- **Register by 6 August:** [Visit the Investor Update registration page to register before 6 August 2025.](#)

**31 July 2025 – Perth, Australia** – The Company delivering on the promise to decarbonise the built environment, **ClearVue Technologies Limited (ASX:CPV) (ClearVue or the Company)**, announces its upcoming live investor update meeting on 13 August 2025. ClearVue has recently embarked on a concerted program of cost review, enhanced operational acumen, extended engineering innovation and advancement of global growth through dedicated business development in partnership with licensees and a targeted brand and marketing focus.

*"We look forward to welcoming our investors, board members, partners and the general public to ClearVue's headquarters in Perth," said Mr. Douglas Hunt, Chief Executive Officer, ClearVue Technologies. "Our team is dedicated to ClearVue's mission to dramatically decrease the carbon impact of the built environment while increasing building thermal efficiency and renewable energy generation. Join us to learn how we are advancing ClearVue's financial performance, global partner network, product innovation goals and brand positioning to become a leader in the industry."*

### Investor update objectives:

- Share strategy for global commercial expansion.
- Describe ClearVue's technology development, competitive advantages, and proprietary innovations.

- Introduce ClearVue's revitalised leadership team.
- Provide an overview from each leader on how they will support company growth and creation of shareholder value.
- Present the execution plan for short-term and long-term value creation.

Attendees can expect to hear from six ClearVue leaders including:

- Douglas Hunt, Chief Executive Officer
- Tao Zhang, Chief Operating Officer
- Clifton Smyth, Chief Business Development Officer
- Lisa Dreher, Global Marketing Director
- Christopher Cole, Head of Research and Development
- Georgina Cook, Sustainability Lead

**Doug Hunt**

## ABOUT CLEARVUE TECHNOLOGIES LIMITED

ClearVue Technologies Limited (ASX: CPV; OTCX: CVUEF) is an Australian technology company that integrates solar technology into building façade and rooftop surfaces to provide renewable energy generation and offset the operational carbon footprint of buildings. The Company's advanced, patented glass technology preserves glass transparency maintaining building aesthetics while generating energy.

ClearVue has extended solar energy-generation to vision glass, cladding, spandrel, balustrade, and skylight solutions. These solutions can offset operational energy requirements significantly contributing to the net zero building.

ClearVue's integrated solar façade is revolutionizing the way buildings are designed, constructed, and renovated. Experience how building façades will become a major contributing factor to reducing operational carbon by visiting ClearVue at [www.clearvuepv.com](http://www.clearvuepv.com).
