### **About Astron**

Astron Corporation Limited (ASX: ATR) is an Australian-based company listed on the ASX. With over 35 years of operating history, Astron has been involved in mineral sands processing, downstream product development, and the marketing and sales of zirconium and titanium related products. Astron's prime focus is the development of its large, long-life Donald Rare Earth and Mineral Sands Project in regional Victoria, Australia. In addition to its Australian assets, the Company also conducts a mineral sands trading operation based in Shenyang, China and owns and operates a zircon and titanium chemicals research facility, which includes a mineral separation facility processing mineral concentrate products into final products, in Yingkou, China.
