratie been terminated without cause.

Michael Marcotte – Senior Vice-President, Corporate Development and Capital Markets

Mr. Marcotte was appointed Vice-President, Investor Relations of the Company on January 10, 2019. On September 9, 2021, Mr. Marcotte was promoted to Senior Vice-President, Corporate Development and Capital Markets. Mr. Marcotte and Champion entered into an employment agreement under which Mr. Marcotte is entitled to participate in all elements of the executive remuneration program as well as any group insurance or health benefit plans the Company establishes.

Mr. Marcotte's employment agreement includes termination remuneration and benefit scenarios. Under the terms of the employment agreement, no remuneration other than remuneration earned prior to the date of termination is payable by the Company in the event the employment agreement is terminated for just cause, voluntarily terminated or terminated due to death.

The Company may terminate the employment agreement at any time without cause by providing 60 days' notice, pay in lieu of notice or a combination of notice or pay in lieu thereof which covers the 60 days' notice period. In such scenario, the Company would pay to Mr. Marcotte a lump sum severance payment equal to (i) an indemnity in lieu of reasonable notice equal to 18 months of Mr. Marcotte's then current annual base salary, (ii) an indemnity for loss of STIP bonus calculated by taking an average of the annual STIP bonuses paid to Mr. Marcotte in the three years immediately preceding the date of termination, dividing by 12 and multiplying by 18, (iii) an indemnity for loss of pension plan contributions of Mr. Marcotte's then current annual base salary divided by 12 and multiplied by 18, and (iv) an indemnity for the loss of the annual car allowance and financial advice allowance on an 18-month period. In addition, the Company will be required to maintain Mr. Marcotte's participation in the same group insurance and/or health benefit plans as those he was entitled or participating immediately prior to termination (except for disability insurance) for a period of 18 months, and all unvested stock options, RSUs or PSUs held by Mr. Marcotte that would have otherwise vested during the 18 months following termination had Mr. Marcotte remained employed will immediately vest (as if vesting occurred at 100%), become exercisable and payable. Stock options, RSUs and PSUs held by Mr. Marcotte that did not otherwise become vested, exercisable and payable in accordance with such provisions will vest and become exercisable and payable up to an amount equivalent to Mr. Marcotte's 12-month base salary as calculated in accordance with the Corporations Act. If Mr. Marcotte resigns due to an event that constitutes constructive dismissal under common law and constructive dismissal did in fact exist at the time of Mr. Marcotte's resignation, the Company will be required to pay severance equal to that which would have been payable had Mr. Marcotte been terminated without cause.

Executive Employment Agreements – Change of Control

The employment agreements entered into between the Company and each of the NEOs further provides that in the event a change of control (as such term is defined in the agreement) occurs during their respective term of employment (that does not involve a transfer of the whole or any part of the undertaking or property of the Company), all of their respective unvested stock options, RSUs and PSUs will immediately vest (as if vesting occurred at 100%) and become exercisable.

TERMINATION AND CHANGE OF CONTROL BENEFITS

NEOs gain strategic business knowledge during their employment. Champion ensures that this information is not used to the detriment of the Company by any executive following termination. To protect the Company's interests, the employment agreements entered into between Champion and its NEOs include customary non-competition and non-solicitation covenants applicable during the term of the agreements and for a period of twelve months following the end of employment, together with customary confidentiality clauses.

The following table sets forth the estimated incremental value that would become payable to each NEO in the event of employment termination by the Company without cause (including following a change of control) or in the event of a change of control of the Company, in each case as if the triggering event (change of control or termination without cause) had occurred on March 31, 2025.

Michael Marcotte Senior Vice-President, Corporate Development and Capital Markets	2,908,845	2,908,845	1,440,590

Notes:

- (1) Amounts represent the value of the severance entitlements described under "Agreements with Named Executive Officers (NEOs)" above, and include the incremental value of the unvested stock options, RSUs or PSUs held by the NEO that would have otherwise vested during the severance period had the NEO remained employed that will immediately vest (as if vesting occurred at 100%) and become exercisable upon termination without cause (based on the TSX market closing price of the Ordinary Shares on March 31, 2025 of \$4.39). Amounts do not include the value of vested in-the-money options and vested and undelivered RSUs.
- (2) Amounts represent the aggregate of (i) the incremental value of unvested stock options, RSUs and PSUs which will immediately vest (as if vesting occurred at 100%) and become exercisable upon a change of control of the Company (based on the TSX market closing price of the Ordinary Shares on March 31, 2025 of \$4.39), and (ii) the value of the severance entitlements described under "Agreements with Named Executive Officers (NEOs)" above (without duplication with respect to unvested stock options, RSU and PSUs which would have immediately vested and become exercisable upon the change of control). Amounts do not include the value of vested in-the-money options and vested and undelivered RSUs.
- (3) Amounts represent the incremental value of unvested stock options, RSUs and PSUs which will immediately vest (as if vesting occurred at 100%) and become exercisable upon a change of control of the Company (based on the TSX market closing price of the Ordinary Shares on March 31, 2025 of \$4.39).

PERFORMANCE GRAPH

The following graph and table is a reporting requirement under Canadian securities laws, and compares the Company's five-year cumulative TSR had \$100 been invested in the Company on the first day of the five-year period at the closing price of the Ordinary Shares on that date (April 1, 2020), with the cumulative total return of the S&P/TSX Composite Index and the S&P/TSX Global Mining Index over the five most recently completed financial years ended on March 31.

Performance Metrics

From April 1, 2020 to March 31, 2025, the Ordinary Share price increased by 225% compared to an increase of 86% and 170% in the S&P/TSX Composite and in the S&P/TSX Global base Metal Index, respectively, during the corresponding five-year period. During the same period, the aggregate remuneration of all individuals acting as NEOs increased by 145%, from a base of \$6,074,000 in 2020 to \$14,871,000 in 2025. When comparing the increase in aggregate remuneration for the four NEOs in 2020 (on a full-year basis) to the aggregate remuneration of the four highest compensated NEOs in 2025, this represents an increase of 122% over the period. The Board believes the compensation during those years matched the Company's strong performance and was in line with its peers.

Accordingly, the Ordinary Share price has significantly outperformed its peers since April 1, 2020, while also outpacing the growth in NEO remuneration. The Board is of the view that this has been driven by:

- management's advancement of the Bloom Lake Mine through several stages, including acquisition, evaluation, financing, restart of operation and production ramp-up of the Phase I project, the planning and construction of the Phase II expansion throughout volatile macroeconomic environments and within budgeted constraints;
- achievement of commercial production of the Phase II concentrator in December 2022, and nameplate capacity in April 2023;
- the operational and financial performance generated by the Bloom Lake Mine since it went into production in 2018;
- achieving record production to capture elevated Fe prices and generate record EBITDA during the COVID-19 pandemic while progressing the construction of the Phase II expansion aiming at doubling the Bloom Lake iron mine's production;
- the acquisition of several properties in the Labrador Trough, including the Kami Project and the Lac Lam  lee project, and agreements entered into with respect to the acquisition of the Pointe-Noire Pellet Plant;
- the entering into a partnership agreement with Nippon and Sojitz for the development of the Kami Project;
- the Company's vision to align with the steel industry green steel transition and innovation leading to the proposed conversion of half of Bloom Lake's nameplate capacity to an industry leading DR pellet feed iron ore at up to 69% Fe, which is expected to result in significant emission reductions across the steelmaking supply chain and, most recently, the obtention of the Board's final investment decision with respect to the DRPF project;

- diligent management of the Company’s financial position while deploying growth projects and implementing a Shareholder return strategy; and
- sustainable management, including the filing in recent years of sustainability reports which incorporate industry best practice disclosure frameworks as well as the fact that there have been no significant environmental issues since the recommissioning of Bloom Lake in 2018.

As previously indicated, the majority of NEO remuneration is subject to KPIs (“at risk”), as STI (bonus) and LTI remuneration are tied directly or indirectly to Company performance and relative and/or absolute Shareholder returns (including performance of the Ordinary Share price relative to a peer group, with a view to ensure that executives are motivated to deliver returns that are superior to what a Shareholder could achieve in the broader market). As a consequence, actual NEO remuneration will increase with the outperformance of the Ordinary Share price compared to industry peers, but conversely decrease in the face of an underperforming share price. The Board believes this is the ultimate test of the “pay-for-performance” principle and true alignment of NEO remuneration with Shareholder returns.

DIRECTOR REMUNERATION

Remuneration Philosophy and Approach

The remuneration arrangements for non-executive directors are intended to attract highly qualified individuals with the capability to meet the challenging oversight responsibilities of a mining company and to closely align the interests of non-executive directors with Shareholder interests. Since the introduction of the Omnibus Plan, non-executive directors may receive equity-based remuneration in the form of DSU grants in lieu of the whole or part of their annual compensation. See “*Remuneration Arrangements for Non-Executive Directors*” below for details on the Omnibus Plan.

The Remuneration, People and Governance Committee reviews director compensation periodically and makes remuneration recommendations to the Board for its consideration and approval. Recommendations take into consideration the directors’ skills, time commitment, duties and responsibilities, and director remuneration practices and levels at comparable companies.

Remuneration Arrangements for Non-Executive Directors

In conjunction with the review of executive compensation conducted for the financial year ended March 31, 2025, the Remuneration, People and Governance Committee of the Board engaged Meridian to provide an independent, third-party analysis of the Company’s director compensation levels and practices. Meridian’s analysis included a thorough review of market practices compared to the Company’s industry peers. Their findings indicated that Champion’s director compensation was below the median of its peer group. Consequently, the recommended changes were intended to bring Champion’s director compensation closer to the median of its peers, ensuring competitive remuneration that aligns with market standards.

The Board approved the following changes to the remuneration of Non-Executive Directors:

- Increase of \$50,000 (from \$200,000 to \$250,000) in the annual cash retainer; and
- Increase of \$20,000 (from \$20,000 to \$40,000) in the cash retainer for the Chair of the Sustainability and Indigenous Affairs Committee.

Based on the findings and recommendations of the analysis from Meridian, the Board set the following non-executive director remuneration framework starting April, 2024:

- annual cash retainer of \$250,000 for non-executive directors;
- cash retainer of \$60,000 for lead director;
- cash retainer of \$40,000 for each of the Chair of Audit Committee, the Chair of Remuneration, People and Governance Committee and the Chair of Sustainability and Indigenous Affairs Committee;
- no retainer for Committee members;
- no additional fees are paid for attendance at Board or committee meetings; and
- directors have all reasonable expenses covered when travelling on Company business.

In addition to the changes to the Non-Executive Directors remuneration outlined above, the Board approved an amendment to the Securities Ownership Policy to introduce a new requirement which would require non-executive directors to take at least one third of their remuneration in DSUs once they have satisfied the base share ownership threshold. See "*Non-Executive Directors - Securities Ownership Policy*" below.

At the 2021 annual meeting of Shareholders of the Company, Shareholders approved, for the purpose of ASX Listing Rule 10.17, Clause 10.2 of the Constitution and for all other purposes, that the total aggregate amount available for the remuneration of non-executive directors be increased by \$750,000 from \$1.0 million per year to \$1.75 million per year. The total aggregate amount available per year has not been increased since, and the total aggregate amount of non-executive directors' fees payable to all non-executive directors has not exceeded the total aggregate amount available in any year. See the table in the section "*Fees Paid*" below.

Directors may elect to receive all or a portion of any of their annual fees in DSUs granted under the Omnibus Plan. The purpose of the DSU portion of the Omnibus Plan is to promote the alignment of interests between directors and Shareholders and it is an important component of non-executive director remuneration because it:

- provides a remuneration system for directors that is reflective of the responsibility, commitment and risk accompanying Board membership;
- assists the Company to attract and retain individuals with experience and ability to serve as members of the Board; and
- allows the directors to participate in the long-term success of the Company.

With respect to directors having the ability to elect to receive all or a portion of any of their annual fees in DSUs, the Securities Ownership Policy provides that, where the value of the Champion Equity held by a non-executive director is below the applicable requirement, such non-executive director will be required to receive 50% of his or her annual cash retainer in the form of DSUs until he or she meets the applicable requirement. Once the applicable requirement is met, non-executive directors are required to receive at least one third of his or her annual cash retainer in the form of DSUs. See "*Non-Executive Directors - Securities Ownership Policy*" below. DSUs are priced based on the five-day VWAP of the Ordinary Shares over the last five trading days preceding the grant. DSUs issued under the Omnibus Plan may be settled in cash or in Ordinary Shares acquired on ASX or TSX at the time of the directors' retirement from all positions with the Company.

Mr. O'Keeffe and Mr. Cataford held management positions in the financial year ended March 31, 2025, and consequently did not receive compensation for their service as directors. In addition, Mr. Jyothish George has elected not to receive compensation and, as such, is not considered a Compensated Director (as defined herein).

Non-Executive Directors - Securities Ownership Policy

The Securities Ownership Policy, which was implemented in January 2024 and replaced the prior share and share-based ownership requirements that applied to non-executive directors, sets out the securities ownership requirements for the non-executive directors of Champion who are compensated in their capacity as a director of Champion (collectively the "**Compensated Directors**"). The Securities Ownership Policy, which also applies to Senior Executives, is designed to align the interests of those subject to the policy with the long-term interests of Shareholders.

Pursuant to the Securities Ownership Policy, each Compensated Director is required to hold Champion Equity having an aggregate value of at least three times the gross amount of his or her annual board cash retainer. The required level of ownership of Champion Equity held by non-executive directors is referred to as the "**Relevant Threshold**". Ownership requirements must be achieved by January 30, 2029, or within five years of the date of appointment or election as a non-executive director, whichever occurs later. If a non-executive director's annual cash retainer increases, the non-executive director shall meet the required level of ownership of the Securities Ownership Policy taking into account such increased cash retainer within five years of the increase occurring. As Mr. Jyothish George has elected not to receive compensation, he is not considered a Compensated Director and the Securities Ownership Policy did not require Mr. Jyothish George to hold securities under the Securities Ownership Policy.

Once the value of the Champion Equity held by a Compensated Director exceeds the Relevant Threshold, calculated as the greater of either the aggregate acquisition value for the Champion Equity held by the Compensated Director or the fair market value (as of the relevant date) of the Champion Equity held by the Compensated Director, such individual is deemed to meet the applicable ownership guideline. A Compensated Director who has achieved the necessary ownership level will be deemed to meet the applicable ownership guideline on an ongoing basis as long as such Compensated Director does not dispose of Ordinary Shares which would cause such individual to fail to meet the Relevant Threshold immediately following such disposition based on the Champion Equity then held or deemed to be held by such individual. Since this year, once a Compensated Director achieves the Relevant Threshold, he or she is required to take at least one third of its remuneration in DSUs.

As of the date of the Remuneration Report, all Compensated Directors have met the minimum share ownership requirements, other than Ms. Louise Grondin, Ms. Jessica McDonald and Mr. Ronnie Beevor who joined the Board in August 2020, August 2023 and March 2024, respectively, and are in transition towards satisfying their minimum ownership requirements.

The table below sets out, for each non-executive director, his or her security ownership requirements, whether he or she satisfied such requirements and his or her ownership of Champion Equity for purposes of the Securities Ownership Policy, in each case as of the end of the financial year ended March 31, 2025:

Name	Total Number of Securities Owned	Total Value of Champion Equity ⁽¹⁾	Value Required to meet Guidelines	Latest Date to Comply	Satisfies Requirements
Gary Lawler	1,719,725 Ordinary Shares 149,867 DSUs	\$8,207,509	3x Cash Retainer	January 30, 2029	Yes
Jyothish George ⁽²⁾	—	—	—	—	—
Michelle Cormier	456,500 Ordinary Shares 129,621 DSUs	\$2,573,072	3x Cash Retainer	January 30, 2029	Yes
Louise Grondin	118,092 DSUs	\$626,061	3x Cash Retainer	January 30, 2029	No
Jessica McDonald	47,260 DSUs	\$261,518	3x Cash Retainer	January 30, 2029	No
Ronnie Beevor	60,000 Ordinary Shares 46,987 DSUs	\$469,674	3x Cash Retainer	March 3, 2029	No

Notes:

⁽¹⁾ Calculated as the greater of (i) the aggregate acquisition value of the Champion Equities held by the non-executive director, being the acquisition cost of all Ordinary Shares held by the non-executive director and the sum of the "market price" at the time of grant of each DSU held by the non-executive director, and (ii) the aggregate market value of the Champion Equities held by the non-executive director, calculated based on the closing market price of the Ordinary Shares on the TSX of \$4.39 on March 31, 2025.

⁽²⁾ As Mr. Jyothish George has elected not to receive compensation, he is not considered a Compensated Director and the Securities Ownership Policy did not require Mr. Jyothish George to hold securities under the Securities Ownership Policy.

Director Remuneration Table

The following table discloses all compensation provided to directors, other than any director who is an NEO of the Company, for the Company's most recently completed financial year (ended March 31, 2025). Amounts presented under the column entitled "Fees Earned in DSUs" reflect the full fair values of the awards as measured at their respective grant dates. Accordingly, the amounts presented thereunder are not reflective of the related accounting expense for the period. Refer to "Details of Total Statutory Remuneration for KMP (NEOs and Directors)" below for the statutory remuneration table as calculated with reference to the Corporations Act. Fees to Canadian resident directors are paid on a bi-weekly basis and fees to Australian resident directors are paid on a monthly basis. All DSUs were fully vested on March 31, 2025.

Ronnie Beevor	85,000	165,000	—	—	—	250,000

Notes:

⁽¹⁾ Mr. O'Keeffe was not compensated in the financial year ended March 31, 2025, for acting as a director by virtue of his employment with the Company. See the section "Remuneration of Executive Chairman" above.

⁽²⁾ Ms. Cormier was appointed to the Board in 2016 as a nominee of Wynnchurch pursuant to certain board nomination rights granted by the Company in favour of Wynnchurch in connection with a private placement of Ordinary Shares completed on April 11, 2016. Following the disposition of Ordinary Shares by Wynnchurch that was publicly announced by Wynnchurch on August 2, 2021, Wynnchurch is no longer entitled to nominate a candidate for election or appointment to the Board such that Ms. Cormier is no longer considered to be a director nominee of Wynnchurch.

Fees Paid

The following table discloses a detailed breakdown of the fees paid to directors, other than any director who is an NEO of the Company, for the Company's most recently completed financial year (ended March 31, 2025). Fees to Canadian resident directors are paid on a bi-weekly basis and fees to Australian resident directors are paid on a monthly basis. All DSUs were fully vested on March 31, 2025.

Ronnie Beevor	—	155,938	—

Note:

⁽¹⁾ With respect to Mr. Lawler, Ms. Cormier, Ms. Grondin, Ms. McDonald and Mr. Beevor, share-based awards value vested during the year also includes DSUs related to the 2026 financial year issued in March 2025 in the amount of \$82,708, \$70,503, \$58,751, \$66,438 and \$85,069, respectively, and, where applicable, includes DSUs issued as dividend equivalents, calculated in each case based on the TSX market closing price of the Ordinary Shares on March 31, 2025 of \$4.39.

DETAILS OF TOTAL STATUTORY REMUNERATION FOR KMP (NEOS AND DIRECTORS)

The following table discloses statutory remuneration for KMPs as calculated with reference to the Corporations Act, Australian Accounting Standards and International Financial Reporting Standards, and reflects for share-based and option-based awards, the related accounting expense for the current financial year. Accordingly, amounts disclosed in this section are different than amounts disclosed under the heading “*Summary Compensation Table*” above, which are disclosed in accordance with Canadian securities laws (which require, among other things, to include the full fair values of share-based and option-based awards as measured at their respective grant dates).

INDEBTEDNESS OF DIRECTORS AND EXECUTIVE OFFICERS

As at the date of this Circular or within 30 days of this date, no executive officer, director, employee or former executive officer, director or employee of the Company or any of its subsidiaries is indebted to the Company, or any of its subsidiaries, nor are any of these individuals indebted to another entity, which indebtedness is the subject of a guarantee, support agreement, letter of credit or other similar arrangement or understanding provided by the Company, or its subsidiaries.

MANAGEMENT CONTRACTS

Except as set out in the Remuneration Report, there are no management functions of the Company which are to any substantial degree performed by a person or company other than the directors or executive officers of the Company.

CORPORATE GOVERNANCE MATTERS

The Company's Board of Directors and senior management consider good corporate governance to be central to the effective and efficient operation of the Company.

National Instrument 58-101 – *Disclosure of Corporate Governance Practices* (“NI 58-101”) requires each reporting issuer to disclose on an annual basis its approach to corporate governance. The Company's corporate governance disclosure is set out in Schedule “A” to this Circular.

The Company understands that corporate governance standards and requirements are continually evolving. The Board of Directors has been charged with the responsibility of monitoring corporate governance regulatory developments and with reviewing the Company's corporate governance policies and procedures in light of these developments.

INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON AND INTERESTS OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

Management of the Company is not aware of any material interest, direct or indirect, of any proposed nominee for election as a director or of any person who is or has been at any time a director or executive officer within the last financial year or any associate or affiliate of any of the foregoing in any matter, other than the election of directors or the appointment of the auditors, to be acted upon at the Meeting, except as disclosed in this Circular.

Management of the Company is not aware of any material interest, direct or indirect, of any "informed person" of the Company, insider of the Company, proposed director, person who has been a director or executive officer within the last financial year or any associate or affiliate of any of the foregoing in any transaction since the commencement of the Company's most recently completed financial year or in any proposed transaction which has materially affected or would materially affect the Company, except as disclosed within this Circular. An "informed person" means (i) a person who has been a director or executive officer of the Company at any time since the beginning of the Company's last financial year, (ii) a proposed nominee for director, (iii) a director or executive officer of a person or company that is itself an informed person or subsidiary of the Company, (iv) any person or company who beneficially owns or controls or directs, directly or indirectly, voting securities of the Company or a combination of both carrying more than 10% of the voting rights attached to all outstanding voting securities of the Company, (v) the Company, in the event that it has purchased, redeemed or otherwise acquired any of its securities, for so long as it holds any such securities and (vi) any associate or affiliate of the foregoing.

PARTICULARS OF MATTERS TO BE ACTED UPON AT THE MEETING

(a) Financial Statements

The audited financial statements of the Company for the financial year ended March 31, 2025, together with the director's and the auditors' report thereon, will be placed before the Shareholders at the Meeting for consideration by the Shareholders. These audited financial statements have been approved by the Board of Directors and have been mailed to the Shareholders who have requested them with the Meeting Materials. They are also available under the Company's SEDAR+ profile at www.sedarplus.ca.

(b) RESOLUTION 1 – Remuneration Report

To consider and, if thought fit, to pass, with or without amendment, the following resolution as an **ordinary resolution**:

"That the Remuneration Report, as set out in the Annual Report for the financial year ended 31 March 2025, be adopted."

The Remuneration Report is required to be considered for adoption in accordance with section 250R(2) of the Corporations Act. The Remuneration Report, which details the Company's policy on the remuneration of non-executive directors ("**Directors**"), executive Directors and senior executives for the financial year ending March 31, 2025, is part of the Director's Report contained in the Company's 2025 Annual Report.

The vote on this resolution is advisory only and does not bind the Directors.

The Board will take into consideration the outcome of voting on this resolution when assessing the remuneration policy for senior executives and executive and non-executive directors in the future.

A reasonable opportunity will be given for the discussion of the Remuneration Report at the Meeting.

Voting Exclusions

The Corporations Act restricts members of the Company's KMP and their closely related parties from voting on Resolution 1. A "closely related party" of a KMP is defined in the Corporations Act and includes a spouse, dependant and certain other close family members, as well as any companies controlled by a member of the KMP.

For the purposes of sections 250R(2) and 250BD(1) of the Corporations Act:

1. subject to paragraph 2, a vote must not be cast (in any capacity) on Resolution 1 by or on behalf of a member of the Company's KMP, details of whose remuneration are included in the Remuneration Report or their closely related parties, whether as a Shareholder or as a proxy except that a vote may be cast on Resolution 1 by a KMP, or a closely related party of a KMP if:

- (a) the vote is cast as a proxy appointed in writing that specifies how the proxy is to vote on Resolution 1; and

(b) the vote is not cast on behalf of a KMP or a closely related party of a KMP.

2. if you appoint the Chair of the Meeting as your proxy, and you do not direct your proxy how to vote on Resolution 1 on the form of proxy, you will be expressly authorising the Chair of the Meeting to exercise your proxy even if Resolution 1 is connected directly or indirectly with the remuneration of a KMP of the Group, which includes the Chair of the Meeting. The Chair of the Meeting intends to vote undirected proxies able to be voted in favour of Resolution 1.

Directors' Recommendation

Acknowledging that all Directors have an interest in the outcome of this item of business, the Directors recommend voting in favour of Resolution 1.

(c) RESOLUTIONS 2 through 9 – Election of Directors

Background

The Constitution provides for a minimum of three and a maximum of nine directors.

The Board of Directors may from time to time determine to increase the maximum number of directors but the maximum applying at any time cannot be reduced except by the Company at a general meeting.

Subject to the Constitution, the Board may appoint a person to be director at any time except at a general meeting and any director so appointed automatically retires at the next annual general meeting and is eligible for election at that meeting.

Majority Voting Policy

The rules of the TSX, which became effective December 31, 2012, require a listed issuer to disclose in the materials sent to its Shareholders for a meeting at which directors are to be elected whether or not it has adopted a majority voting policy and, if not, to explain why it has not adopted such a policy in its meeting materials. A majority voting policy generally requires that a director tender his or her resignation if the director receives more "withheld" votes than "for" votes (a "**majority withheld vote**") at any meeting where Shareholders vote on the uncontested election of directors. An "uncontested election" means the number of director nominees for election is the same as the number of director positions on the Board. A majority voting policy does not apply in the event of a contested election of directors.

The Board of Directors has adopted a majority voting policy. Under this policy, a director is required to tender his or her resignation if the director receives a majority withheld vote at any meeting where Shareholders vote on the uncontested election of directors. The resignation would become effective upon acceptance by the Board. The Remuneration, People and Governance Committee will review the circumstances of the election and make a recommendation to the Board as to whether or not to accept that tendered resignation. The Board must make a decision as soon as reasonably possible and in any event within 90 days of the resignation. The director who tendered the resignation would not be part of the decision-making process. The Board may fill a vacancy created by a resignation which has been accepted or may reduce the size of the Board.

In keeping with the rules of the TSX, the Company will continue to elect each director annually and individually and will forthwith after each annual general meeting issue a press release disclosing the detailed results of the voting for directors.

The enclosed Form of Proxy allows Shareholders to direct proxyholders to vote individually for each of the nominees for election as directors named below.

Information Concerning Director Nominees

The following disclosure provides information about each nominated director, including his or her jurisdiction of residence, business or employment for the five preceding years, the period of time he or she has held offices with the Company, committee memberships, the attendance record at the Board and committee meetings held in the financial year ended March 31, 2025, and the number of Ordinary Shares and other convertible securities of the Company beneficially owned by each such individual, directly or indirectly, or over which each such individual exercised control or direction, based upon information furnished to management of the Company by each such individual as at the date hereof.

The Remuneration, People and Governance Committee periodically reviews each director's outside boards and the time required to satisfy those commitments, in order to ensure that all directors are able to devote the requisite time and attention to their responsibilities. In the course of its review, the Remuneration, People and Governance Committee considered Mr. O'Keeffe's role as a director of Burgundy Diamond Mines Limited

["Burgundy"], the historical and anticipated time commitments of Burgundy's directors and the distinctive skills and perspectives that Mr. O'Keeffe brings to this board, as well as Mr. O'Keeffe's dedication to Champion, his corporate knowledge of the Company and its business given his long tenure and prior CEO position with the Company, his fundamental role in providing leadership to the Board and advancing Champion's strategic initiatives, and his exemplary record of attendance at Champion's Board meetings and the meetings of the Burgundy board. After reviewing these factors, the Remuneration, People and Governance Committee determined that Mr. O'Keeffe's appointment to the board of directors of Burgundy would not impede his ability to properly discharge his responsibilities as Champion's Executive Chairman.

Ms. Cormier was appointed to the Board in 2016 as a nominee of Wynnchurch pursuant to certain board nomination rights granted by the Company in favour of Wynnchurch in connection with a private placement of Ordinary Shares completed on April 11, 2016. Following the disposition of Ordinary Shares by Wynnchurch that was publicly announced by Wynnchurch on August 2, 2021, Wynnchurch is no longer entitled to nominate a candidate for election or appointment to the Board such that Ms. Cormier is no longer considered to be a director nominee of Wynnchurch.

The nominees listed above will be elected at the Meeting to hold office until the next annual meeting of Shareholders or until such director's successor is duly elected or appointed unless other individuals are nominated by Shareholders at the Meeting, in which case voting will be by ballot and the seven nominees with the most votes will be elected as directors.

The persons named in the accompanying Form of Proxy intend to vote the Ordinary Shares represented thereby FOR the election of the nominees named above as directors of the Company, unless the Shareholder has specified in the proxy that the Ordinary Shares represented thereby are to be voted against or withheld from voting in respect of one or more nominees. Management has no reason to believe that any of the nominees named above will be unable or unwilling to serve as a Director, but if that should occur for any reason prior to the Meeting, the persons named in the accompanying Form of Proxy shall have the right to vote for another nominee in such proxyholder's discretion, unless the proxy withholds authority to vote for the election of directors.

Information Relating to Bankruptcies, Cease Trade Orders and Sanctions

To the knowledge of the Company, no proposed director and no personal holding company of any proposed director is, at the date hereof, or has been, within 10 years before the date hereof, a director, chief executive officer or chief financial officer of any company (including the Company) that (a) while that person was acting in that capacity, was subject to a cease trade order, a similar order or an order that denied the issuer access to any exemption under securities legislation, which order, in each case, was in effect for a period of more than 30 consecutive days, or (b) was subject to any such order that was issued after that person ceased to be a director chief executive officer or chief financial officer and which resulted from an event that occurred while that person was acting in the capacity as director, chief executive officer or chief financial officer.

Except as set out below, to the knowledge of the Company, no proposed director and no personal holding company of any proposed director, is, as at the date hereof, or has been with 10 years before the date hereof, a director or executive officer of any company (including the Company) that, while that person was acting in that capacity, or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangements or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets.

In January 2017, Michelle Cormier was asked by the remaining senior secured creditor and by the sole shareholder of Calyx Transportation Inc. ("**Calyx**") to become the sole director and officer of Calyx. In this capacity, her mandate was to wind down Calyx in the most efficient manner, following the sale, in December 2016, by Calyx of all assets and businesses in which it operated. The large majority of net proceeds from such sales were used to repay bank indebtedness, employee severances and suppliers. Following all such payments, the cash on hand was insufficient to repay the remaining secured creditor. Given the insolvency of Calyx, Michelle Cormier in her capacity as director of Calyx approved a voluntary assignment in bankruptcy pursuant to the *Bankruptcy and Insolvency Act* (Canada) in order to complete the wind down of Calyx's affairs and discharge her mandate.

Ronnie Beevor has been a director of Lucapa Diamond Company Limited (ASX: LOM) since April 2024. On May 22, 2025, Lucapa Diamond Company Limited entered voluntary administration under the relevant provisions of the Corporations Act.

To the knowledge of the Company, no proposed director and no personal holding company of any proposed director, has, within the 10 years before the date hereof, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or became subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold his, her or its assets.

To the knowledge of the Company, no proposed director and no personal holding company of any proposed director: (a) has been subject to any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority; or (b) since December 31, 2000, has entered into a settlement agreement with a securities regulatory authority or, before January 1, 2001, entered into a settlement agreement with a securities regulatory authority which would likely be important to a reasonable investor in making an investment decision; or (c) has been subject to any other penalties or sanctions imposed by a court or regulatory body that would likely be considered important to a reasonable investor in making investment decision.

OTHER BUSINESS

While management of the Company is not aware of any business other than that mentioned in the Notice of Meeting to be brought before the Meeting for action by the Shareholders, it is intended that the proxies hereby solicited will be exercised upon any other matter or proposal that may properly come before the Meeting, or any adjournments thereof, in accordance with the judgment of the persons authorized to act thereunder.

ADDITIONAL INFORMATION

Additional information relating to the Company may be obtained from the Company, under the Company's SEDAR+ profile at www.sedarplus.ca or by searching for historical announcements released by the Company on ASX at www.asx.com.au. Securityholders may contact the Corporate Secretary of the Company, Steve Boucraie, by phone at (514) 316-4858 or by mail at 1155 René-Lévesque Blvd. West, Suite 3300, Montréal, Québec, H3B 3X7 Canada, to request copies of the Company's financial statements and management's discussion and analysis.

BOARD APPROVAL

The contents and the sending of this Circular have been approved by the Board of Directors of the Company.

DATED at Montréal, Québec, this 22nd day of July, 2025.

By Order of the Board of Directors

(signed) "*Steve Boucratie*"

Steve Boucratie

Senior Vice-President -

General Counsel and Corporate Secretary

SCHEDULE "A"

CHAMPION IRON LIMITED (the "Company")

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

1. Board of Directors

- (a) *Disclose the identity of directors who are independent.*

The board of directors of the Company (the "Board") is currently comprised of eight directors, of whom six are independent within the meaning of Section 1.4 of National Instrument 52-110 – *Audit Committees* ("NI 52-110"). The independent directors are Gary Lawler, Michelle Cormier, Louise Grondin, Jessica McDonald, Jyothish George and Ronnie Beevor.

- (b) *Disclose the identity of directors who are not independent and describe the basis for that determination.*

Michael O'Keeffe is currently the Executive Chairman of the Company and David Cataford is currently the Chief Executive Officer ("CEO") of the Company, and they are, therefore, not independent. The Board believes that the current combination of independent and non-independent directors is an acceptable balance, for an issuer of the size and nature of the Company, between the objective of independent supervision of management, the insight drawn from outside members of the business and professional community, and the in-depth knowledge of the operations of the Company afforded by the participation of its current executive officers on the Board.

- (c) *Disclose whether or not a majority of directors are independent. If a majority of directors are not independent, describe what the board of directors does to facilitate its exercise of independent judgment in carrying out its responsibilities.*

The current Board consists of eight members, a majority of whom, six members, are independent within the meaning of Section 1.4 of NI 52-110 and Recommendation 2.3 of the ASX Corporate Governance Principles and Recommendations 4ed. Following the Meeting, if management's nominees are elected to the Board, a majority of the directors will continue to be independent.

- (d) *If a director is presently a director of any other issuer that is a reporting issuer (or the equivalent) in a jurisdiction or a foreign jurisdiction, identify both the director and the issuer.*

The following current directors and proposed nominees are also directors or trustees of other reporting issuers.

Name of Director	Reporting Issuer
Michael O'Keeffe	Burgundy Diamond Mines Limited
David Cataford	N/A
Gary Lawler	Mont Royal Resources Limited
Michelle Cormier	Cascades Inc.
Louise Grondin	Wesdome Gold Mines Ltd.
Jessica McDonald	GFL Environmental Inc. and Foran Mining Corporation
Jyothish George	N/A
Ronnie Beevor	Mont Royal Resources Limited, Felix Gold Limited and Lucapa Diamond Company Limited

- (e) *Disclose whether or not the independent directors hold regularly scheduled meetings at which non-independent directors and members of management are not in attendance. If the independent directors hold such meetings, disclose the number of meetings held since the beginning of the issuer's most*

recently completed financial year. If the independent directors do not hold such meetings, describe what the board does to facilitate open and candid discussion among its independent directors.

The independent directors are entitled to hold meetings at which management and non-independent directors are not present, as and when deemed necessary, in order to facilitate candid discussion among the independent directors. The independent directors are encouraged to ask questions and to review all relevant matters. In addition, any item that involves an actual or potential conflict is voted on by those directors that are not related to the conflict in question.

The Company takes steps to ensure that adequate structures and processes are in place to permit the Board to function independently of management of the Company. Where matters arise at meetings of the Board which require decision making and evaluation that is independent of management and interested directors, the Board will hold an "*in-camera*" session among the independent and disinterested directors, without management present at such meeting.

The Executive Chairman of the Board has over 30 years of experience in the public companies sector as a shareholder, director and chief executive officer, and he provides strong leadership and counsel to the Board. The independent directors regularly attend Board and committee meetings in person or by teleconference, which encourages open, candid discussion. The Audit Committee holds meetings with the external auditors, which also encourages open, candid discussion. The Board as a whole and each director have the resources to engage outside consultants to review matters on which they feel they require independent professional advice.

- (f) *Disclose whether or not the chair of the board is an independent director. If the board has a chair or lead director who is an independent director, disclose the identity of the independent chair or lead director and describe his or her role and responsibilities. If the board has neither a chair nor a lead director who is independent, describe what the board does to provide leadership for its independent directors.*

Michael O'Keeffe is Executive Chairman of the Board and is therefore not independent within the meaning of Section 1.4 of NI 52-110 or Recommendation 2.3 of the ASX Corporate Governance Principles and Recommendations 4^{ed}. Mr. O'Keeffe also served as Chief Executive Officer until the appointment of David Cataford as Chief Executive Officer on April 1, 2019.

Gary Lawler is currently Lead Director, and he is independent within the meaning of Section 1.4 of NI 52-110 and Recommendation 2.3 of the ASX Corporate Governance Principles and Recommendations 4^{ed}.

The Lead Director is responsible for the following:

- serving as a principal liaison between the independent directors and the Chair and between the independent directors and senior management;
- reviewing Board agendas and giving input to the Chair in advance of Board meetings;
- presiding over meetings of the independent directors and communicating the results of these meetings to the Chair, when appropriate; and
- performing the duties of the Chair when there is an actual or potential conflict of interest or when the Chair is absent.

- (g) *Disclose the attendance record of each director for all board meetings held since the beginning of the issuer's most recently completed financial year.*

- ⁽¹⁾ Mr. Beevor was appointed to the Audit Committee and to the Remuneration, People and Governance Committee on October 23, 2024.

2. Board Mandate

- (a) *Disclose the text of the board's written mandate. If the board does not have a written mandate, describe how the board delineates its roles and responsibilities.*

The text of the Board's charter is attached as Schedule "B" to this Circular.

3. Position Descriptions

- (a) *Disclose whether or not the board has developed written position descriptions for the chair and the chair of each board committee. If the board has not developed written position descriptions for the chair and/or the chair of each board committee, briefly describe how the board delineates the role and responsibilities of each such position.*

The written roles and responsibilities of the Chairman of the Board is set out in the Board's charter which is available on the Company's website and is attached as Schedule "B" to this Circular. The charters of the Company's committees include the written role and responsibilities of the chairs of each committee of the Board. These policies are available on the Company's website.

The Chairman of the Board is responsible for providing the necessary direction required for an effective Board, ensuring that all the directors receive timely and accurate information so that they can make informed decisions, ensuring that the Board collectively and individual directors' performance is assessed annually and encouraging active engagement from all members of the Board.

The Chairman of the Board, and the Board as a whole, encourage the chairs of each committee to act in accordance with best practices of corporate governance, with measures ranging from informal advice to more formal governance training.

- (b) *Disclose whether or not the board and CEO have developed a written position description for the CEO. If the board and CEO have not developed such a position description, briefly describe how the board delineates the role and responsibilities of the CEO.*

The Board has developed a mandate for the CEO, which is available on the Company's website. The CEO is familiar with the role and responsibilities of a CEO of a mineral resource company such as the Company, and the Board is willing and able to, and does, provide advice and guidance as required.

4. Orientation and Continuing Education

- (a) *Briefly describe what measures the board takes to orient new directors regarding the role of the board, its committees and its directors; and the nature and operation of the issuer's business.*

New members to the Board receive an induction package which includes the Company's policies and certain public disclosure filings by the Company. Where possible, meetings are held at the Company's facilities, in combination with tours of the premises and presentations by the Company's management and employees to give the directors additional insight into the Company's business. In addition, management of the Company makes itself available for discussion with all members of the Board.

Briefly describe what measures, if any, the board takes to provide continuing education for its directors. If the board does not provide continuing education, describe how the board ensures that its directors maintain the skill and knowledge necessary to meet their obligations as directors.

The Board does not have a formal continuing education program. However, all directors are encouraged to undergo continuing professional development and are provided with the resources and training to address skills gaps where they are identified and to receive continuing education concerning the industry and environment within which the Company operates. In addition, the current members of the Board are experienced directors. Finally, members of the Board may also engage outside consultants at the expense of the Company to review matters on which they feel they require independent professional advice.

5. Ethical Business Conduct

- (a) *Describe whether or not the board has adopted a written code for the directors, officers and employees.*

The Board has adopted a written Code of Conduct for directors, officers and employees of the Company and its subsidiaries.

If the board has adopted a written code:

disclose how a person or company may obtain a copy of the code:

A copy of the Company's Code of Conduct is available on the Company's website and on SEDAR+ at www.sedarplus.ca and may also be obtained from the Company's Secretary at the Company's Montréal office, at 1155 René-Lévesque Blvd. West, Suite 3300, Montréal, Québec, H3B 3X7 Canada.

describe how the board monitors compliance with its code, or if the board does not monitor compliance, explain whether and how the board satisfies itself regarding compliance with its code:

The Board expects management to report to the Board regarding any breaches or concerns with respect to compliance with the Code of Conduct and the Company's policies which are of a material nature, whether or not a satisfactory resolution was already implemented by management, or of which management is aware that are reasonably likely to arise in the foreseeable future and which would be of a material nature. Breaches to the Code of Conduct can also be reported directly to the Board.

provide a cross-reference to any material change report filed since the beginning of the issuer's most recently completed financial year that pertains to any conduct of a director or executive officer that constitutes a departure from the code:

N/A

- (b) *Describe any steps the board takes to ensure directors exercise independent judgment in considering transactions and agreements in respect of which a director or executive officer has a material interest.*

Pursuant to the Code of Conduct, the Board ensures that all directors, officers and employees of the Company conduct themselves in a professional and ethical manner. Each director is required to fully disclose his or her actual or potential conflict of interest with the Company. Once such interest has been disclosed, the Board of Directors can request the director to take reasonable steps to remove the conflict

of interest, failing which such director must absent himself or herself from the room when discussion and voting occur on matters to which the conflict relates unless the Board is satisfied that the interest should not disqualify the director from discussion or voting on the matter.

In addition, the *Corporations Act 2001* [Cth] provides that every director of the Company who has a material personal interest in a matter that relates to the affairs of the Company (which may include a contract or a proposed contract with the Company) shall (unless a specified exemption applies) declare his or her interest at a meeting of the directors of the Company. The Board would expect such a declaration to be made at the first meeting of the directors after the acquisition of the interest, and that such director would not be present while the matter is being considered at a meeting of the directors and not vote as a director in respect of the matter in which he or she has a material personal interest as aforesaid and, if he or she does so vote, his or her vote shall not be counted.

- (c) *Describe any other steps the board takes to encourage and promote a culture of ethical business conduct.*

The Board expects the directors, management and employees of the Company to comply with all statutes, regulations and administrative policies applicable to the Company and expects the management to supervise employees and consultants in such a manner as to be informed of their activities and to promote the free flow of information. Corporate policies include, but are not limited to, matters of corporate disclosure on a timely basis, confidentiality and insider trading restrictions.

The Board of Directors adopted the Share Trading Policy that imposes basic trading restrictions on all employees of the Company and its related companies who possess unpublished price-sensitive information. The Company also observes blackout periods during which the Company's KMP are prohibited from trading in the securities of the Company.

The Board of Directors has also adopted a Whistleblower policy in order to establish procedures for the receipt, retention and treatment of complaints received by the Company regarding, among other things, accounting, internal accounting controls or auditing matters, and for the confidential, anonymous submission by employees of the Company and its subsidiaries and any other eligible whistleblowers under the policy of any complaint or concern regarding such matters. This policy is available on the Company's website.

6. **Nomination of Directors**

- (a) *Describe the process by which the board identifies new candidates for board nomination.*

The Board of Directors considers its size each year when it considers the number of directors to recommend to the Shareholders for election at the annual meeting of Shareholders, taking into account the number required to effectively carry out the duties of the Board of Directors, to maintain a diversity of views and experience and allow a mix of qualifications, skills and expertise.

The Board, with the assistance of the Remuneration, People and Governance Committee, is also responsible for recruiting and recommending candidates for election as directors when necessary. Whenever possible, candidates are interviewed by members of the Board individually and in small groups prior to their nomination for election as directors.

- (b) *Disclose whether or not the board has a nominating committee composed entirely of independent directors. If the board does not have a nominating committee composed entirely of independent directors, describe what steps the board takes to encourage an objective nomination process.*

Board nomination and performance fall under the scope of duties of the Remuneration, People and Governance Committee. The Remuneration, People and Governance Committee is currently composed of four independent non-executive Board members: Gary Lawler (Chair), Michelle Cormier, Louise Grondin and Ronnie Beevor. Mr. Lawler is Chair of the Remuneration, People and Governance Committee.

- (c) *If the board has a nominating committee, describe the responsibilities, powers and operation of the nominating committee.*

The nomination responsibilities of the Remuneration, People and Governance Committee include, among other things: ensuring an appropriate Board selection process takes place in searching for and selecting new directors; developing criteria for Board membership and identifying the factors taken into account in the selection process; identifying and screening candidates for nomination to the Board having regard to any gaps in the skills and experience of the directors on the Board and ensuring that a diverse range of candidates is considered; making recommendations to the Board for committee membership; and ensuring there is an appropriate Board succession plan in place to maintain an appropriate mix of skills, experience, expertise and diversity on the Board.

The Remuneration, People and Governance Committee meetings are held regularly but not less than once a year.

7. **Compensation**

- (a) *Describe the process by which the board determines the compensation for the issuer's directors and officers.*

The Board is responsible for reviewing the compensation of the officers and directors of the Company annually. The total compensation from all sources, including fees, salary, annual performance bonus awards, short-term incentives and longer-term equity-based incentives, is considered in comparison to current market rates offered by companies in similar stages of development, operations, regional geography and of similar size in terms of market capitalization and is intended to remain competitive in order to attract and retain talented and motivated individuals. In making such determinations, the Board gives due consideration to the recommendations of the Company's Remuneration, People and Governance Committee.

- (b) *Disclose whether or not the board has a compensation committee comprised entirely of independent directors. If the board does not have a compensation committee composed entirely of independent directors, describe what steps the board takes to ensure an objective process for determining such compensation.*

Remuneration considerations fall under the scope of duties of the Remuneration, People and Governance Committee. The Remuneration, People and Governance Committee is currently composed of four independent non-executive Board members: Gary Lawler (Chair), Michelle Cormier, Louise Grondin and Ronnie Beevor.

- (c) *If the board has a compensation committee, describe the responsibilities, powers and operation of the compensation committee.*

The compensation responsibilities of the Remuneration, People and Governance Committee include, among other things: assisting the Board in fulfilling its responsibilities in respect of establishing appropriate remuneration levels and policies including incentive policies for directors and senior executives; assessing the market and benchmarking against comparative groups to ensure that senior executives are being rewarded commensurate with their responsibilities; retaining the services of compensation consultants or advisors to assist the Board and the Remuneration, People and Governance Committee in benchmarking and determining executive compensation; setting policies for senior executives' remuneration; reviewing the salary levels of senior executives and making recommendations to the Board on any proposed increases; reviewing the Company's recruitment, retention and termination policies and procedures for senior management; reviewing and making recommendations to the Board on the Company's annual and long-term incentive plans; and reviewing and making recommendations to the Board on the Company's pension or superannuation arrangements.

The Remuneration, People and Governance Committee meetings are held regularly but not less than once every quarter.

8. Other Board Committees

If the board has standing committees other than the audit, compensation and nominating committees, identify the committees and describe their function.

Sustainability and Indigenous Affairs Committee

The Company's Sustainability and Indigenous Affairs Committee is currently composed of three independent non-executive Board members: Louise Grondin (Chair), Michelle Cormier and Jessica McDonald.

The Sustainability and Indigenous Affairs Committee assists the Board of Directors in connection with the monitoring and reviewing of environment, health and safety, community and social risks and supporting the Company's commitment to sustainable and socially responsible resource development, including the Company's relationships and engagement with Indigenous Peoples communities. A copy of the Company's Sustainability and Indigenous Affairs Committee Charter is available on the Company's website.

9. Assessments

Disclose whether or not the board, its committees and individual directors are regularly assessed with respect to their effectiveness and contribution. If assessment are regularly conducted, describe the process used for the assessments. If assessments are not regularly conducted, describe how the board satisfies itself that the board, its committees and its individual directors are performing effectively.

The Company disclosed its evaluation process for the performance of the Board in its Corporate Governance statement which is available on the Company's website at <https://www.championiron.com/corporate-profile/corporate-governance-statement/>. The Board as a whole also discusses and analyses its own performance during the year, including suggestions for change or improvement. Finally, the Board annually reviews the Company's strategy and sets Company and individual performance objectives and will review the necessity of establishing committees and delegating certain of its responsibilities to the committees.

Each of the committees of the Board regularly reports to the Board with respect to its activities and makes its minutes of meetings and supporting information available to the Board. This is intended to allow the Board to evaluate the effectiveness of its committees on an ongoing basis. In addition, the Board reviews, on an annual basis, the necessity of establishing any committees and delegating certain of its responsibilities to the committee and the committees' achievements during the year based on their duties.

10. Director Term Limits and Other Mechanisms of Board Renewal

Disclose whether or not the issuer has adopted term limits for the directors on its board or other mechanisms of board renewal and, if so, include a description of those director term limits or other mechanisms of board renewal. If the issuer has not adopted director term limits or other mechanisms of board renewal, disclose why it has not done so.

The Board has not adopted term limits for directors or other mechanisms of board renewal as it believes that the imposition of director term limits or other mechanisms of board renewal on a board implicitly discounts the value of experience and continuity amongst the board members and runs the risk of excluding experienced and potentially valuable board members as a result of arbitrary determination. The Board believes that it can best strike a balance between continuity and fresh perspectives without mandated term limits or other mechanisms of board renewal.

11. **Policies Regarding the Representation of Women on the Board**

Disclose whether the issuer has adopted a written policy relating to the identification and nomination of women directors. If the issuer has not adopted such a policy, disclose why it has not done so.

If an issuer has adopted a policy, disclose the following in respect of the policy:

- (a) *a short summary of its objectives and key provisions,*
- (b) *the measures taken to ensure that the policy has been effectively implemented,*
- (c) *annual and cumulative progress by the issuer in achieving the objectives of the policy, and*
- (d) *whether and, if so, how the board or its nominating committee measures the effectiveness of the policy.*

The Company adopted a Diversity Policy which outlines the Company's commitment to promoting a culture that is supportive of diversity.

However, at the Company's current stage of operations, while diversity is taken into account, the primary focus of the Company's Remuneration, People and Governance Committee is the identification and selection of directors who have the expertise and skills necessary to assist in the fulfilment of the Company's potential as an expanding high-grade iron ore producer and an exploration and development company.

The Company recognizes that gender diversity is a significant aspect of diversity and acknowledges the important role that women with appropriate and relevant skills and experience can play in contributing to the diversity of perspective on the Board and understands that the ability to draw on a wide range of viewpoints, backgrounds, skills and experience is critical to its success. While the Company has not adopted formal policies regarding the representation of women on the Board, the Company considers diversity to be an important consideration for the selection process.

The Company also recognizes that racial or ethnic diversity is an important aspect of diversity and the board composition currently includes one member that belongs to a racially diverse group.

As the size and scale of the Company continue to grow, the Board expects to adopt policies to ensure diversity, including with respect to the representation of women, as director positions become vacant and appropriately qualified candidates become available.

12. **Consideration of Representation of Women in the Director Identification and Selection Process**

Disclose whether and, if so, how the board or nominating committee considers the level of representation of women on the board in identifying and nominating candidates for election or re-election to the board. If the issuer does not consider the level of representation of women on the board in identifying and nominating candidates for election or re-election to the board, disclose the issuer's reasons for not doing so.

While the Company's Remuneration, People and Governance Committee monitors the level of female representation on the Board and, where appropriate, recruits qualified female candidates as part of the Company's overall recruitment and selection process to fill Board positions as the need arises, through vacancies, growth or otherwise, the primary focus of the Remuneration, People and Governance Committee is the identification and selection of directors who have the expertise and skills necessary for a high-grade iron ore producer and exploration and development company.

13. **Consideration Given to the Representation of Women in Executive Officer Appointment**

Disclose whether and, if so, how the issuer considers the level of representation of women in executive officer positions when making executive officer appointments. If the issuer does not consider the level of representation

of women in executive officer positions when making executive officer appointments, disclose the issuer's reasons for not doing so.

While the Company's Remuneration, People and Governance Committee monitors the level of female representation in management positions and, where appropriate, recruits qualified female candidates as part of the Company's overall recruitment and selection process to fill management positions as the need arises, through vacancies, growth or otherwise, the primary focus of the Remuneration, People and Governance Committee is the identification and selection of executives who have the expertise and skills necessary for a high-grade iron ore producer and exploration and development company.

14. Issuer's Targets Regarding the Representation of Women on the Board and in Executive Officer Positions

Disclose whether the issuer has adopted a target regarding women on the issuer's board. If the issuer has not adopted a target, disclose why it has not done so.

Disclose whether the issuer has adopted a target regarding women in executive officer positions of the issuer. If the issuer has not adopted a target, disclose why it has not done so.

If the issuer has adopted a target, disclose: (i) the target, and (ii) the annual and cumulative progress of the issuer in achieving the target.

The Company has not adopted targets for women on the Board and in executive officer positions. The Board does not foresee the adoption of targets in the immediate future but the Company's diversity policy provides that its strategies include recruiting from a diverse range of candidates for all positions, including senior executive roles and Board positions, encouraging female participation across a range of roles, and reviewing and reporting on the relative proportion of women and men in the workforce at all levels of the Company.

15. Number of Women on the Board and in Executive Positions

Disclose the number and proportion (in percentage terms) of directors on the issuer's board who are women.

As at the date hereof, there are three women on the Company's Board, which equates to a 38% representation.

Disclose the number and proportion (in percentage terms) of executive officers of the issuer, including all major subsidiaries of the issuer, who are women.

As at the date hereof, there is one woman (13%) in an executive officer position.

SCHEDULE "B"
CHAMPION IRON LIMITED
BOARD CHARTER

This charter sets out the role and responsibilities of the Board of Directors (the "Board") of Champion Iron Limited (the "Company"), taking into account the ASX Corporate Governance Principles and Recommendations and National Policy 58-201 - Corporate Governance Guidelines and in compliance with applicable laws and regulations and the Constitution of the Company.

Composition

The composition of the Board is determined using the following principles:

- A majority of the directors must be independent, and must possess a broad range of business expertise; and
- Directors should bring characteristics which allow a mix of qualifications, skills, experience, expertise and diversity on the Board.

Membership of the Board shall be disclosed in the Company's annual report and management proxy circular, including whether a director is independent or not independent. Loss or gain of independence shall be disclosed as applicable.

In determining whether a director is independent, the Board shall consider whether the director has a direct or indirect relationship with the Company which could, in the view of the Board, be reasonably expected to interfere with the exercise of the director's independent judgement and whether the director complies with the other independence requirements set forth in the ASX Corporate Governance Principles and Recommendations and National Instrument 52-110 - Audit Committees.

The Board has developed a Board skills matrix to assist in the assessment of the skills of the Board and the identification of any gaps in the skill set of the Board that is required to be filled. The Board skills matrix shall be reviewed and updated periodically as deemed necessary by the Board.

Role of the Board

The Board's primary role is to manage or supervise management of the business and affairs of the Company. To fulfil this role, the Board is responsible for the stewardship of the Company, oversight of the management and the overall corporate governance of the Company including its strategic direction, establishing goals for management and monitoring the achievement of these goals.

The Board operates within the broad principles and responsibilities described in the following:

- Setting the strategic aims of the Company and overseeing management's performance and the progress and development of the Company's strategic plan, which takes into account, among other things, the opportunities and risks of the business.
- Making sure that the necessary resources (financial and human) are available to the Company and its senior executives to meet its objectives.
- Selecting and appointing suitable directors with the appropriate skills to help the Company in the pursuit of its objectives.
- Succession planning, including appointing, training and monitoring senior management.
- Determining the remuneration policy for the Board members and senior management.
- Overseeing the financial reporting, capital structures and material contracts matters and approving all financial statements and related reports to be filed with securities regulators and/or stock exchanges.

- Maintaining general oversight of the principal risks and opportunities of the Company's business, including those that relate to sustainability matters, and ensuring that sound and effective risk management system and internal controls are in place.
- Setting the Company's mission, vision, values and standards.
- Satisfying itself as to the integrity of senior management and that senior management creates a culture of integrity throughout the Company.
- Undertaking a formal and rigorous review of the corporate governance policies to ensure adherence to the ASX Corporate Governance Council.
- Ensuring that the Company's obligations to shareholders are understood and met.
- Overseeing the Company's commitment to sustainable and socially responsible resource development.
- Ensuring the health, safety and well-being of employees in conjunction with the senior management team, including developing, overseeing and reviewing the effectiveness of the Company's occupational health and safety systems to assure the well-being of all employees.
- Ensuring an adequate system is in place for the proper delegation of duties for the effective operative day to day running of the Company without the Board losing sight of the direction that the Company is taking.
- Any other matter considered desirable and in the interest of the Company.

Roles of Chair and Lead Director

The Chair is responsible for the following:

- Providing the necessary direction required for an effective Board.
- Overseeing the preparation of Board agendas and briefing papers and ensuring that all required matters are brought before the Board and that all the directors receive timely and accurate information so that they can make informed decisions on matters of the Company.
- Encouraging active engagement from all members of the Board.
- Perform such executive functions as shall be conferred upon him by the Board.

To the extent that the Chair is not independent, a Lead Director who is an independent director should be appointed by the Board and be responsible for the following:

- Serving as a principal liaison between the independent directors and the Chair and between the independent directors and senior management.
- Reviewing Board agendas and giving input to the Chair in advance of Board meetings.
- Presiding over meetings of the independent directors and communicating the results of these meetings to the Chair, when appropriate.
- Performing the duties of the Chair when there is an actual or potential conflict of interest or when the Chair is absent.

Role of Corporate Secretary

The Corporate Secretary (also referred to as the Company Secretary) supports the effectiveness of the Board by:

- Conducting and reporting matters of the Board, including the dispatch of Board agendas, briefing papers and minutes.
- Ensuring that compliance systems relating ASX Listing Rules are maintained and the Company and Board adhere to those.
- Monitoring policies and procedures of the Board.
- Providing support and advice to senior management, individual directors, Board committees and the Board in general.

The Corporate Secretary is accountable directly to the Board, through the Chair, on all matters to do with the proper functioning of the Board.

The appointment and removal of the Corporate Secretary is a matter of the Board. If deemed appropriate, the responsibilities of the Corporate Secretary may be shared by two Corporate Secretaries or Company Secretaries appointed by the Board.

Board Meetings

The Board may meet as often as required to fulfil its responsibilities.

The Board shall keep minutes of its meetings. The minutes of each Board meeting shall be drafted by the Corporate Secretary or such other secretary of the meeting as shall be delegated by the Corporate Secretary or appointed by the Board from time to time. The Corporate Secretary shall circulate the minutes of the Board meetings to all Board members for comment and change before being signed by the Chair.

To assist the smooth running of Board processes, Board papers are to be provided to the Board and invitees, where possible, at least 3 days prior to the meeting.

All directors are expected to make every effort to attend all meetings of the Board and meetings of committees of which they are members and to adequately review meeting materials in advance of each meeting.

Board Committees

The Board from time to time establishes committees to assist in carrying out its responsibilities and adopts charters setting out matters relevant to the composition, responsibilities and administration of such committees, and other matters that the Board may consider appropriate.

The standing committees of the Board currently are the Audit Committee, the Remuneration, People and Governance Committee and the Sustainability and Indigenous Affairs Committee, and the Board has adopted a charter for each such committee.

Induction and Education

It is the policy of the Company, that new directors undergo an induction process in which they are given a full briefing on the Company. Where possible this includes meetings with key executives, tours of the mine site and premises, an induction package and presentations. Information conveyed to new directors includes access to a copy of the Company's corporate governance policies, including this charter, and to a copy of the Constitution of the Company, details of Board meeting arrangements and contact information for the Chair, any Lead Director and the Corporate Secretary.

New directors are also provided with letters of appointment to the Board, setting out the key terms and conditions relative to the appointment.

In order to achieve continuing improvement in Board performance, all directors are encouraged to undergo continual professional development. Specifically, directors are provided with the resources and training to address skills gaps where they are identified and to receive continuing education concerning key developments in the Company and in the industry and environment within which the Company operates.

Performance Evaluation

Each year, the Board shall undertake an annual performance evaluation in order, among other things:

- To examine the impact of the effectiveness and contribution of the Board, the Board committees, the Chair, the committee chairs and the other directors, and evaluate their performance against their respective mandates.
- To review and improve on the quality and performance of the entire Board and committee structure.
- The annual performance evaluation shall be led by the Chair or Lead Director, with the assistance of the Remuneration, People and Governance Committee, and shall be conducted in such manner as they deem appropriate.

Independent Professional Advice

The Board collectively and each director has the right to seek independent professional advice at the Company's expense, up to specified limits, to assist them to carry out their responsibilities, subject to the prior approval of the Chair whose approval shall not be unreasonably withheld. If permission is withheld, the matter may be referred to the whole Board.

Board Review and Approval

This charter shall be reviewed annually by the Board. The current version of this charter was approved by the Board on January 29, 2025 (Montréal) / January 30, 2025 (Sydney).
